FINISHED TOP - The top is wood solids and veneers with a full finish. This is normally done on units that are 70" tall or less, where the top can be seen while standing on the floor.

STAINED TOP - The top is wood solids and veneers with finish to cover the raw wood. This is normally done on hutches in our Home Office line and on some two-piece entertainment centers. When viewed from stairs and second floor balconies, it will have the finish color of the rest of the case, not the look of raw wood.
