## AMERICAN LIFE - ROSLYN COUNTY

From farm-to-décor looks to rustic luxe, American Life evokes a sense of community, easy living and authentic craftsmanship. This classic farm-to-décor collection, Roslyn County offers heirloom quality and hand-crafted appeal with a simple style that demonstrates how Americans are living.

## AMERICAN LIFE - Roslyn County

Trestle bases, planking, rake-back spindles and marquetry add interest to the simple lines of Roslyn County. Metal-bar hardware in an oil-rubbed bronze finish with bolts on the ends complete the look.

Roslyn County is crafted in Walnut and Hickory, waxed and luxurious to the hand.

Embracing authenticity, Roslyn County offers several intentionally 'deconstructed' pieces to create a sincere, approachable style including an upholstered dining bench, counter stool and a host chair. In all of these pieces, exposed rails and beams create drama on the back, allowing the pieces to float in the room. Roslyn County's big-scale pieces will be at home all across America.

## ARABELLA

Our Arabella collection marries two of the most pervasive home furniture trends in the last several years - industrial interiors and laid-back luxurious looks - for a result much greater than the sum of two parts. The new direction takes industrial style, which can become cold and stark, and makes it softer and more romantic by anchoring the look in classic French elements with touches of glam and sparkle.

**ARABELLA** For more information on Arabella items, please see index on page 133.

All cases finished in the white finish have a luxurious heavily-waxed aluminum top for a true French industrial feel. All finishes can be mixed and curated to create the ideal industrial luxe room. Adding to the French industrial feel, the rectangle leg dining table features a metal fretwork inlay and combines the painted charcoal oak veneer finish with the warm wood finish also on oak veneers.

The heavily painted charcoal and warm wood finish are used together to create a two-tone look on most cases and tables where it is used. The hardware features a dark antique bronze finish.

Auberose is crafted in Cathedral and Quartered Hickory, giving a well-worn and tactile appeal. Materials such as iron, Blue Stone and hand painting add character and intrigue. With the brown finish, an Old World bail pull in antique bronze is used, while antique pewter is used on the white and charcoal finishes, adding a finishing touch of artisan elegance.

Delicate hand painting, lattice fretwork, planked-top tables and the use of metal accents add the allure of hand craftsmanship and the romance of soft forms and rich texture.

The shaped buffet in our antique white finish has a handpainted scroll motif on the front and a Bluestone top.

Curata, meaning "curated" in Italian, mixes materials like black nickel, stainless brushed brass and marble with three distinct rustic modern finishes for a simple, yet urbane design. Inspired by timeless shapes and chic materials, Curata exudes a "less is more" feel by spotlighting the design of each piece and giving precise attention to detail.

# CURATA

Sleek shapes, soft curves and mixed materials give a sophisticated and modern simplicity to Curata.

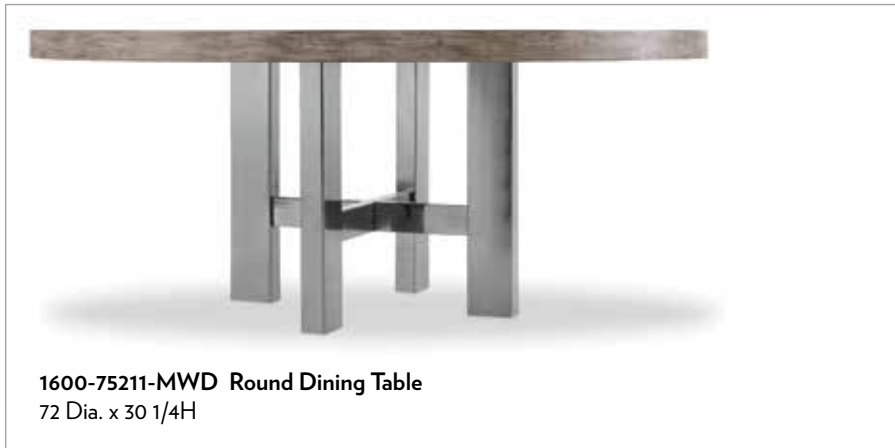

Elements like plated black nickel, stainless brushed brass and marble blend eclectically, and rustic modern finishes exude a cosmopolitan yet natural vibe.

Modern, yet natural finishes mix effortlessly in Curata. They include Midnight, a deep brown and Mountain Modern, a medium greige.

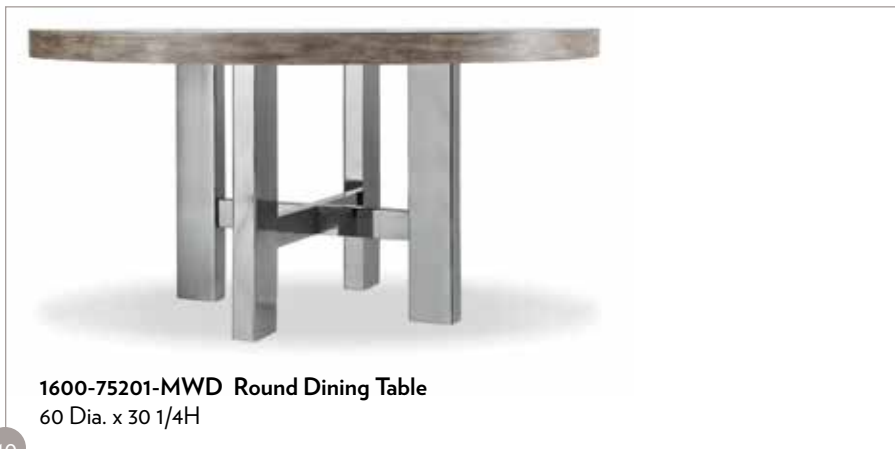

Hardware is a sleek pull in materials such as Lucite and brushed brass, stainless steel or a simple brushed brass knob.

