HOW TO WRITE A BRADINGTON-YOUNG ORDER

1 CONDITIONS OF SALE: Merchandise is manufactured to customer's specifications **CANCELLATIONS WILL NOT BE ACCEPTED AFTER A STYLE(LINE-ITEM) ON AN ORDER IS SCHEDULED FOR PRODUCTION!** Prices, Dimensions and Manufacturing Specifications are subject to change without notice.

2 TERMS: Our standard terms are Net 30, unless otherwise specified.

3 CALIFORNIA TB117-2013 FLAMMABILITY CODE: All styles meet California TB117-2013 Flammability Code

4 ORDER INFORMATION REQUIRED: The following information should be included with any order to avoid delays in processing and to insure that you receive what you wanted:

- | | |
|---|---|
| * Dealer Name | * Description |
| * Dealer Billing Address | * Cover Number (xxxx-xx)/Numbers (combo) |
| * Dealer Ship to Address | * Finish choice |
| * Any Special Instructions including routing | * Nail choice (if available) |
| * Quantity | * Any other options requested |
| * Style Number | |
- (Sectional Seating by design pieces require 2 specified options)

* **Orders:** Our orders are entered by style numbers, not names. We make every effort to proof all orders for errors but we request that you carefully review your order acknowledgement for accuracy.

You may send your order via email to: byorders@hookerfurniture.com

5 BRADINGTON-YOUNG WOOD FINISHES: Below is a list of our available wood finishes.

- * **Casablanca (CB)** Deep rich brown with flyspecks and hand distressing.
- * **Espresso (ES)** Umber in color with no specks or hand distressing.
- * **Cobblestone (CO)** Deep rich taupe/brown in color accented by medium dry brushing and distressing.
- * **Mahogany (MH)** One coat of dark brown stain.
- * **New Classiques (NC)** Medium Brown in color with dark light highlights and light flyspecks.
- * **Plantation (PL)** Deep rich brown in color. No distressing or flyspecks.
- * **Satin Black (SB)** One coat of black enamel.
- * **Stone (ST)** Warm gray tones accented by dry hand brushing.

Any order received without a specified finish will be produced in our standard finish: (Mahogany) unless the standard for that style is listed otherwise.

6 BRADINGTON-YOUNG DECORATIVE NAIL FINISHES: Below is a list of our available nail finishes.

All of our nails are available in 4 sizes. Any deviation from the standard size for each style will result in an upcharge.

- | | |
|------------------------------|------------------------|
| * Antique (AN) | * Nickel (NI) |
| * French Natural (FN) | * Old Gold (OG) |
| * Gunmetal (GM) | * Pewter (PN) |
| * Natural (BN) | |

Any order received without a specified nail finish will be produced in our standard nail finish: Natural unless the standard nail finish for that style is listed otherwise.

A change in size from the standard nail for any given style will require an upcharge per piece unless that style cannot be produced with an alternate size nail.

CONSTRUCTION STORY INSIDE AND OUTSIDE

FRAME: Multi-ply, 7/8" engineered laminated hardwood frames are precision machined for an exact fit. Mortise and Tenon joints are reinforced with cross-banding to create frames with superior dimensional stability.

SEAT DECK: Motion styles utilize a rigid bar spring unit that evenly distributes the weight load offering unparalleled seating comfort for our reclining chairs. Stationary styles employ double-cone coil springs that are eight-way hand tied and then secured to polypropylene webbing that is reinforced with steel banded grids for additional support.

SEAT CUSHIONS: Standard seat cushioning is style specific and consists of one of three offerings:

HR FOAM: A high resilient (HR) polyurethane core cut to boxing size and wrapped in a layer of polyester fiber. The fiber-wrapped core is then topped with a channeled envelope generously filled with virgin polyester fibers encased in a down-proof muslin ticking providing a slow release of air for the occupant.

PREMIER DOWN: These cushions are constructed from a two-tier foam foundation. The bottom layer is firm for lasting support and the top layer is soft for sink-in comfort. The cushions are then wrapped in a down proof ticking filled with a generous blend of down, feathers and fibers. This cushion is designed to relax and "puddle" for a luxurious, lived-in look that complements our more casually styled offerings.

SPRING DOWN: Cushions consist of a 4 1/2" MARSHALL coil unit encased in premium foam. The cushion is then wrapped with a low-melt fiber on top and bottom. The Spring Down cushion is then surrounded by a down-proof ticking filled with a luxurious blend of down, feathers and fibers. This cushion is designed to provide superior comfort combined with great resiliency.

BACK AND HEAD PILLOWS: Filled with 100% virgin polyester fibers enclosed in a special ticking designed to provide pillow-soft comfort.

