

FROM GROWERS TO GROWERS

**SAFE. EASY.
MAINTENANCE-FREE**

Just as humans need oxygen, plants need carbon dioxide to survive and thrive. In indoor gardens, lack of CO₂ limits growth. **CO₂Bag®** boost plant growth, speeding up ripening and maximizing your yield.

The **CO₂Bag®** is a compact and powerful bag producing carbon dioxide for your plants. It is the smallest and the **most effective** solution available on the market.

- ✓ **MAKE HOLES**
- ✓ **HANG**
- ✓ **ENJOY**

CO₂BAG® M **1-3 m²**

CO₂BAG® XL **2-4 m²**

CO₂BAG® lasts 1-4 months depending on your grow space conditions, such as airflow, humidity, temperature.
