# ARABELLA

Arabella marries two of the most pervasive home furniture trends in the last several years – industrial interiors and laid-back luxurious looks – for a result much greater than the sum of two parts. The new direction takes industrial style, which can become cold and stark, and makes it softer and more romantic by anchoring the look in classic French elements with touches of glam and sparkle.

A soft casual finish over Pecky Pecan and Rotary Birch gives a rustic, character-filled and authentic look. The main finish is Pecan and the lighter accent finish is Toffee. The finish is complemented by antique-inspired hardware including kick plates, tear-drop-shaped pendants and ring pulls with back-plates in a time-worn bronze finish.

With the brown finish, an Old World bail pull in antique bronze is used, while antique pewter is used on the white and charcoal finishes, adding a finishing touch of artisan elegance. Delicate hand painting, lattice fretwork, planked-top tables and the use of metal accents add the allure of hand craftsmanship and the romance of soft forms and rich texture.

## BOHÈME

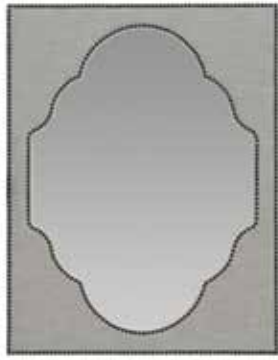

Inspired by the Belgian design aesthetic, Bohème expresses the elegance of simplicity and the essence of comfort.

Lyrical and intentional, Bohème offers a subtle array of three antique gray-white finishes, speaking to Belgium's penchant for all things gray. A neutral palette of gray, blue, white and soft brown blends lyrically with an array of textures and shapes to create Bohème.

The poetic beauty of each piece is unveiled in Bohème through texture, color, piece character and artistic shapes.

Finishes in the furniture collection range from the nearly opaque Antique Milk Paint with a brush-painted effect, to two blue-toned finishes. Mercantile White is an antique gray-white on a medium sand-blasted Poplar, and Grain Sack is linen with plaster applied on top to give the look of a plaster wall. All emanate from Belgium's love affair with neutral gray palettes that many say come from the Belgian sky that is gray most of the year. The use of neutral blue tones is a requirement of Belgian design, and is expressed in Bohème through bold Merino Blue in a slate gray speckled rub-through finish, and Stonewash, an interplay of blue, white and gray on a finely textured surface.

Texture narrates a story that is woven through diverse elements. Deep, neutral, washed Belgian linen fabrics. Textural 'grain sack' linens roughly covered in plaster to evoke the feeling of plaster walls. Smooth stone that is honed rather than polished. Gleaming antique mirror. A zinc tabletop. Perforated metal in a quatrefoil pattern on a console, providing the slightest hint of industrial influence. Zen-like use of circle motifs on a wardrobe, display cabinet and accent chest.

Like the Mediterranean island for which it is named, Corsica is a melting pot of timeless design influences with a sun washed ambience and a casual attitude. Gracefully shaped architectural forms of Italian, French and Belgian origin are accentuated by a wire brushed artisan finish with a reclaimed character.

Corsica the island is rural and laid-back, but also historic, romantic and stylish. Our Corsica bedroom collection reflects that lifestyle in an eclectic ensemble of pieces that could have been gathered from a Parisian brownstone, a Belgian farmhouse, European cottage or grand Italian Palazzo. From the coast to the heartland to the city, Corsica provides livable elegance that is casual yet timeless.

# ELIXIR

Elixir is a casual contemporary collection that, like its name implies, exudes a feeling of comfort, simplicity and well-being. While Elixir has crisp, clean lines, character and visual interest are also achieved through the use of texture. Textural interest comes from the use of lightly sand-blasted walnut veneer, light texture applied to the metal elements along with a hand-carved texture added to the surface of select pieces such as the oval mirror.

# ELIXIR

For more information on Elixir items please see index on page 107.