RECLINING MECHANISMS: Heavy gauge, high tensile strength steel is used to create mechanisms that provide years of trouble-free operation. Our mechanisms are secured to the frames using a welded steel chassis assembly for superior strength and stability. All reclining styles and certain comfort loungers are also available with a motorized (power) option (excluding certain comfort loungers and swivel gliders). Standard Power on these styles will use a Power Button (PB). Battery Pack option for all Power Recliner Mechanisms uses a Power Battery Pack Button (BB). **All Wall-Hugger styles (7000 Series), Comfort Loungers and Varitilts** (non-power) have an inside mechanism release located between the seat deck and the inside arm. For Wallhugger and Swivel Glider recliners, a new Outside release option is now available.

INTERIOR FILLING: Pattern cut urethane foam is padded with polyester fibers for increased comfort, loft, resilience and shape retention.

OUTSIDE PADDING: For quality tailoring and durability, the outsides of our offerings are padded with strong bonded fibers.

STANDARD MATTRESS

The manufacturer's standard mattress (-79) is a queen size (60" X 72") featuring 6-inch innerspring coils, 13 across and 10 length-wise, for a total of 130 coils. The mattress is 5 1/2" thick and features the finest materials standard in the furniture industry today. See individual styles for pricing.

AIR DREAM MATTRESS

The manufacturer's air dream ultra-mattress (-69) is a queen size (60" x 72") featuring a 6" Air bladder and a total of 276 coils. The mattress is 10" fully inflated, 5" deflated and features the finest materials standard in the furniture industry today.

FIRE RETARDANCE

We are following the studied recommendations of the TB117-2013 in engineering our materials so that we can reduce the possible ignition of a burning cigarette. **Care needs to be exerted by all in order to prevent needless fires.**

Dimensions for each style are listed in the body of the price list grid. Please note these dimensions are approximate and may vary up to 2 inches because each style is handmade.

MANUFACTURER'S WARRANTY

RECLINING MECHANISMS AND SPRINGS: Bradington-Young warrants to you, the original retail purchaser, protection against defective materials or workmanship for a period of five (5) years from the original date of purchase, based on reasonable use. Bradington-Young will, at its discretion, repair or replace the part of the mechanism that is defective. After the first year of use, the mechanism warranty covers replacement parts only and does not cover any associated labor or shipping costs.

FRAME PARTS: Bradington-Young warrants to you, the original retail purchaser, protection against materials or workmanship for the useful life of the product, as long as it remains upholstered in the original covering and is used under normal conditions. Bradington-Young will, at its discretion, repair or replace the part that is defective. After the first year of use, the frame warranty covers replacement parts only and does not cover any associated labor or shipping costs.

FILLING MATERIALS: Bradington-Young warrants to you, the original retail purchaser, protection against defective materials or workmanship of the inside back filler, padding and other filling materials for a period of one (1) year from the date of original retail purchase. Compression of filling materials with use is normal and should not be considered loss of resiliency.

CUSHION CORES: Bradington-Young warrants to you, the original retail purchaser, protection against abnormal loss of resiliency for the useful life of the product, as long as it remains upholstered in the original covering and is used under normal conditions. Some softening and flattening of the foam core and fiber/feather wraps should be expected and will not be considered defective. After the first year of use, the cushion core warranty covers replacement cores only and does not cover any associated labor or shipping costs.

POWER RECLINE: Bradington-Young warrants to you, the original retail purchaser, protection against a defective power recline mechanism for a period of (3) years from the date of original retail purchase. Bradington-Young will, at its discretion, repair or replace the part of the mechanism that is defective. After the first year of use, the mechanism warranty only covers replacement parts and does not cover any associated labor or shipping costs. Please understand that Bradington-Young will invoice you for the new parts but will be glad to credit you for the old parts if returned within 30 days.

BATTERY PACK (POWER RECLINER OPTION): Bradington-Young warrants to you, the original retail purchaser, protection against a defective battery pack associated with the power recliner option for a period of one (1) year from the original date of purchase. The mechanism warranty only covers replacement parts and does not cover any associated labor or shipping costs. Battery packs recharge in 8 hours, have approximately 200 full cycles per charge with approximately 400 recharge cycles. These can retro-fit to past motors and control boxes (cable needed).

CLAIMS: To make a claim under this Warranty, contact the dealer from whom the product was purchased with your dated proof of purchase. If the dealer finds return to the factory to be necessary, repair or replacement of defective parts will be made through the dealer during the first year at no cost to the customer, except for the cost of packing and shipping to and from the factory. **After the first year of purchase, the above warranty covers REPLACEMENT PARTS ONLY and does not cover labor or shipping costs of parts. After the first three years, the mechanism must be returned to Bradington-Young in order to take advantage of the Warranty.**

WARRANTY LIMITATIONS: This warranty does **NOT** include:

- The wearing quality, durability, and color fastness of **FABRICS OR LEATHERS**.
- Any condition resulting from incorrect or inadequate maintenance, cleaning or care.
- Any condition resulting from other than ordinary residential wear, or from any use for which the product was not designed.
- Bradington-Young is **NOT** responsible for fading or discoloration of leather due to sunlight (direct or indirect) or body oils.
- Bradington-Young is **NOT** responsible for pickup and delivery charges for local repairs or inspections under the above warranty.
- Any condition resulting from the use of an aftermarket cleaning/conditioning product.

