HOW TO WRITE A BRADINGTON-YOUNG ORDER

1 CONDITIONS OF SALE: Merchandise is manufactured to customer's specifications **CANCELLATIONS WILL NOT BE ACCEPTED AFTER A STYLE(LINE-ITEM) ON AN ORDER IS SCHEDULED FOR PRODUCTION!** Prices, Dimensions and Manufacturing Specifications are subject to change without notice.

2 TERMS: Our standard terms are Net 30, unless otherwise specified.

3 CALIFORNIA TB117-2013 FLAMMABILITY CODE: All styles meet California TB117-2013 Flammability Code

4 ORDER INFORMATION REQUIRED: The following information should be included with any order to avoid delays in processing and to insure that you receive what you wanted:

- | | |
|---|---|
| * Dealer Name | * Description |
| * Dealer Billing Address | * Cover Number (xxxx-xx)/Numbers (combo) |
| * Dealer Ship to Address | * Finish choice |
| * Any Special Instructions including routing | * Nail choice (if available) |
| * Quantity | * Any other options requested |

* **Style Number** (See Pricing Grid for Required Options per Style)

* **Orders:** Our orders are entered by style numbers, not names. We make every effort to proof all orders for errors but we request that you carefully review your order acknowledgement for accuracy.

You may send your order via email to: customuphoe@hookerfurnishings.com

5 BRADINGTON-YOUNG WOOD FINISHES: Below is a list of our available wood finishes.

- | | |
|------------------------------|---|
| * Java (JV) | Deep rich brown in color. Medium Sheen |
| * Kona (KN) | Deep dark rich brown with dark brown undertones and dry brushing. Low Sheen |
| * Mahogany (MH) | One coat of dark brown stain. |
| * Natural (NT) | Light Brown stain with sealer and clear coat. Low Sheen |
| * Nutshell (NS) | Light Brown toner with medium brown glaze and 2 clear coats. Low Sheen |
| * Pallisade Dark (PD) | Deep rich brown with brown undertones and dry brushing. Low Sheen |
| * Raven (RV) | Black satin finish. Medium sheen |
| * Toast (TS) | Toast spray stain with sealer and clear coat. Low Sheen |
| * Whitewash (WW) | White spray stain that has been wiped and finished with a clear coat. Low Sheen |

Any order received without a specified finish will be produced in our standard finish: (Mahogany) unless the standard for that style is listed otherwise.

6 BRADINGTON-YOUNG DECORATIVE NAIL FINISHES: Below is a list of our available nail finishes.

All of our nails are available in 4 sizes. Any deviation from the standard size for each style will result in an upcharge.

- | | |
|------------------------------|------------------------|
| * French Natural (FN) | * Gunmetal (GM) |
| * Natural (BN) | * Pewter (PN) |

Any order received without a specified nail finish will be produced in our standard nail finish: Natural unless the standard nail finish for that style is listed otherwise.

A change in size from the standard nail for any given style will require an upcharge per piece unless that style cannot be produced with an alternate size nail.

Please refer to our website: www.bradington-young.com for a color reference of our wood and decorative nail finishes

CONSTRUCTION STORY INSIDE AND OUTSIDE

FRAME: Multi-ply, 7/8" engineered laminated hardwood frames are precision machined for an exact fit. Mortise and Tenon joints are reinforced with cross-banding to create frames with superior dimensional stability.

SEAT DECK: Motion styles utilize a rigid bar spring unit that evenly distributes the weight load offering unparalleled seating comfort for our reclining chairs. Stationary styles employ double-cone coil springs that are eight-way hand tied and then secured to polypropylene webbing that is reinforced with steel banded grids for additional support.

SEAT CUSHIONS: Standard seat cushioning is style specific and consists of one of three offerings:

HR FOAM: A high resilient (HR) polyurethane core cut to boxing size and wrapped in a layer of polyester fiber. The fiber-wrapped core is then topped with a channeled envelope generously filled with virgin polyester fibers encased in a down-proof muslin ticking providing a slow release of air for the occupant.