A serene grey beige main finish, complemented by a cool gray accent color and paired with soft champagne silver metal elements contribute to the soft modern and casual appeal. The bedroom focal point is an upholstered bed featuring a silver gray colored super-soft velvet on the headboard, with an all-around border in the carved texture and accented by a strip of the soft gray accent finish.

The main finish is a timeworn saddle brown that is paired with an anthracite black with light dusty-wax hang up to create a two-tone finish that is as authentic as the countryside from which it emanated. The accent finish was inspired by native Sandstone with characteristic aged black highlights that has been quarried in the Texas Hill Country for centuries. The custom-crafted hardware in an aged pewter finish has shaped back plates and is inspired by hand-wrought ironworks from Texas Hill Country.

## PALISADE

If you embrace modern style but still revere traditional design, and if you seek a contemporary flair but appreciate classic beauty, then the Palisade collection offers you the best of both worlds. Crafted in highly figured Walnut, and Sycamore Maple in patterned veneers, the Palisade Collection blends refined beauty with an eclectic edge. Bring out the eclecticism of Palisade by mixing the walnut and maple finishes in the same room or setting. Adding to the eclectic flavor are a nightstand and accent chest offered in a two-tone walnut and cream finish, and a sophisticated upholstered bed offered in your choice of a taupe or carbon-colored fabric.

## RHAPSODY

Our Rhapsody Collection brings together classic design elements, grand scale and a relaxed rustic finish to create an impassioned marriage of casual opulence.

Exuberant scale and serpentine shapes infuse the pieces with emotion, while timeless motifs like scrolls, rope twist molding and the acanthus leaf anchor Rhapsody in old world charm. Building on the grand scale and classic European design is the defining element of the collection: a walnut-colored finish inspired by the natural yet rustic nature of reclaimed woods in beautiful patinas. Multiple wood veneers include pecky pecan, hickory, walnut, ash and maple over poplar solids, adding character through color variations, knots and striate. In addition to the standard walnut-colored finish, three accent finishes offer stylish looks such as hand painting, tipping and crusting effects over the wood grains.

Details such as chevron veneers and gadrooned edges delight both the eye and the hand.

Xanadu Fabric

Skyline is crafted in a unique combination of highly-figured Cathedral Cherry with Walnut Stringer inlays and African Rosewood borders. With brilliant finish clarity, the beauty of the veneers and the contrast of the dark figured cherry and the natural rosewood tones is revealed. Adding to the contrast is the shimmer of metal accents in a champagne color quatrefoil-shaped hardware, and gold leaf surfaces on selected pieces.