Bradington-Young's obligation under this Warranty is limited to repair or replacement in accordance with the terms of this warranty. There are no warranties, either expressed or implied, offered by Bradington-Young other than those herein described. Coverage under this Warranty does not include incidental or consequential damages other than the coverage described above. Some states do not allow limitation on how long an implied warranty lasts or the exclusion or limitation of incidental or consequential damages, so the above limitations or exclusions may not apply to you. This warranty gives you specific legal rights, and you may also have other rights, which vary from state to state. Any questions concerning the product or this Warranty should be addressed to Bradington-Young Attn: Director of Customer Service; 1340 14th Ave Ct SW, Hickory, NC 28602.

To avoid problems, written authorization from the factory is needed before the return of merchandise for any reason. All inquiries should be sent to the following address: **Bradington-Young, Attention: Parts & Service, 1340 14th Ave Ct Sw, Hickory, NC 28602. Phone: 276-656-3322 and Fax: 1-800-388-2289 or email us at: by@hookerfurniture.com.** Authorization for local repairs of goods manufactured by Bradington-Young must be obtained from the Bradington-Young Parts & Service department, prior to repairs.

Certificate of Compliance (COC) Customer's-Own-Material (COM) Orders for California Required for each COM order unless we have a Permanent COC on file^(A)

Reference Order# _____ Date _____

I, (name) _____ an officer at (Company name) _____ certify that this COM order **Is Not** being produced for a dealer, business, or consumer in California?

Signature _____ Corp Title _____ Date _____

If the answer "Is Not" for California, then return this form completed with the information above with your COM order. There is no further action required.

If the answer "IS" for a dealer, business, or consumer in California, then the following certification must be completed and returned.

In recent years, there has been increasing concern by some scientists and consumers about the use of flame retardant chemicals. Until more research can be done to show the benefits and safety from these chemicals, Hooker Furniture has chosen to avoid materials with these chemicals. As a requirement of California's laws governing TB117-2013, SB1019, and Upholstery Law Licenses, we must have documentation supporting that no added flame retardants were added to your COM materials for the order referenced above. There is an option available for COM materials that were obtained in such a way to not know if added flame retardant chemicals were used.^(B) Please complete and return the following:

I, (name) _____ an officer at (Company name) _____ certify that the Customer Owned Materials (COM) supplied to Hooker Furniture Corporation, its divisions and/or subsidiaries (hereinafter collectively referred to as "Hooker Furniture") by our Company for the order referenced above either does not contain added flame retardant chemicals or it is not known if the COM material has flame retardant chemicals? **(Check one box)**

I also certify that the COM fabric/leather has PASSED or FAILED^(C) section 1 of California TB117-2013, or the test results are not known^(D) **(Check one box)**. I further agree that our company (the Indemnitor) agree(s) to indemnify and hold harmless Hooker Furniture and their officers, employees, and agents (Indemnitees) from any and all claims, liabilities, demands, suits, causes of actions or proceedings of any kind or nature, losses or damages including attorneys' fees and costs of defense, that may result from any Customer Owned Materials (COM) supplied directly from or on behalf of our business or client(s).

Signature _____ Corp Title _____ Date _____

A) Contact Customer Relations or your Account Representative for more information about Permanent COC options.

B) California requires the TB117-2013 label to show contain added flame retardant chemicals without documentation to show no added flame retardant chemicals were used in the COM materials.

C) Fabrics/leathers that fail TB117-2013 Section 1 will require additional charges - Contact Customer Relations

D) 3rd party testing lab charges and added time will be required when TB117-2013 section 1 test results are not known.

Decorative / Cocktail Ottoman Contrasting Leather Band Charges

Fabric Price + \$495 for Any Graded Leather OR Decorative Leather Band

Choose a Recliner series.....Sit Back.....Relax and Enjoy!!!

3000 Series: 3-way Lounger

Simply push on the arms to recline. You can upgrade to Power recline (at an upcharge) to activate your recliner with the soft-touch power button (linked to transformer that plugs in the wall) or to a battery pack. Distance needed to fully recline: 14" to 17"

4000 Series: Hi-Leg Lounger

Simply push on the arms to recline. You can upgrade to Power Recline (at an upcharge) to activate your recliner with the soft-touch power button (linked to transformer that plugs in the wall) or to a battery pack. A Hi-Leg recliner is generally higher off the floor than our 3000 series recliners which allows this recliner to feature an extra small footrest, making this ideal for taller people. Distance needed to fully recline: 14" to 19"

7000 Series: Wallhugger Series (Wallsaver)

A Wallhugger (wallsaver) is a recliner in which you use an activator to recline. The standard activator is a door-latch Outside release or you may choose the optional inside handle release. You can upgrade (at an upcharge) to the soft-touch power button (linked to transformer that plugs in the wall) or to a battery pack. A Wallhugger recliner only needs to be approximately 4" from the wall to fully recline. You can also upgrade to a Swivel Glider Recliner in all 7000 Series chairs (available in manual or power).

