Important

Fish filleting remains should be disposed of at our fish cleaning building, located next to the Maintenance Building. Please do not leave remains in your garbage as this attracts birds, rodents, and animals.

Garbage Pickup & Recycle

The Weeks of May 19-22 and October 13-16 are allocated as Cleanup weeks. This is your chance to cleanup that yard. If removal of large items is required i.e. fridge, stove, mattress, there will be a prepay charge as these items have to be hauled to the landfill.

Please knock down all cardboard before placing in the recycle bin and respect the signs as to what should go into the bin.
