# Your Future Our Focus

---

**As a sport and education programme, we pride ourselves on providing our students with the highest quality golf and education to allow them to thrive practically on the pitch as well as academically. We are extremely lucky to have Newbury College as our education provider and partner. They provide us with the critical support we need to ensure we continue to have a special and successful college program.**

Through our top-class facilities, resources and structure, our aim is to strengthen the skillset of our students and players, allowing them to follow a variety of pathways into the football and sports industry.

With the golf and sports industries forever expanding, the opportunities and jobs available are becoming limitless. Taking the stepping stones to those pathways starts here at Procision Oxford. This brochure outlines the outstanding provisions we offer as well as the remarkable facilities we have access to, and the significant partnerships that all help to create our esteemed academy. We help students prepare, develop and enhance their performance to ensure they are ready for the wider world. We take our roles as coaches and educators seriously to ensure that no stone is unturned; we will be and need to be positive, role models and use the skills of our personalities to get the best out of individuals to ensure that the players experience is both unique and enriching. Winning is important and we don't want to undervalue this but winning is certainly not the only thing and for us the journey is far more important than the outcome. Our mantra is of making people better themselves. We want to be honest, hardworking, build confidence, take away fear, be patient but most of all inspire and motivate each and every player to achieve goals that they set through standards that we create, here at Procision Oxford.

Sincerely,

*Harley Giles*  
Academy Manager

*Craig Adey*  
Managing Director

*Amy Taylor*  
Head of Education

# The Golf

---

Our programme allows students to train and play golf full-time alongside their academic studies. Through our high-quality coaching and professional environment, we help to ensure that students are able to fulfil their goals on the course and reach their potential. Our students train daily through the working week with the exception of Tuesdays and Wednesdays - Wednesday being competition day. We compete in the AoC Intercollegiate tour along with many competitive fixtures. Sessions can range from; on the course preparation, to strength and conditioning sessions, to analysing techniques thanks to the golf simulator. All this is with the aim of creating an environment where players can flourish, achieve their potential, and enjoy their golfing experience.

## Partner Club

To help ensure our golfers have the best possible chance to improve and develop we have partnered with the best golf club around. Frilford Heath is home to three unbelievable courses which test every golfer each round. It is also home to two shelter driving ranges to allow the ultimate place to fine tune your club skills. It also has two state of the art indoor simulators which are perfect for analysing your skills and techniques.

Frilford is a prestigious golf club which is home to many junior and adult competitions including most recently holding a regional qualifier for the British Open.

# Site and Facilities

---

All our students play and train at the state of the art Frilford Heath golf club. As part of it's facilities, the site offers a three incredible course including the championship red course which was recently used for The Open Championship regional qualifying. Frilford is also home to two driving ranges and two state of the art indoor golf simulators.

## Gym at Park Club

---

As we know, training on the pitch is only one aspect of the life of a golfer. Time away from the pitch is equally as important and we encourage all our students to take up our partnership offer with Park Club Gym to enhance their golfing capabilities. The gym allows players to make use of the available facilities such as the weight room, swimming pool, and have access to a wide range of classes.

# The Old Gaol

---

We have recently moved our headquarters to The Old Gaol located in Abingdon Town Centre. This new investment has allowed us to create another home which has benefited both staff and students. It has provided us with an extra classroom, a hub where students can improve their work and simply an environment where students can feel safe and socialise.

# The Education

---

At Precision Oxford, we provide the opportunity for students (ages 16-19) to combine full-time golf with education in partnership with Newbury College. Alongside the golf, we provide a range of qualifications to students from A-Levels and Level 3 NCFE to Degree qualifications. Our primary focus is the development and education of students both on and off the pitch. To achieve this, our tutors provide the opportunities, pathways and support for young people to help them achieve their full potential in the classroom.

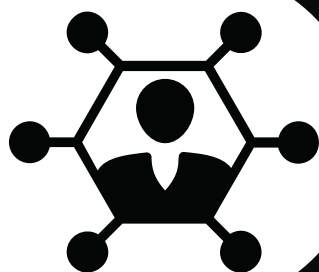

## What and Where Will I Study?

Students can explore a range of qualifications around the sports sector on the programme. These include the following: NCFE Level 2 & 3 Extended Diploma (Level 3 Equivalent to 3 A-Levels), Fitness Courses (L2 Gym Instructor & L3 Personal Training), English and Maths, and the option of going onto study a Degree. All studies take place at our home bas at the Old Gaol.

## How Does It Link To The Golf?

All 18 units of the work are delivered in relation to golf. Whether they are learning about psychology, nutrition or coaching Casey will deliver all relating it back to golf. This is beneficial as their education should give them an added edge to their golf performance. It will also provide a platform to begin to understand various job roles in the world of sport and golf specifically.

