Dear Valued Client,

Thank you for your continued business and for trusting Pace® with your environmental and analytical laboratory needs. We recently sent you a notice about a price increase and wanted to send a reminder as we enter the busy season.

On January 1, 2025 a 5.2% price increase will go into effect for Pace® environmental testing and analytical services. Further adjustments will be made to our minimum invoice amount and fees associated with sample disposal and environmental impact.

As always, we are committed to providing you with the best quality data and services in the industry. If you have any questions about these changes, please reach out to your Account Executive.
