

On March 1, 2023, Rideau Lakes Radio celebrated their 1st official year of “Rocking the Rideau”

It is hard to believe that it has been a year but here we are. I want to take this opportunity to thank the people who have supported the station by either being an active listener, a VIP member of the station, or a valued advertiser.

Here is what's new around here; we have added in some new shows, some new voices, and some new artists to our station.

Let's talk about our shows.

Our “Mellow Morning” show that plays from 5am to 8am continues to be our morning wake up call. A soft mix of folk and light rock to help you ease into your day.

At 8am “Blues for Breakfast” serves up an hour of tasty blues.

At 9am our flagship classic rock daytime show called “Cottage Wattage” begins. This balanced blend of classic rock music is perfect to play at your workplace, in your home or in the car.

A hidden gem within the Cottage Wattage show is Happy Hour from 2pm to 3pm. Happy Hour is an upbeat hour of music sponsored by Life Is Good, Westport.

From 5pm until 7pm we have an uninterrupted 2 hours of **The Jukebox**, music best served with dinner. The Jukebox is the perfect soundtrack for dinner, it's commercial free. Yup, there is no advertising during the 2-hour show, other than you, it's sponsor. You know, The Jukebox is brought to you by *(your business here)*.

We have added new evening shows and some new weekend shows.

Beginning evenings at 7pm listen to “The Decades”, 4 hours of the greatest music from the greatest decades, playing 10 songs from each decade. The show's voice is Dexter from “Distinguished Voice”, he will accompany you as you enjoy some great music.

We have added in a new show called The Rock Block with Ian Davis that will air twice every Saturday from 3pm to 5pm and 8pm until 10pm.

We are adding in a short talk show called the BUZZ that will fill you in on local events. The BUZZ is sponsored by What's On Westport. The BUZZ will air throughout the week.

The Shed Show is a new project that we are sampling on Saturday's from 11am to 2pm, it's a mix of music, local music, and interviews.

But wait...that's not all, we also added more ways to listen to Rideau Lakes Radio. Here's how you can tune in.

- Using the free LIVE 365 app
- Using the free TUNEIN app
- Using Apple Music
- Using SONOS music
- Using ROKU TV (download the LIVE 365 app)
- On your Wi-Fi Radio
- From our website

So, as you can see, we've been busy around here making Rideau Lakes Radio the best all-around internet radio station, that broadcasts to Canada and the USA. If you have a comment for our station or would like to become an advertiser or supporter of the station, please email me at john@rideaulakesradio.fm or call me, John, at 613-893-4099. We are the official home of shenanigans, hooligans and playing in the pool-agains.