## Where Can It Lead To?

Many of the qualifications delivered on the programme allow students to gain a taste across multiple fields in the sports sector such as coaching, anatomy and physiology, analysis, nutrition, journalism and many more. Indeed many of our students have progressed onto university to continue their studies, or into full-time employment.

# 23/34 Success

---

The 23/24 academic year was a brilliant one for us at Procision Oxford. We had two students achieve the highest possible grade getting 18 distinctions out of 18 units, an incredible achievement. Throughout 90 students we achieved a 97% success rate which is a brilliant achievement and way above the national average.

## **Anya Matthewson**

Anya is hopefully the first female member of staff of many to progress through the program. She achieved the best results in the classroom any student of ours has ever achieved, distinction in all 18 units. This is an incredible achievement and one that we are so proud of. She ended up achieving a Distinction Star which is equivalent to achieving three A\*'s at A levels!

## **Freddie Rix**

Our male student of the year, Fred, encapsulates exactly what it means to be a Procision Oxford student. We would never need to worry about his attendance, attitude, or commitment at any stage. On and off the pitch, he worked his hardest to improve every day and lead others to strive for improvement too. He ended the course achieving a Distinction in his work, which is equivalent to three A's at A level!

## **Degree Graduates**

This year we had 4 of our very own graduate through our full pathway. Taylor Bedwell, Casey Highmoor, Luca James and Josh Grant completed there BsC in Sports Coaching Science in the summer. They join an elite group who have progressed through our full pathway from NCFE student to degree student to now being contracted members of staff.

# Degree

---

Procision Oxford, in conjunction with Newbury College, is providing students 18+ with the opportunity to study a unique blended learning degree alongside playing full time golf. This partnership combines the higher education academic expertise of Newbury College with an unrivalled golf development programme that we pride ourselves on at Procision Oxford. It also allows our degree students to take part in work placements with us at the college with our continued support throughout the course to maximise the students academic and golfing potential.

We are extremely proud to run a unique and industry-relevant degree programme.

This unique opportunity allows students to study one of the following degrees:

