

Women's Club gets fashionable for a cause

More than 200 women attended the annual Fashion Show and luncheon of the Lord Baltimore Women's Club where more than \$9,000 was raised for LBWC's 2023 scholarship fund, local education programs, veterans' groups and various community organizations that give back to the community. This event was recently held at Bayside Resort Golf Club, featuring fashions from

Chico's in Rehoboth Beach — which were modeled by LBWC members.

LBWC expressed thanks for the local restaurants and business owners, as well as LBWC members that generously donated gifts, gift cards and various services, which were beautifully displayed in the many auction baskets created by a committee of hard-working members.