Soft Touch Power/Motion Button (PB / MB)

Actual size: 2 5/8" x 1 1/4"

Power Headrest Power/Motion Button (PB / MB)

Actual size: 3 1/4" x 2"

Transformer (on left) included with PB upcharge. Battery Pack (on right) both included w/BB upcharge Both types of power recliners use the transformer/battery pack shown above.

Luxury Motion Seating Program – Power Footrest

Luxury Motion....Your Way

To create your own Motion Sofa or Sectional....choose the following options....

- One of our style designs featured below
- Your Cover
- Your Finish: Choose from one of our 8 Premium Wood Finishes
- Your Nail Head Trim: Choose from one of our 7 Nail Head Finishes

All pieces in the program are designed with the same engineered hardwood frame construction, featuring a sinuous wire spring system. The standard seat cushion is Spring-Down that provides optimum seating comfort and lasting quality. Each piece features semi-attached back pillows. All of the styles are available in leather, leather & fabric combination, or all fabric.

Style 916 – Newman Series: Casual Pub back style with a teardrop roll arm
(Available with nail head trim)

Style 920 – Whitaker Series: Casual, traditional style with a pleated panel arm
(Available with nail head trim)

Style 922 – Connery Series: Tailored, transitional style with a track arm
(Nail head Trim UNAVAILABLE)

Style 930 – Armando Series: Traditional style with a scooped roll arm
(Available with nail head trim)

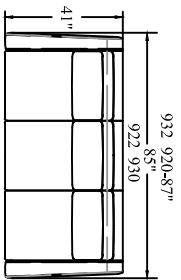

Style 932 – Kerley Series: Transitional Metropolitan Arm (Available with Nail head trim)

All styles offer multiple configurations. Line drawings and dimensions of the various pieces that are available in the collection are shown on the next 2 pages. The full range of components allow for a wide variety of configurations, thus providing the ability to fit in almost any scale of room.

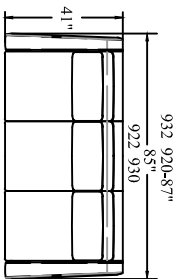

***** Important Information for configuring your selection *****

Reclining SKUs can connect to other reclining SKUs, however due to the additional frame panel this will create a 3/4" gap on the back of the frame if the configuration is designed to connect them. Motion seats are not designed to connect exactly to other motion seats. Please make sure when designing your configuration selection that you keep this in mind:

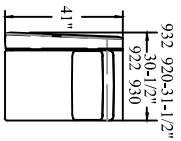

For example: Use the (-70) Double Reclining Loveseat SKU versus trying to connect a (-17) LAF recliner with a (-18) RAF recliner when configuring a dual-seat motion loveseat.

Luxury Motion Seating Program – Power Footrest & Headrest

Luxury Motion with Power Headrests....Your Way

To create your own Motion Sofa or Sectional....choose the following options....

- One of our style designs featured below
- Your Cover
- Your Finish: Choose from one of our 8 Premium Wood Finishes
- Your Nail Head Trim: Choose from one of our 7 Nail Head Finishes

All pieces in the program are designed with the same engineered hardwood frame construction, featuring a sinuous wire spring system. The standard seat cushion is Spring-Down that provides optimum seating comfort and lasting quality. Each piece features semi-attached back pillows. All of the styles are available in leather, leather & fabric combination, or all fabric.

Style 960 – Imagine Series: Transitional two-piece back style with an extended arm panel (Available with nail head trim)

Style 962 – Discovery Series: Traditional pub back style with a roll arm (Available with nail head trim)

Style 964 – Cadence Series: Tailored, transitional style with a scalloped arm (Nail head Trim UNAVAILABLE)

Style 966 – Santori Series: Transitional style with a key arm (Available with nail head trim)

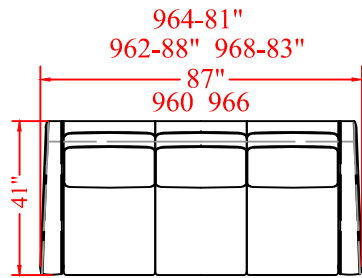

Style 968 – Nicoletta Series: Transitional Track Arm (Standard with Nail head trim, No nail version also available)

All styles offer multiple configurations. Line drawings and dimensions of the various pieces that are available in the collection are shown on the next 2 pages. The full range of components allow for a wide variety of configurations, thus providing the ability to fit in almost any scale of room.