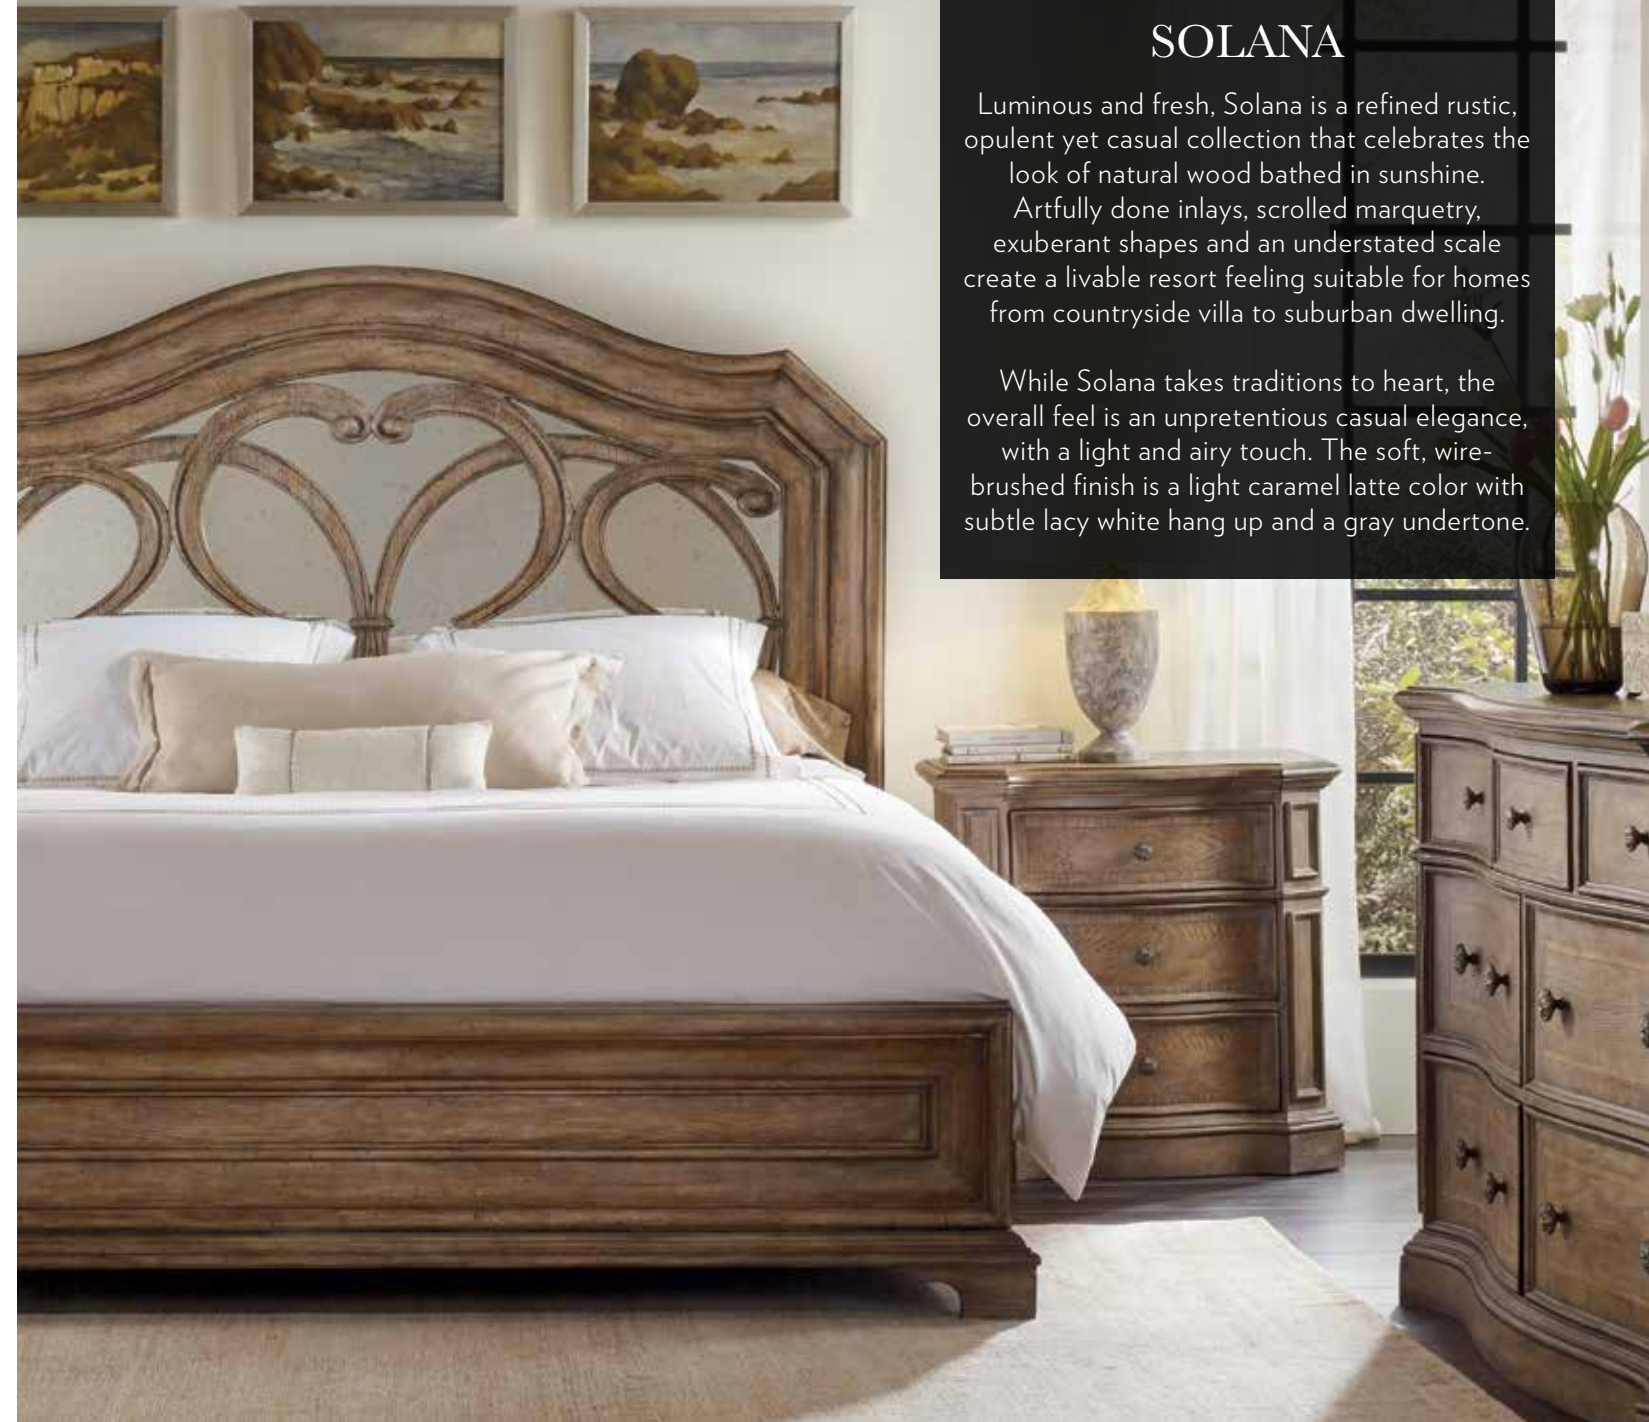

Convex and concave shapes, gold metal ferrules on selected pieces, quatrefoil-shaped hardware and fretwork and an Art Décor influence add to the swanky sophistication and cosmopolitan flair of Skyline.

# SOLANA

Luminous and fresh, Solana is a refined rustic, opulent yet casual collection that celebrates the look of natural wood bathed in sunshine. Artfully done inlays, scrolled marquetry, exuberant shapes and an understated scale create a livable resort feeling suitable for homes from countryside villa to suburban dwelling.

While Solana takes traditions to heart, the overall feel is an unpretentious casual elegance, with a light and airy touch. The soft, wire-brushed finish is a light caramel latte color with subtle lacy white hang up and a gray undertone.

Solana features a soft, casual wire-brushed finish in a natural wood look. The finish color is a light caramel latte with subtle white lacey hang up and a gray undertone. Custom-designed antique pewter hardware has a vintage feel and features a delicate scroll motif.

Mixed media gives a sophisticated casual feel, with mirrored backs on a signature panel bed. Recalling the old world masters' use of marquetry, Solana is an interpretation of inlays done from a 19th Century perspective--- respecting the pedigree of the past yet updated for today. While grand in feeling, Solana has modest and accessible scale, making it a versatile collection suitable for homes and rooms of all sizes.

**Rustic Chic:** It's not about geography, Rustic Chic happens everywhere. It's new furniture designed and made with a reclaimed vibe. All finishes meet in Rustic Chic -- the Mid-Century Modern walnut and Scandinavian Chic weathered finishes -- plus metal and leather on select pieces are also in the lively mix.

**Mid Century Modern:** It's soft modern, but not rigidly interpreted. The low-sheen walnut finish is notable, but we mix it up with metal elements on select pieces and very versatile forms that can move from room to room and mix with other pieces and personas.

**Scandinavian:** The look is organic and modern -- wood finishes are light and thirsty and we've added natural elements like rope and metal on select pieces. Form and function are important. Pieces can be multi-purposed. Scandinavian style stands alone or can mix with other personas so easily.