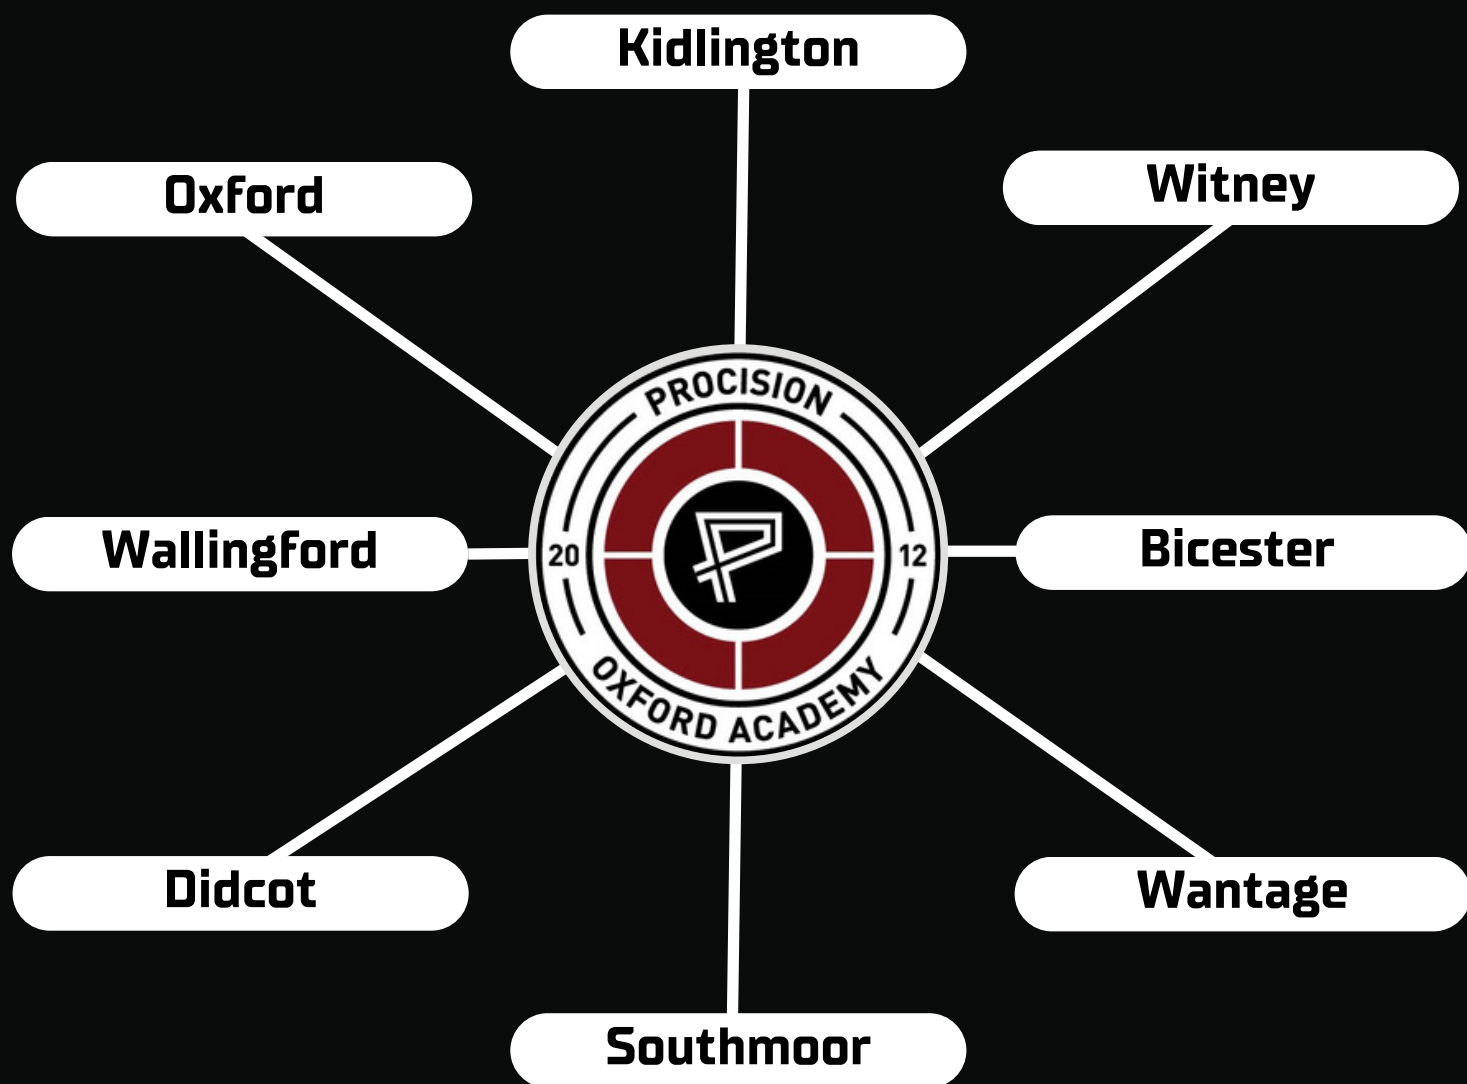

**HNC Coaching**  
**HND Sports Science**  
**BSc Sport & Coaching Science**

These courses provide the whole package, allowing all of our undergraduates to study for an industry-recognised BSc or BA degree, with additional embedded courses, and the opportunity to train and play full time Frilford Heath.

Our offer to the students that enrol on the course with us include the following: Student Loan and Finance, Full Time Golf Training and Match Schedule, Gym Membership, Golf Membership, Level 1 Coaching Qualification.

# Transport for Students

We offer shuttle buses for students to and from the site every day, including to away matches. Our site is easily accessible via public transport with many bus links running regularly to the venue across the Oxfordshire area. Below are just some of the locations across Oxfordshire which have transport links to our headquarters at the Old Gaol in Abingdon.

The nearest train station to our site is Radley train station - a 10 minute drive from The Old Gaol

A bus stop is located directly outside our site which runs a regular service through the day with links across many areas of Oxfordshire, including the locations listed above.

Our site is located off the A34 on the outskirts of Abingdon. There is ample parking at the site.

# A History of Success

---

## ON the Course

At Procision, we pride ourselves on the performances of all our students across both Football and Golf. With our Golf program starting up from August 2024, we have already had success in our first couple events on the AoC Intercollegiate tour. At Cumberwell Park, Alfie Westbrook won the Net event shooting -5, with 2 of our teams having a top 3 finish in the team event. We have also had some success within the Frilford Heath Competitions, with Benji Domanic winning the White tee stapleford on the Red Course with 42 points.

## AND

---

## OFF the Course

Procision not only caters for aspiring golfers but, through our structured education programme, many of our students have gone on to progress to careers within the sports sector including roles as coaches, physiotherapists, journalists, analysts, and more! We are also proud to see so many former students advance into higher education - both going on to external universities and also those who have continued their studies here at Procision Oxford, through our partnership with Loughborough College (please go to the 'Education' section for more information). Whether you already have a particular passion for a sector within the sports industry or you are just keen to explore what options are out there, Procision is the place to help you learn and guide you on the journey through the sporting world.

# Success Stories

‘ I wouldn't be where I am now without the development through the programme.