***** Important Information for configuring your selection *****

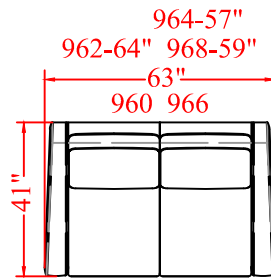

Reclining SKUs can connect to other reclining SKUs, however, motion items have an additional frame panel which would create a ¾" gap on the back of the frame if the configuration is designed to connect them. Motion seats are not designed to connect precisely to other motion seats. Please make sure when designing your configuration selection that you keep this in mind:

For example: Use the (-70) Double Reclining Loveseat SKU versus trying to connect a (-17) LAF recliner with a (-18) RAF recliner when configuring a dual-seat motion loveseat.

Fabric/Leather Collage Recliner Program

1. Choose any Recliner
2. Choose the Primary Cover (Grades I - III) for Outside areas (Outarm, Outback etc.)
3. Choose any inside fabric for the Inside areas (Inback, Seat Cushions etc.)
4. Choose any leather.

Price at \$339 off the leather price based on the grade of leather chosen in #4

(If a Grade IV - VI Fabric is chosen for Base - all leather price applies based on leather choice in #4)

*** Please note: Fabric/Leather Placement remains the same on each style regardless of the fabric leather choice. If placement is changed in any way, please refer to the all leather pricing for that style.

Fabric/Leather Collage Sofa Program

Base: Leather / Seats and Backs: Fabric / Includes (2) 22" Pillows and (2) 20" Pillows

1. Choose any sofa
2. Choose a Fabric (Grades I - III) for seats and backs
3. Choose the leather for the base of the frame
4. Choose any fabric for Large Pillows (2 - 22") and Medium Pillows (2 - 20")

Price at the all leather price based on the Grade of leather chosen in #3

Sectional Seating by Design Guidelines

**** DESIGN YOUR OWN COLLAGE ****

1. Choose a body cloth (Fabric Grades I - III): Outarms, Outbacks, Inside Seats and Backs
2. Choose Any Leather
3. Pillows: Choose 1 or 2 Pillow Fabrics (sofa, loveseat & sectional orders only)

Sectional Orders include (6) 22" Pillows (2 sets of 3)

Sofa Orders include (4) 22" Pillows (2 sets of 2)

Loveseat Orders include (2) 22" Pillows (1 set of 2)

*** 223 & 226 Arm Styles: Leather Parts include Outarm**

*** Graded Leather Price (dependent upon grade of leather selection) applies when orders deviate from Standard Collage Placement or outside body cloth guidelines ***

Sectional Seating by Design

Sectional Seating by Design allows you to choose:

- Your Configuration
- Your Arm
- Nail Head Trim
- Turned Leg (Bun Foot) or a Tapered Leg
- Your Finish
- Double-Needle or Welt

**** Armless and one-armed pieces are not “finished” on the side where there is not an arm. Can be done for an upcharge ****

All pieces in the program are designed with the same engineered hardwood frame construction, featuring a bench-made eight-way hand-tied spring system. The seating consists of a blend-down cushion that provides optimum seating comfort. Each piece features loose back cushions that are firmly secured with Velcro. This allows the backs to be removed and fluffed for continued comfort and appeal. All of the styles are available in leather, leather & fabric combination, or all fabric.

Style 220, 3220 – WARNER Series: Scooped Panel Arm with Nail Head Trim

Style 221, 3221 – STERLING Series: Bombay Arm with Nail Head Trim

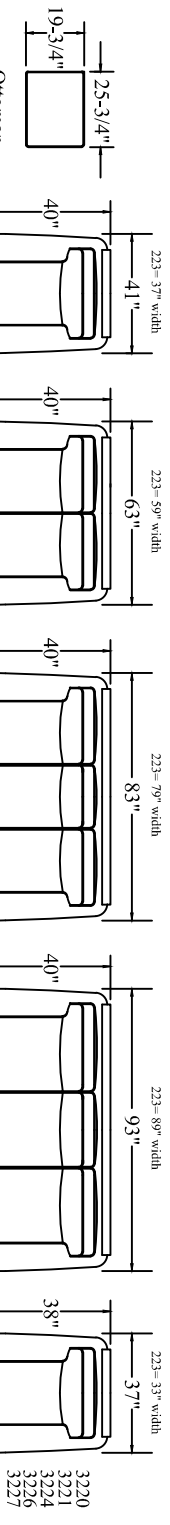

Style 223, 3223 – HANLEY Series: Track Arm (Nail Head Trim UNAVAILABLE)

Style 224, 3224 – LANDRY Series: Sock Arm (Nail Head Trim UNAVAILABLE)

Style 226, 3226 – GRAYSON Series: Classic Contemporary (Nail Head Trim UNAVAILABLE)

Style 227, 3227 – LAWSON Series: Tear Drop Arm with Nail Head Trim

All styles offer multiple configurations. Line drawings and dimensions of the various pieces available in the collection are shown on the next page. The full range of components allow for a wide variety of configurations, thus providing the ability to fit in almost any scale of room. In addition, each style has a conversation sofa, large sofa, medium sofa, ottoman, nesting ottoman and a correlating recliner.

