## What's Happening on Park Ave.

Alterations are taking place along Park Ave. to allow the following things to happen:

- 1.) Better drainage for all properties to the south of Park Ave. We are attempting to divert water flowing from the north away from these properties.
- 2.) Allowing two entrances and exits from the residence in the trailer parks and Park Ave. This will allow emergency vehicles better access to this area.
- 3.) Give the properties adjacent to Park Ave. access to a surveyed municipal street.

Attention: Except for the building and the end of Johnson street, we will not be asking people to move any buildings from their properties.