PREMIER DOWN: These cushions are constructed from a two-tier foam foundation. The bottom layer is firm for lasting support and the top layer is soft for sink-in comfort. The cushions are then wrapped in a down proof ticking filled with a generous blend of down, feathers and fibers. This cushion is designed to relax and "puddle" for a luxurious, lived-in look that complements our more casually styled offerings.

SPRING DOWN: Cushions consist of a 4 1/2" **MARSHALL** coil unit encased in premium foam. The cushion is then wrapped with a low-melt fiber on top and bottom. The Spring Down cushion is then surrounded by a down-proof ticking filled with a luxurious blend of down, feathers and fibers. This cushion is designed to provide superior comfort combined with great resiliency.

BACK AND HEAD PILLOWS: Filled with 100% virgin polyester fibers enclosed in a special ticking designed to provide pillow-soft comfort.

RECLINING MECHANISMS: Heavy gauge, high tensile strength steel is used to create mechanisms that provide years of trouble-free operation. Our mechanisms are secured to the frames using a welded steel chassis assembly for superior strength and stability. All reclining styles are also available with a motorized (power) option (excluding certain swivel gliders). Standard Power on these styles will use a Power Button (PB). Battery Pack option for all Power Recliner Mechanisms uses a Power Battery Pack Button (BB). **All Wall-Hugger styles (7000 Series)** are standard with an outside mechanism release located on the outside of the arm. For Wallhugger and Swivel Glider recliners, an Inside release option is now available. This inside release option can be located between the seat deck and the inside arm.

INTERIOR FILLING: Pattern cut urethane foam is padded with polyester fibers for increased comfort, loft, resilience and shape retention.

OUTSIDE PADDING: For quality tailoring and durability, the outsides of our offerings are padded with strong bonded fibers.

STANDARD MATTRESS

The manufacturer's standard mattress (-79) is a queen size (60" X 72") featuring 6-inch innerspring coils, 13 across and 10 length-wise, for a total of 130 coils. The mattress is 5 1/2" thick and features the finest materials standard in the furniture industry today. See individual styles for pricing.

AIR DREAM MATTRESS

The manufacturer's air dream ultra-mattress (-69) is a queen size (60" x 72") featuring a 6" Air bladder and a total of 276 coils. The mattress is 10" fully inflated, 5" deflated and features the finest materials standard in the furniture industry today.

FIRE RETARDANCE

We are following the studied recommendations of the TB117-2013 in engineering our materials so that we can reduce the possible ignition of a burning cigarette. **Care needs to be exerted by all in order to prevent needless fires.**

Dimensions for each style are listed in the body of the price list grid. Please note these dimensions are approximate and may vary up to 2 inches because each style is handmade.

MANUFACTURER'S WARRANTY

MANUAL RECLINING MECHANISMS, HOME OFFICE MECHANISMS AND SPRINGS: Bradington-Young warrants to you, the original retail purchaser, protection against defective materials or workmanship for a period of five (5) years from the original date of purchase, based on reasonable use. Bradington-Young will, at its discretion, repair or replace the part of the mechanism that is defective. After the first year of use, the mechanism warranty covers replacement parts only and does not cover any associated labor or shipping costs.

FRAME PARTS: Bradington-Young warrants to you, the original retail purchaser, protection against materials or workmanship for the useful life of the product, as long as it remains upholstered in the original covering and is used under normal conditions. Bradington-Young will, at its discretion, repair or replace the part that is defective. After the first year of use, the frame warranty covers replacement parts only and does not cover any associated labor or shipping costs.

FILLING MATERIALS: Bradington-Young warrants to you, the original retail purchaser, protection against defective materials or workmanship of the inside back filler, padding and other filling materials for a period of one (1) year from the date of original retail purchase. Compression of filling materials with use is normal and should not be considered loss of resiliency.