# ELIXIR

Elixir is a casual contemporary collection that, like its name implies, exudes a feeling of comfort, simplicity and well-being. While Elixir has crisp, clean lines, character and visual interest are also achieved through the use of texture. Textural interest comes from the use of lightly sand-blasted walnut veneer, light texture applied to the metal elements along with a hand-carved texture added to the surface of select pieces such as the oval mirror and the round dining table.

For more information on Elixir items, please see index on page 137.

In dining, there are two fashion-forward tables: a glass-top pedestal table with a textured base that can be used with tops from 42" to 54" diameter. The round table is adjustable to either dining or counter height. A 42" x 80" rectangular table with a 20" leaf features a soft brushed brass base and a top with a herringbone pattern veneer. The stunning buffet has a honed stone inlay in the top and a textured starburst pattern carved into the doors. Two dining chair options include a host chair with subtle exposed wood elements and an upholstered side chair with exposed wood framed back with the hand-carved texture in the top rail. A serene grey beige main finish complimented by a soft gray accent finish, applied to lightly sand-blasted walnut veneer for an organic and textured look. Selected pieces have carved textured and patterned veneers. Champagne silver finish on the metal elements and hardware.

## HILL COUNTRY

For more information on Hill Country items, please see index on page 137.

Hill Country is a collection of bedroom, dining, home office and accent furniture crafted of flat-cut rustic white oak veneer that is cracked before the finish is applied to appear seasoned over time. Selected pieces are crafted in a carved "Gambel Oak" motif inspired by the scrub oaks that are so prominent in the American West.

The main finish is a timeworn saddle brown that is paired with an anthracite black with light dusty-wax hang up to create a two-tone finish that is as authentic as the countryside from which it emanated.

The custom-crafted hardware in an aged pewter finish has shaped back plates and is inspired by hand-wrought ironworks from Texas Hill Country.

The Hill Country collection also offers matching bedroom, home office, entertainment, accents and living room items. Please visit our website, [hookerfurniture.com](http://hookerfurniture.com) to see all matching pieces.

## RHAPSODY

How do you marry a passion for opulence with a casual lifestyle? The groundbreaking Rhapsody Collection is the answer, bringing together classic design elements, grand scale and a relaxed rustic finish to create an impassioned marriage of casual opulence. Exuberant scale and serpentine shapes infuse the pieces with emotion, while timeless motifs like scrolls, rope twist molding, the acanthus leaf and fleur de lis anchor Rhapsody in old world charm.

# RHAPSODY

Grand scale, ornate carvings and serpentine shapes infuse Rhapsody with opulence, and timeless motifs like rope twist molding and the acanthus leaf celebrate the collection's traditional European roots--updated for today's lifestyles. Details such as chevron veneers and gadrooned edges delight both the eye and the hand. The original inspiration for Rhapsody was a scroll carving which became a recurring theme throughout the collection used on several signature pieces.

The defining element of the Rhapsody collection is a walnut-colored finish inspired by the natural yet rustic nature of reclaimed woods in beautiful patinas. The mixture of pecky pecan, hickory, walnut ash and maple veneers over poplar solids creates character through variations of color tones in the wood, knots and striate, adding to the natural, casual feel. Rhapsody's custom antique silver hardware includes a decorative pull with a scroll motif, two sizes of carved floral knobs and a custom drawer pull.

Classical design motifs from ancient Europe such as the urn shape used on the round dining table base give a historical resonance to Rhapsody. Adding to this classical pedigree is the recurring theme of the scroll motif, used as a repeated detail across the top of the credenza and even as a motif on the front of the arms of the comfortable upholstered arm chairs.

Other delightful details include acanthus leaf carving around the table base and rope twist molding at the base of the credenza. The credenza features three drawers with a drop front center drawer, four doors with one adjustable wood shelf behind each side door and one adjustable shelf behind the center doors.

## STUDIO 7H

Multiple wood finishes that stand alone or suit up. Metal mingled into the mix. At the end of the day, intriguing Studio 7H personas emerged -- Mid-century Modern, Scandinavian, European traditional with a twist -- all singular and mixable and beautiful.

Scandinavian: The look is organic and modern -- wood finishes are light and thirsty and we've added natural elements like rope and metal on select pieces. Form and function are important. Pieces can be multi-purposed. Scandinavian style stands alone or can mix with other personas so easily.

Mid Century Modern: It's soft modern, but not rigidly interpreted. The low-sheen walnut finish is notable, but we mix it up with metal elements on select pieces and very versatile forms that can move from room to room and mix with other pieces and personas.

## Quality From Start To Finish

Of all the aspects of wood furniture, the finish most visibly reflects its character, quality and style. While the finish is one of the last things we do, it's the first thing you see. That's why at Hooker, we utilize a multiple-step finish process of up to 16 finish steps. This results in an unsurpassed clarity, depth and color richness and durability to our finishes. Through hand-craftsmanship such as rubbing and padding, our finishes "feel" as good as they look, with a smoothness that is delightful to the touch.

## Wood & Veneer Construction

Many of our furniture items are constructed of hardwood solids and veneers or hand-painted finishes over durable wood products such as medium density fiberboard (MDF) and particle board. MDF and particle board are used in quality furniture for areas that need to be stable, such as large surfaces. These durable wood products do not expand and contract with heat and cold and do not absorb moisture as much as solid wood, which results in stronger and longer-lasting furniture. Due to a wide variety of wood species and decorative designs used in our furniture styles, variations in construction are possible.