LEATHER DESCRIPTIONS

901200 Finished

Outsider has a smooth, tight grain texture. Its unique tannage provides a luxurious drape and suppleness of hand highlighted by a new kela design effect. A light clear coat application to the surface enhances the endurance of this lightly protected leather. Shade and grain variations are possible.

902100 / 981500 Finished

Savoy combines a super soft silky hand with a beautiful deep transparent finish. Savoy is a natural complement to any style of furniture and is the perfect choice for any consumer. The lustrous texture and lighter weight gives Savoy its luxurious feel which allows for an excellent drape. Shade and grain variations are possible even with finished leathers.

904900 Finished

Stargo offers a soft, silky hand with mild two-tones that identify the characteristics of this type of leather. Visually the features of Stargo, along with the softness and drape, exemplify the quality and value of more expensive products in the market today. Natural markings are evident but should be considered an addition to the authenticity of this leather.

905000 Aniline

Stallone exemplifies a leather with "personality" that has a character of its own. The hides are hand sanded, giving each one their own individual look, when combined with the natural markings that Mother nature has provided. An application of wax on the surface allows for some pull but also to eliminate the raspy feel of the sanding effect. A coat of silicone completes the process leaving a finished article that is uniquely rustic. No two hides of Stallone will be identical.

905500 Aniline

A beautiful, naturally milled grain with saturated colors make Brighton the perfect choice for a soft, authentic leather. Tanned with a special agent that imparts it with a supple and polished feel, Brighton exudes subtle elegance and luxury. Its overall appearance is marked by a refined patina similar to a well-worn pair of equestrian chaps. Brighton will exhibit shade and grain variation within each hide, allowing all of its natural characteristics to shine.

905800 Finished

Chateau has a soft aniline two-toned effect that is sprayed over the base coat to give this leather a natural, antiqued look. With a soft hand and a natural, transparent looking finish, Chateau offers the consumer a beautiful leather with a protection story. Shade and grain variations are also possible even with finished leathers.

906700 / 987000 Finished

Empyrean offers a soft, smooth, consistent grain along with a fresh, modern color palette. Empyrean is embossed with a tight grain and has a machine applied two-tone effect. This stylish leather will offer the consumer consistency, a stain and wearability story as well as a silky hand leading to the appeal of many people.

907200 Finished

Dorado is a natural, top grain leather that has been fully aniline dyed. Every hide goes through a light buffing process to clean the surface from every small imperfection and prepare them to receive a light coat of pigment colors. A fine print is then applied to help every hide develop into the dry drum a beautiful uniform natural grain. The unique two-tone aniline kela effect gives this leather its distinctive look and character. Shade variations are possible in this type of leather.

907700 / 987800 Finished

Soft and supple, Maximus is a thick-cut, robust pebble-grained leather that is well suited for all types of applications. Maximus is highlighted by a subtle, two-tone creating a visual depth very popular in the marketplace today.

907800 Finished

Campania has been developed to provide a beautifully consistent, soft and affordable leather. Campania is a great value and your customers will appreciate it. This versatile leather will work with any style of furniture and in any style of American home. Shade and grain variation are always possible even with finished leathers.

909900 / 988100 Finished

Verona is a soft, smooth classic leather that would enhance any traditional style. It offers a subtle two-tone and consistent grain pattern.

910400 Finished

Corinthian is a natural, top-grain leather that combines a super-soft touch with a beautiful transparent finishing technique designed to highlight the article's natural characteristics. Each hide is meticulously dyed to create a two-toned effect that produces subtle contrasts throughout each chair upholstered in the leather. Durable enough to perform for today's energetic families, yet soft and supple enough to impress even the most discriminating leather enthusiast, Corinthian offers the best of both worlds.

911000 / 988600 Finished

Aspen features a very soft hand along with a smooth, tight grain. Aspen is drapeable and versatile for any leather application.

911300 Aniline

LEATHER DESCRIPTIONS

Pure is completely natural and is marked by its beautiful, visual aesthetic and distinctively luxuriously soft hand. Pure is lightly burnished and polished to exude simple elegance. Color and grain variations along with natural markings make this a truly unique leather.

912500 Finished

Timberland is a natural, top-grain leather that combines a super-soft touch with a beautiful transparent finishing technique designed to highlight the article's natural characteristics. Each hide is meticulously dyed to create a two-toned effect that produces subtle contrasts throughout each chair upholstered in the leather. Durable enough to perform for today's energetic families, yet soft and supple enough to impress even the most discriminating leather enthusiast, Timberland offers the best of both worlds.

913000 Aniline

Equestrian, a natural, aniline leather, was intended to emulate the sophisticated character of Equestrian leather. Known for its deep, rich coloration and inherent softness, Equestrian is a definite choice of all leather enthusiasts. Color and grain variations are to be expected and appreciated.

913800 Finished

Revolution is a super, silky-soft, finished leather with a fashion-forward color palette making it perfect for any leather application.

