

## SSDH EXPLAINER

---

### PURPOSE

---

To help users understand FBA conditions through structure, not behavior. Structures are the environments and systems that shape FBA life outcomes.

**SSDH = Social & Structural Determinants of Health**

---

### THE SIX SSDH DOMAINS

---

#### 1. Economic Stability

Employment access, wage conditions, wealth accumulation, asset protection, and exposure to exploitation.

#### 2. Education Access & Quality

School funding, curriculum exclusion, discriminatory discipline, district boundaries, and educational opportunity loss.

#### 3. Healthcare Access & Quality

Availability of care, treatment bias, insurance barriers, mortality patterns, and medical exploitation.

#### 4. Neighborhood & Built Environment

Housing stability, environmental hazards, transit access, safety conditions, zoning decisions, and land loss.

#### 5. Social & Community Belonging

Trust networks, community ties, intergenerational stability, and the impact of surveillance and displacement.

#### 6. Governance & Policy

Laws, policies, administrative practices, and institutional frameworks that historically targeted or excluded FBAs.

---

## WHAT SSDH IS NOT

---

- ✗ behavior
- ✗ culture
- ✗ personal choice
- ✗ morality

---

## WHY SSDH MUST BE LINEAGE-SPECIFIC

---

- Different historical exposures
- Different policy harms
- Different structural conditions
- Different public health patterns

---