Jordan Thomas, Cheltenham Town FC

## Jordan Thomas

Jordan has been a part of Precision Oxford for 8 seasons. Following the 22/23 season where he finished as North Leigh's top goal scorer at Step 3 he went on to sign a contract at National League South side, Bath City (Step 2). Since then he has gone on to sign his first professional contract with Cheltenham Town. He has completed a Level 3 (equivalent to 3 A Levels) in Sport and Physical Activity before going on to achieve a HNC and HND. He has now finished his final year of his degree (BSc) whilst also studying to become a qualified tutor. Jordan is now a degree graduate and a professional footballer!

## Casey Highmoor

Casey has been an incredible student, tutor and now lead for the golf element of our course. As a student he achieved our prestigious student of the year award. He then began his degree pathway while climbing up our staffing ladder. He began as a talent team member and began to achieve his teaching qualifications alongside his degree. This allowed him to progress into becoming a tutor on our football program. This academic year he has progressed even further to become our Head of Golf. A role where he is excelling and inspiring our new golfers everyday to be the best they can be.

## Taylor Bedwell

Taylor has been a part of Precision Oxford for 6 seasons. He captained our Didcot Town Youth Team in the FA Youth Cup in the defeat at Fratton Park. He is also captain of Didcot Town's first team, who won promotion to Step 3. Taylor has also captained our title winning North Leigh U19's National Youth Alliance as well as the u23s who have won the national league on back to back occasions. He has now completed his full degree and has just finished his first season being the lead for our girls academy. During this time Taylor has also had experience coaching Abingdon United's Allied Counties side along with an adult female side. He continues to broaden his coaching knowledge in so many different environments. He is also working towards his teaching qualifications as he is now also a lead tutor at the college.

# Talent Team

Our 'Talent Team' staff consist of students that have previously progressed through the programme here at Procision Oxford and who are now employed to help support the wellbeing of students in the classroom and on the football pitch. With their previous experience as former students, they play a pivotal role in supporting the senior staff to ensure that all our students needs are catered for. These roles include: assistant goalkeeping coach, student support, social media promoter, position specific coach etc.

From Left front backwards: [Robbie Gallagher, Charlie Herbert, Liam Webb, Anya Matthewson, Auizzie Pervais Adam Smith]

From the right backwards: [Connor Barrett, Tyler Webb, Noah Parsons, Casey Groves]

# UK & European Tours

---

As part of the programme at Procision, we provide students with the opportunity to travel and play golf across the UK and Europe through our renowned tours. These allow students to experience training and playing competitions in different countries against local sides as well as creating some unforgettable memories in the process. In recent years, trips have included: Barcelona, Malaga and Lisbon.

Our most recent tour being France in November 2024 where we played 3 different courses during the trip.

We have also been on trips in the UK also: including watching the British Masters at the Belfry and watching the BMW at Wentworth.

# Costs, Fees and Kit

---

Aside from our optional golf tours, there are NO FEES for the programme! This includes all training, all education, shuttle bus and travel to and from games.

The only requirement for students is the purchase of training kit, examples of which are provided below.

# Meet the Staff

---

## Craig Adey

Craig is Managing Director of the football programme at Procision. His background in coaching football for decades across the county has led him to the success he has now. He has experience in the running and development of education pathways since coming out of university. He played at Reading FC and has many football clubs within his coaching experience from youth to senior football. His love for football and futsal has allowed him to develop what is now the best football and education pathways in the country.

## Amy Taylor

Amy is Head of Education and the Lead Sports Therapist at Procision Oxford. Highly experienced within football education pathways, she has been part of the academy since the beginning and has worked hard to grow an established and successful football and education programme. Amy has played for clubs including Preston North End and Oxford United as well as local sides in the Oxfordshire area.

## Harley Giles

Having come through the Procision programme himself as a youngster, Harley is now Academy Manager alongside Craig and is the head of Maths and English. He is also a tutor and coach on the programme across both the boys and girls squads. Harley has been at Procision as both student and staff member for over 9 years. He played a key role in Didcot's promotion winning side of 2022/23.

## Casey Highmoor

Casey is now head of our newly formed golf course. Casey has been with us since 2019 and has been outstanding as a student and now staff member. He has a full BSc degree along with his coaching and teaching qualifications. We can't wait for him to develop and inspire our new cohort of golfers on and off the course this academic year.

## Jack Smith

Jack is a UEFA B licensed coach and tutor who has 9 previous years of experience delivering a football education programme at a National League football club. Jack has played at several clubs across the non-league pyramid including Eastleigh, Truro City, and Farnborough. Jack also both coached and played in Melbourne, Australia for the 2022/23 season. He is passionate in helping students reach their potential both on the pitch and in the classroom.
