9. We use the daydayday = day of death to check who dies first. Simply ask your body: " what is daydayday"

or

day, ad,aco

or

ajaer ajaer day

The aim is to check which billionaire or millionaire will die first or early then automatically invoice them us\$1million or us\$100000 respectively for the cure for death the AGT that stops death. We have given 500 of the Bloomberg Billionaire List the AGT in large quantities most 8billion AGT each with the hope to collect the AGT fees in the future. Those who refuse to pay and send us death instead will have their AGT issue revoked. So far I received 2trillion deaths from people I gave the AGT but who don't want to pay but who choose to kill instead and some who say are just testing to check.

10. We have BITDACE in place right now where we take life seriously and make sure that Billionaire's who don't want to live forever when they exited their bodies on the onset of death we then take their bodies and insert our own soul-driver to continue life as if the person has not died. Look in the eyes of all billionaires and millionaires on the INVOICING ALL BILLIONAIRE'S AT THE RISK OF DEATH and ask them where they are.

We are not taking the bodies but preserving them and remove the cause of death eg old age which is missing of enzymes etc and restore everything then ask the deceased person to come back and take his body and continue life. We are also working on BITDACE where we farm bodies without the soul then when a person body is damaged or becomes irreparable I can move this person from his body to a new body and continue life in a young new body.

11. We preserve and buy bodies. We pay for bodies of people who want to die and have bodies we can repair. We then use the daydayday to know when death comes then start 1 year before this date to preserve this body. We give

this person the AGT that removes cancers etc to restore the body in best condition and on day of death help the person exit even if the body is now perfect but the person will have a choice of paying us for repairing his or her body but at a high price in us\$millions to continue life and keep his or her body.

12. INTRODUCE NEW MONEY IN THE SYSTEM CRISPY AND FRESH BITCOINAYT DOLLAR CURRENCY CIRCULATING AS GOLD VOUCHERS.

We increase wealth by making us\$37trillion available to use which is Antarctica official currency. By the way I David Gomadza own ANTARCTICA as YAONEARTH GOD OF THE UNIVERSE.

13. WE INCREASE WEALTH BY OFFERING BITCOIN AND BITCOINAYT CRYPTO CURRENCIES. We will issue Bitcoinayt and Bitcoin including EVELUST EVT the bitcoin for Women.

14. ALL THIS WILL MEAN HUGE SAVINGS FOR PEOPLE INVOLVED.

reduced medical bills

reduced life insurance premiums

less taxes as we refund taxes as the AGT

the AGT makes you young again starting from age 2 meaning another chance to work and make money

we will develop advanced technology and build better brand new houses

better transport systems and start space travel for humans all these encourage working hard with aim to SAVE.

STOP DEATHS CAUSED BY WARS

We will become stricter with leaders at war who get their men killed for political reasons. We are strict with those who get women and kids killed. We are working to stop all wars.

Book overview

Tomorrow's World Order [TWO] is a powerful global world leader to act as an overseer and leader in guiding humanity to the next stage of development through effective laws, clearly defined methods and through the provision of a platform to see that through. We are sovereign in our own right as we are independent of any nation and do not belong to any nation, institution or cult, nor do we represent any nation. We have rights to write our own laws and print our own currency and can enforce our laws which are to be followed and adhered to by everyone. Laws that are universal and meant for all mankind and as such laws that MUST be acknowledged and observed by all mankind. We are a global phenomenon to lead mankind out of the defensive stages towards networking and cooperation as nature intended. We strongly believe that mankind has failed. The current system has crashed and now not fit for purpose and we are here to lead mankind out of the defensive stages simply because for the past seventy years global issues have worsened with global debt in excess of \$244 trillion, with all recent financial crises, poverty, unemployment, climatic change, wars and political instability and all issues to do with inadequate global finances. We strongly believe that the current system has crashed and as such only a new system will ultimately solve today's global problems hence the rise of Tomorrow's World Order. We are here to guide mankind and act as overseer to lay the correct path for mankind to take in order to solve all current and future global problems. For the past 2000 years, mankind has been stuck in the defensive stages where defense plays a key role in whatever mankind does. Where \$1.7 trillion is plowed yearly globally into defense, making weapons and relying on weapons and defense as the drivers of the economy. This has meant mankind opting for the cheaper ways of doing things yet the most destructive ones; killing innocent women and children in the process, making cheaper weapons and using these to get the most expensive resources he can't afford. We strongly think this is not only barbaric but shows that mankind has failed to think out of the box. We as a people are operating below our potential. Mankind's current system is very wasteful, with \$trillion globally plowed into weapons manufacturing and the military at the expense of other areas. Humanity is changing nevertheless at a slow pace and everyone has now realized that we all ought to be networking and cooperating and working towards becoming friends for global peace's sake. Yet mankind still manufactures weapons and invests heavily in the military when the world is moving toward global peace. Who are we going to use the weapons on especially when sworn enemies like the USA and North Korea are now in talking terms? We know the current system crashed years ago with the last financial crises, yet mankind has stuck to this system that is not fit for purpose. We have come up with a global solution to all global problems and our method will emancipate all nations and create wealth levels never

witnessed before. Our system is the only answer to global problems, and we are going to take mankind to the next stage of development creating wealth never witnesses before. Our method works. We believe in national sovereignty as the answer to all global issues. Affordability and the lack of money has meant mankind making cheaper weapons and using these cheaper weapons to get the most expensive resources like oil. This has meant waging wars unnecessarily to make nationalized resources like oil available and cheaper in the process killing thousands of women and children. How can they preach about global peace as the reasons for waging wars and claim to act for global peace's sake when they kill innocent women and children? I ask you a question; What peace? Whose peace? What about the peace of the women and children who died and are still dying because of wars, sanctions and poverty?...
