Request stops

Not all trains stop at stations along this route, but they will stop at them upon request. These stations have an **x** in the timetable when the train is due to pass through.

To stop the train whilst waiting at a request stop station - on seeing the train approach the station, raise your hand above your head so that the driver can see that you want the train to stop. In poor light, please raise something bright - but do not shine any bright lights towards the train.

To stop the train at a request stop station whilst on the train - please inform the conductor of the station that you require the train to stop at. The conductor can be found at the rear of the train. Do not use the emergency alarm to stop the train at a station unless there is an actual emergency.

Need the ramp? Travel in the front train.

Many services between Barrow-in-Furness, Preston, Lancaster and Manchester are now run with either 4 or 6 carriages.

If you require the use of the ramp, please travel in the front 2 or 3 carriages as the accessible area will always be available to and from the platform.

Our station information displays will show in both text and as a graphic how many carriages a service has.

Train times

The Lakes Line & West Coast Main Line

Includes Avanti West Coast and TransPennine Express services

Travelling Avanti West Coast or TransPennine Express?

Train times shown for Avanti West Coast and TransPennine Express are those which have been planned to operate during the course of this publication.

Timetables shown for services marked either **TP** or **AC** are still subject to change or may not operate due to ongoing operational challenges both companies continue to experience.

Additionally, during 2023, services to and from Scotland will be disrupted due to major engineering work taking place at Carstairs, between Carlisle and Glasgow/Edinburgh.

Please check your journey before travelling at tpexpress.co.uk or avantiwestcoast.co.uk

Need the ramp? Travel in the front train.

Many services between Barrow-in-Furness, Preston, Lancaster and Manchester are now run with either 4 or 6 carriages.

If you require the use of the ramp, please travel in the front 2 or 3 carriages as the accessible area will always be available to and from the platform.

Our station information displays will show in both text and as a graphic how many carriages a service has.

ORREST HEAD

Follow in the footsteps of Wainwright and enjoy inspiring views of Windermere

Just a short walk from Windermere station, Orrest Head offers some of the most rewarding views of the Lake District, with a panorama of Lake Windermere and the Fells beyond. Visitors have long enjoyed taking in the scenery from the top.

Victorian tourists, arriving by steam train, paid a small fee for a pony and cart to ascend the hill. It inspired the legendary fell walker and writer Alfred Wainwright, and started his love for the Lake District. It remains a very special place to this day.

Following recent work, the path to the summit offers an accessible, step-free walk, suitable for buggies and mobility scooters.

Find out more about the Orrest Head trail, including a full map, photos and directions at www.lakedistrict.gov.uk/orresthead
