We had to postpone our Community Group Training Retreat so we also need to postpone our Community Group signup days. We will publicize new dates once they are confirmed

### **HELP WITH FLOCKNOTE**

Many of you have already received communication from Ministry Team Leaders through Flocknote. Here are some instructions to help you become more familiar with Flocknote and be sure you are getting information in the manner most convenient for you.

- Setting preferences: Do you want to receive communication from St. Pat's via text? Or would you prefer to receive it through email? Do you want to get the weekly newsletter through email, but messages from your ministry team via text? Here's how to set your preferences without creating a login. When you receive an email from St. Pat's through Flocknote, scroll down to the bottom right corner where you will click on "My Info." Then click on "Groups." There you will see the groups you belong to, and next to the group name you will see icons for email, text or phone call. Click how you wish to receive information from that group—gray is off, blue is on.
- Saving your ministry team contacts: When you receive a text message from your ministry team, save that phone number to your contacts. Whenever you need to communicate with your team, you will have the group information at your fingertips. Comes in handy when you need to switch serving days with someone! One text to communicate with the whole team!

We will share more tips as time goes on, but we hope you will take some time to familiarize yourself with Flocknote and the Flocknote app for your mobile phone. You can always go to [help.flocknote.com](http://help.flocknote.com) if you need assistance. And be on the lookout for the weekly newsletter to come to your inbox via Flocknote late September or early October!