# TRANSCEND

The Transcend collection from Hooker Furniture is a symphony in the preservation of the natural character of the tree. Each item forms a direct connection between the customer and the forest. All items feature true solid-wood construction, even including the drawer boxes and back panels. A transparent, light cinnamon finish allows all of the beauty of the wood to show through while providing the same durability and protection that Hooker Furniture has been known for since 1924. Metal bases are finished in a soft, lightly antiqued brass that is a subtle compliment to the wood tones. The drawer boxes being made of the same solid Acacia as the outside of the cases are truly exceptional in both their look and their construction. All drawers are mounted on metal ball-bearing drawer guides. Simple lines and understated elements bring the breathtaking organic beauty of Indian Acacia into harmony with contemporary forms.

## TREVISO

Located just north of Venice on the Adriatic Sea, the Italian province of Treviso has produced architectural and artistic treasures since Renaissance times. Traveling to the Province of Treviso is a trip through centuries of history surrounded by green countryside and gentle hills that have been carved by waterways bound for the Adriatic Sea. Treviso has the authentic feel of pieces that have lived a rich life as they aged beautifully through the centuries. The dark macchiato finish with rub-through shows the warmth of the wood and has a soft surface texture to give the appearance of an Old World antique that has aged naturally over time.

Hand-planed surfaces, intricate distressing, soft carving and metal scrollwork on selected pieces combine to create a feeling of romance and wonderful authenticity in Treviso. Treviso's primary finish is a rich, dark macchiato with rub-through that shows the warmth of the wood and has a soft surface texture to give the appearance of a varnish that has aged naturally over time. The accent finish has a rich tobacco coloration that is accented with golden undertones. Custom-made ring pulls with ornate back plates have a hand-forged look in an aged pewter finish.

# TYNCASTLE

Named for the Tynecastle area of Northern England, the Tynecastle Collection is inspired by the manor homes and equestrian life of the English countryside. Crafted from hardwood solids and figured Alder veneers, the collection combines classic Georgian architectural details with more rustic timber-frame elements and leather accents, creating a "manor home to tack room" Hunt Country flavor. Tynecastle receives its pedigree from the romantic images of manor homes brought to mind by the collection, balanced by its more casual elements and the warm, chestnut-colored finish. The use of figured Alder veneers provides a canvas of organic details, naturally present in the wood, to become part of the casual, welcoming chestnut finish.

## Drawer Construction & Operation

- Full height, full depth and full width drawers for maximum storage capacity.
- All drawers have strong, time-tested English or French dovetail construction, for years of problem-free use.
- Plywood drawer bottoms are attached to plywood drawer sides for strength and durability.
- Our top-of-the-line bedroom collections include bottom drawers on major case pieces that are cedar-lined for the aromatic benefit and preservation of clothing.
- Some night stands offer receptacles on the back of a case.

A convenient cord clip avoids one of life's little headaches by holding phone charging cords securely in place so they don't fall behind the nightstand.

## Quality From Start To Finish

Of all the aspects of wood furniture, the finish most visibly reflects its character, quality and style. While the finish is one of the last things we do, it's the first thing you see. That's why at Hooker, we utilize a multiple-step finish process of up to 16 finish steps. This results in an unsurpassed clarity, depth and color richness and durability to our finishes. Through hand-craftsmanship such as rubbing and padding, our finishes "feel" as good as they look, with a smoothness that is delightful to the touch.

## Wood & Veneer Construction

Many of our furniture items are constructed of hardwood solids and veneers or hand-painted finishes over durable wood products such as medium density fiberboard (MDF) and particle board. MDF and particle board are used in quality furniture for areas that need to be stable, such as large surfaces. These durable wood products do not expand and contract with heat and cold and do not absorb moisture as much as solid wood, which results in stronger and longer-lasting furniture. Due to a wide variety of wood species and decorative designs used in our furniture styles, variations in construction are possible.
