Request stops

Not all trains stop at stations along this route, but they will stop at them upon request. These stations have an **x** in the timetable when the train is due to pass through.

To stop the train whilst waiting at a request stop station - on seeing the train approach the station, raise your hand above your head so that the driver can see that you want the train to stop. In poor light, please raise something bright - but do not shine any bright lights towards the train.

To stop the train at a request stop station whilst on the train - please inform the conductor of the station that you require the train to stop at. The conductor can be found at the rear of the train. Do not use the emergency alarm to stop the train at a station unless there is an actual emergency.

Need the ramp? Travel in the front train.

Services between Barrow-in-Furness, Preston, Lancaster and Manchester are run with either 4 or 6 carriages.

If you require the use of the ramp, please travel in the front 2 or 3 carriages as the accessible area will always be available to and from the platform.

Our station information displays will show in both text and as a graphic how many carriages a service has.

Travelling to Silverdale from stations between Barrow-in-Furness and Arnside?

Please ensure that on 4 or 6 carriage trains, **you travel in the rear 2 or 3 carriages of the train** as train doors in the front 2 or 3 carriages will not open at Silverdale.