914400 Aniline-Plus

Heirloom is a classic leather with a unique hand-wiping process that creates a beautiful, bold contrast between the two-tone and vivid base color.

914600 / 981100 Finished

Saloon was designed with a gentle, matte finish and a waxy, crackled effect in combination with a patented topcoat making this a finished leather. Saloon was also designed to resist scratching and to have minimal color variation.

915300 Finished

Milestone features a very soft hand along with a smooth, tight grain. Milestone is drapeable and versatile for any leather application.

915700 Aniline

Southern Comfort is a rough, rugged aniline leather that brings a "mountain lodge" feel to a leather that can be used on any furniture application. Color and grain will vary as this leather is a unique beauty.

916100 Aniline

Revisionist is produced on European hides and blends an oil finish with aniline dyes to create a dimensional pull-up that displays unrivaled character.

This beautiful leather will accentuate every curve of the furniture it is applied too. Color and grain variances make this leather a stunning production.

916200 Aniline

Legends is a "one-of-a-kind" article where crusts are brought in to the US and individually hand-wiped to create a beautiful, unique look. Legends colorations and grain structure will vary from hide to hide only making this a more remarkable leather choice.

916900 Aniline

Somerset is a very soft, full-grain, heavy-weight leather where the hides are created by spraying 3 different micro-pigment colorations which create a high-low effect. As these are hand-wiped, the three colorations mix, creating great accentuation of color.

917100 Aniline

Brentwood is a full-grain leather that is hand-rubbed and finished in North Carolina. The hand rubbing creates hi-lo effects by adding a deeper, richer look. Natural markings, along with shade and grain variations, are to be expected and appreciated.

917200 Finished

Applause is a fully protected leather with a hand-wiped look, the perfect choice for trying to balance a vintage appearance with high wear results. It is not always possible to assure the consistency of coloration or grain structure.

917400 Aniline

Academy offers a distinctive aesthetic that exudes rich and rugged elegance with a soft matte surface that showcases the inherent characteristics of each hide. It is not always possible to assure the consistency of coloration and grain structure. Natural markings are to be expected and appreciated.

917500 Aniline

Harness is a truly natural leather with a clear, wax finish that reveals all of the features of full grain leather and highlights the rich, natural colors tones. Developing a beautiful patina over time, this leather will vary in coloration and grain structure and will showcase all of the beautiful natural markings this leather has to offer.

917700 Finished

Rumor is a proven winner that corrected, finished leathers can be soft and stylish. With a light two-toned effect and a great feeling, Rumor is perfect for all applications and is family friendly. It is not always possible to assure consistency of coloration or grain structure.

918200 Aniline

LEATHER DESCRIPTIONS

Saddlebag is a rugged, rustic aniline that imparts the spirit of the Old West into a leather that is versatile for all types of applications. It is not always possible to assure consistency of coloration or grain structure. Natural markings are to be expected and appreciated.

918400 Finished

Opulence is a completely finished leather with a rich, velvety hand. It is not always possible to assure the consistency of coloration or grain structure.

918500 Aniline-Plus

Williamsburg, a semi-aniline leather, offers a multi-layer two-toned effect and thick, pebble-grain with and a soft, buttery hand. It is not always possible to assure consistency of coloration or grain structure.

918600 Aniline-Plus

Genesis is a plump, heavy-weight leather that offers an elegant, slight two-toned effect coat with a feel agent to enhance the touch sensation. It is not always possible to assure the consistency of coloration or grain structure.

918700 Aniline

Winchester is distressed with waxes and oils, milled and then polished to create a rich, rustic elegance with a soft, velvety surface touch that highlights the natural aspects of the leather. Natural markings will be highlighted in this leather and should be expected and appreciated. It is not always possible to assure consistency of coloration or grain structure.

918800 Aniline

Smooth Move is silky and glossy with a mottled, two-toned effect for visual depth and dimension. It is not always possible to assure consistency of coloration or grain structure.

919100 Aniline

Providence is a full-bodied aniline leather that exudes authentic understated luxury and opulent elegance. Providence offers a nice soft, silky hand. It is not always possible to assure consistency of coloration or grain structure.

919200 Aniline

Bozeman is a light-weight, hand-stained full-aniline leather with a drapery hand and authentically weathered aesthetic that highlights all natural features of each hide. The beauty of this leather is the inconsistent highlights of the hand-staining and natural markings. Please be aware that no two pieces of furniture will ever "match" due to the complete uniqueness of this leather. Bozeman is the most unique leather in our line and anyone that owns a piece of furniture in this leather should be proud to own a "one of a kind".

941700 Aniline-Plus

Maverick is a hand wiped, silky soft leather. The artists that wipe Maverick use three color tones to create visuals unique to each hide. Due to the coloration process of this leather, it is impossible to ensure color and grain consistency from hide to hide and sometimes even within the same hide.

