2025 Executive Summary

25 Years: The Heartbeat of Home

It has been the greatest honor of my professional life to stand alongside you during this milestone year. Behind every statistic in this report are the 251 volunteers and the dedicated staff and board members who bring our mission to life.

In 2025, the world felt heavy. From global conflicts to the rising costs of simple necessities like eggs and heat, the tumultuous waters were real for all of us. Yet every time I felt the weight of those challenges, I looked to this community. You did not just stay the course; you became the light that helped our seniors remain safely at home.

Where the Heart Is

While we felt the pinch of the current economy—facing a \$30,000 shortfall in donations—our resolve has never been stronger. Today, we serve 315 neighbors. To most, they are called recipients, but to us they are members of our family and the keepers of our community's history.

Your kindness and continued support are the reason they can remain in the homes they love, surrounded by their memories and living with their dignity intact.

More Than a Ride

We often talk about transportation, but we are really in the business of connection. I recently spoke with a wonderful woman who receives rides for her macular degeneration treatments. With tears in her eyes, she told me that without her volunteer driver, she would have lost the ability to see her grandchildren's faces. We even had one volunteer offer to drive a recipient nearly 400 miles round trip to a specialist in Ohio.

That is our why.

It is in the 595 Advent gifts that tell a lonely senior they are seen. It is in the miles driven that turn a frightening medical appointment into a conversation between friends. We are making sure that in our town, no one grows old in the shadows as long as we are here to help.

Our Next 25 Years

As we celebrate 25 years since a small dream became this vital reality, we reflect with gratitude on the past while looking ahead with purpose and hope. To keep our promise to these 315 neighbors, we must bridge financial gaps with sustainable, heartfelt support. Guided by our mission and a commitment to responsible stewardship, we will continue working to reach more local seniors who could benefit from these services.

I invite you to visit Laurelfia.org to view our Form 990 and consider joining our circle of monthly givers through the donation link on our website. We use the giving platform Zeffy, and a recurring gift—no matter the size—acts as a steady hand for a senior in need.

Thank you for being the soul of Hearts and Hands Helping Seniors. Because of you, our seniors are exactly where they belong: at home.

Respectfully Submitted,

Amy McLendon

Volunteer Testimonials

Driving seniors to appointments has been one of the most meaningful ways I have volunteered. Something as simple as a ride can make a huge difference. Many of the people I drive would not be able to get to their doctor without this support, and they are always so grateful.

—Bob

I make telephone reassurance calls each week, and the conversations are always different. Sometimes we talk about the weather, sometimes about their grandchildren, and sometimes they just want to know someone is thinking about them. Those small conversations really matter.

—Annette

Knitting for the Advent Angels program has become one of my favorite holiday traditions. It is special to know that something I made by hand will be given to a senior who might need a little extra warmth and kindness during the season.

—Karen

Small acts, when multiplied by millions of people, can transform the world.

—Howard Zinn

Advent Angels

Special Program

Throughout the year, dedicated knitters, crocheters, and sewers share their time and talents to create beautiful handmade gifts for the seniors we serve. Local businesses contribute special treats, and our incredible volunteers personally deliver each thoughtfully prepared package.

As an extra way to spread joy, we also bring gift bags to residents in local care homes, ensuring even more seniors feel remembered during the holiday season.

These simple acts of kindness reflect the true heartbeat of our community—neighbors coming together to remind older adults they are seen, valued, and cared for.

Want to share your talent and brighten a senior's holiday? Become an Advent Angel today.

The gift was wonderful, but what meant the most was knowing someone cared enough to remember me during the holidays.

Local Statistics

Nearly **1 in 4 residents in Westmoreland County is age 65 or older.**

As our community ages, the need for connection, support, and compassionate care continues to grow.

Source: U.S. Census Bureau, American Community Survey 2019–2023 5-Year Estimates for Westmoreland County, Pennsylvania.

Did You Know?

- Nearly **90%** of older adults want to remain in their homes as they age, but many need small amounts of help to do so safely.
- Almost **30%** of adults age 65 and older live alone, increasing the risk of loneliness and isolation.
- More than **1 in 5** older adults eventually stop driving, making transportation a major barrier to care.
- Transportation barriers cause **millions** of missed medical appointments each year.

For many older adults, small acts of support can make the difference between isolation and connection, or dependence and independence.

Hearts and Hands Helping Seniors provides free, volunteer-led services that support the well-being, independence, and connection of older adults in our community. Through programs such as telephone reassurance calls, transportation, and assistance with everyday errands like grocery shopping, our volunteers help seniors remain engaged and supported while reducing the need for paid services. Together, these efforts strengthen community connections and enhance quality of life for the seniors we serve.

Community Connections

Our partnership with Independence Health System continues as we work together to improve the health and wellness of our community.

Since 2005, our program has been grateful to receive funding from this foundation. We deeply appreciate their ongoing support and commitment to our mission.

SAINT VINCENT COLLEGE

Since 2002, Hearts and Hands Helping Seniors has collaborated with the college and its students, who assist with special projects, yard work, and friendly visits, as well as support socialization activities at local nursing homes and senior living facilities.

We value our long-standing connection with the parish community. We are especially grateful for the generous donation of the Grove event space for our annual Volunteer Appreciation Event. Many parishioners also share their time, talents, and resources to support our mission, and we deeply appreciate their kindness and commitment.

Seminary students participate in an ongoing practicum program with Hearts and Hands Helping Seniors, where they earn credit while gaining valuable pastoral experience. Through this program, students are paired with a recipient and meet with them weekly, fostering meaningful connections. We look forward to the continued success and growth of this partnership.

Community Connections

Latrobe Presbyterian Church generously provides office space for our staff and meeting space for board and volunteer gatherings. Both the church staff and parishioners are incredibly supportive of the work of Hearts and Hands Helping Seniors, and we deeply appreciate their ongoing generosity and commitment to our mission.

We are grateful for our continued partnership with the United Way of SWPA. Through the Day of Caring, local business employees volunteer their time to support projects that help recipients remain in their homes.

We also appreciate the United Way's generous annual grant, including this year's \$20,000 award, which helps cover essential day-to-day expenses. Their ongoing support is invaluable to our mission and community impact.

We collaborate closely with the Area Agency on Aging to ensure seniors have access to essential services and information. We also actively participate in a countywide initiative aimed at reducing elder victimization through prevention, education, identification, and prosecution efforts.

Community Connections

Through the Senior Employment Program (SEP) at Westmoreland County Community College, Hearts and Hands Helping Seniors receives dedicated paid office staff who work on-site 16–20 hours per week. We have proudly served as a training site since 2002.

Unity Township Supervisors, Derry Township Supervisors, and City of Latrobe staff provide invaluable support by collecting hundreds of bags of raked leaves from recipients' homes. Their generosity also extends to financial contributions and other resources that help sustain our mission.

The Pittsburgh Foundation and The Community Foundation of Westmoreland County have generously provided grant funding for various initiatives and projects, allowing us to enhance support and improve the lives of our local aging population.
