

Coronavirus (COVID-19) Company Policy

This policy includes the measures we are taking to minimize the spread of the coronavirus. We kindly ask you to be diligent and follow the rules set forth to maintain a healthy and safe space here at Edgewater Chiropractic Clinic. Is it important for us all to be responsible and transparent to the health precautions. It is very important for us to always treat your private health and personal data with high confidentiality.

This Coronavirus (COVID-19) policy is susceptible to changes as we receive additional government guidelines.

*****This policy applies to all of our employees and patients.*****

Employee Guidelines:

- Wash hands after using the toilet, before eating, if you cough/sneeze, after contact with a patient or the patient rooms and after handling payments. When washing hands follow the 20-second hand washing rule. You can also use the sanitizers provided around the office.
- Avoid touching your face, particularly eyes, nose and mouth with your hands to prevent from getting infected.
- Sanitize all patient tables between patients with approved sanitizers.
- Sanitize office at the beginning of the day, between patients and at the end of the day.
- If you feel ill or are experiencing any flu like symptoms do not come into the clinic.
- If you have a fever or have had a fever within the last 24 hours do not come into the clinic.
- If you have recently returned from areas with a high number of COVID-19 cases (based on the CDC announcements) within the last 14 days do not come into the clinic.
- If you have recently been in contact with someone who may have COVID-19 or does have COVID-19 do not come into the clinic.

Patient Guidelines:

- Wash hands after using the toilet, before eating, if you cough/sneeze, after contact with a patient or the patient rooms and after handling payments. When washing hands follow the 20-second hand washing rule. You can also use the sanitizers provided around the office.
- Avoid touching your face, particularly eyes, nose and mouth with your hands to prevent from getting infected.
- If you feel ill or are experiencing any flu like symptoms do not come into the clinic.
- If you have a fever or have had a fever within the last 24 hours do not come into the clinic.
- If you have recently returned from areas with a high number of COVID-19 cases (based on the CDC announcements) within the last 14 days do not come into the clinic.
- If you have recently been in contact with someone who may have COVID-19 or does have COVID-19 do not come into the clinic.