956700 Aniline (Wipe-off)

Brindisi is produced with underlying base colors that are revealed by removing the top color once the furniture is built. The leather is "wiped-off" by hand, in certain areas, to create an antiqued, worn look. With this unique type of application, shade and grain variation are expected and appreciated.

957500 Finished

Dallas is a super-soft, finished leather produced with a subtle, contrasting two-tone effect. Dallas's wide range color palette will suit a traditional or transitional application while maintaining a superior wear story for everyday use. Although finished, Dallas could still exhibit shade and grain variations.

981600 Aniline

Poetic License is produced with underlying base colors that are revealed by removing the top color once the furniture is built, commonly referred to as a "wipe-off leather". The leather is "wiped-off" by hand in certain areas to create an antiqued, worn look. Naturally, color and grain variations are completely acceptable as this leather showcases a beauty created by the hand craftsman that wipes the furniture.

982700 Finished

Akron is a thick, slightly corrected leather with an embossed effect that results in a nice "tipped" look. Akron has a soft hand and nice subtle savage visual. Akron can compare to full grains in the market while maintaining a tremendous value. Akron is only available in our Married Cover Program, consult the Married Cover Grid for available styles, which does not allow us to control the placement of natural markings.

984300 Aniline-Plus

Alfresco is produced by slightly correcting the surface grain to minimize surface markings. Alfresco is then base colored and hand rubbed with a soft contrasting color to create a tone-on-tone presentation. A clear topcoat is then applied to help resist against stains and spills. Alfresco, although not a full aniline leather, will have shade and grain variations also.

987300 Finished

Brooklyn is a traditional leather complete with a slight two-tone savage. Brooklyn is finished with a highly transparent coating to provide depth in clarity while maintaining a wear story and a value in the marketplace.

LEATHER DESCRIPTIONS

988700 Finished

A lightly corrected leather embossed with a tight grain pattern. Serenade has a subtle two-toned effect that is topped with a medium-sheen topcoat.

MAINTENANCE & CARE TIPS FOR YOUR LEATHER OR FABRIC

FINISHED LEATHERS

Finished leathers are practical for active households. These types of leathers are finished to provide resistance to staining and offer overall color consistency within a hide. These leathers are less affected by the harmful rays of the sun. Compared to other leather types, Finished Leathers generally require much lower maintenance.

ANILINE-PLUS LEATHERS

Aniline-plus leathers are quite simply aniline leathers PLUS a slight protective coating. This protective coating can be light pigmentation, staining, or a protective top-coat. These leathers offer the hand of an aniline while adding a slight coat of protection. These leathers are more affected by the harmful rays of the sun simply because they are not as heavily protected as finished leathers.

ANILINE LEATHERS

Aniline leathers are the closest to a pure and natural form. These leathers are tanned and colored with transparent dyes exclusively. The transparent dying process allows you to see the rich color hues unique to each hide and shows off each hide's one of a kind grain pattern. The rarest of Aniline leathers reflect the unaltered full top grain of the surface and have a remarkable skin-like feeling. Aniline leathers can also be made to highlight effects such as wax or oil pull-up, pebble grains, sauvages or distressing.

NUBUK LEATHERS

Nubuk leathers have the most varied and unique textures of all leathers. As soon as you sit down and feel the surface, you will know why people love Nubuk. These leathers are also dyed with transparent dyes, but the surface grain is machined with fine brushes to create the texture and famous Nubuk effect. It is almost like having a velvet leather. This effect gives the leather color depth and shading not found in any other type. Nubuk leathers can be made to create many different looks, from the most formal and refined to rugged casual.

GENERAL CARE TIPS FOR ALL TYPES OF LEATHERS

- Try to maintain at least two feet between your furniture and heating sources.
- Avoid placing your furniture in direct sunlight. All materials will fade over time when placed in direct sunlight. Take extra precautions to safeguard Aniline and Nubuk leathers from sunlight.
- Like all items in your house, leather will accumulate dust. Vacuum on a weekly basis to keep the dust particles from settling in the grain of the leather.
- All leathers perform better when preventative maintenance is practiced. For specific cleaning information contact:

FABRIC CLEANING CODES & INSTRUCTIONS

The following recommended cleaning codes are devised as the result of tests conducted by the fabric manufacturers and adhering to the methods requested by the Joint Industry Standards committee. They in no way intend to imply that we are in any way guaranteeing these fabrics or the cleanability thereof. Professional dry cleaning is recommended. To prevent overall soiling, frequent vacuuming or light brushing is recommended.

S Clean this fabric with pure solvents (Petroleum Distillate-based Products). Professional dry cleaning is recommended. CAUTION: Use of water-based or detergent-based solvent cleaners may cause excessive shrinking.

W Clean this fabric with water-based foam to remove overall soil. Many household cleaning agents are harmful to the color and life of a fabric.

WS Clean this fabric with water-based cleaning agents, foam, or pure solvents (Petroleum Distillate-based Products).

DC Clean this fabric by Professional Dry Cleaning only.