CUSHION CORES: Bradington-Young warrants to you, the original retail purchaser, protection against abnormal loss of resiliency for the useful life of the product, as long as it remains upholstered in the original covering and is used under normal conditions. Some softening and flattening of the foam core and fiber/feather wraps should be expected and will not be considered defective. After the first year of use, the cushion core warranty covers replacement cores only and does not cover any associated labor or shipping costs.

POWER RECLINE: Bradington-Young warrants to you, the original retail purchaser, protection against a defective power recline mechanism for a period of (3) years from the date of original retail purchase. Bradington-Young will, at its discretion, repair or replace the part of the mechanism that is defective. After the first year of use, the mechanism warranty only covers replacement parts and does not cover any associated labor or shipping costs. Please understand that Bradington-Young will invoice you for the new parts but will be glad to credit you for the old parts if returned within 30 days.

BATTERY PACK (POWER RECLINER OPTION): Bradington-Young warrants to you, the original retail purchaser, protection against a defective battery pack associated with the power recliner option for a period of one (1) year from the original date of purchase. The mechanism warranty only covers replacement parts and does not cover any associated labor or shipping costs. Battery pack cycle will vary based on use and the use of the USB for devices. Battery packs recharge in 8 hours and can retro-fit to past motors and control boxes (cable needed). More battery pack information can be found on our website, www.bradington-young.com.

CLAIMS: To make a claim under this Warranty, contact the dealer from whom the product was purchased with your dated proof of purchase. If the dealer finds return to the factory to be necessary, repair or replacement of defective parts will be made through the dealer during the first year at no cost to the customer, except for the cost of packing and shipping to and from the factory. **After the first year of purchase, the above warranty covers REPLACEMENT PARTS ONLY and does not cover labor or shipping costs of parts. After the first three years, the mechanism must be returned to Bradington-Young in order to take advantage of the Warranty.**

WARRANTY LIMITATIONS: This warranty does **NOT** include:

- The wearing quality, durability, and color fastness of **FABRICS OR LEATHERS**.
- Any condition resulting from incorrect or inadequate maintenance, cleaning, or care.
- Any condition resulting from other than ordinary residential wear, or from any use for which the product was not designed.
- Bradington-Young is **NOT** responsible for fading or discoloration of leather due to sunlight (direct or indirect) or body oils.
- Bradington-Young is **NOT** responsible for pickup and delivery charges for local repairs or inspections under the above warranty.
- Any condition resulting from the use of **ANY** aftermarket product up to and including cleaning/conditioning product or power supply components.

Bradington-Young's obligation under this Warranty is limited to repair or replacement in accordance with the terms of this warranty. There are no warranties, either expressed or implied, offered by Bradington-Young other than those herein described. Coverage under this Warranty does not include incidental or consequential damages other than the coverage described above. Some states do not allow limitation on how long an implied warranty lasts or the exclusion or limitation of incidental or consequential damages, so the above limitations or exclusions may not apply to you. This warranty gives you specific legal rights, and you may also have other rights, which vary from state to state. Any questions concerning the product or this Warranty should be addressed to Bradington-Young

Attn: Director of Customer Service; 4040 10th Ave DR SW, Hickory, NC 28603.

To avoid problems, written authorization from the factory is needed before the return of merchandise for any reason. All inquiries should be sent to the following address: **Bradington-Young, Attention: Parts & Service, 4040 10th Ave DR SW, Hickory, NC 28603. Phone: 276-656-3322 and Fax: 1-800-388-2289 or email us at: by@hookerfurniture.com.** Authorization for local repairs of goods manufactured by Bradington-Young must be obtained from the Bradington-Young Parts & Service department, prior to repairs.

Detailed application

Contrasting inside back _____

Contrasting seat _____

Contrasting Outside back _____

Contrasting Welt _____

1. Ship All COM Yardage to: Bradington-Young, Attn: COM Dept, 941 Tot Dellinger Road, Cherryville, NC 28021
2. For COM orders it is **required** that a fabric cutting be sent for pre-approval. Please send an 8 ½ x 11 cutting of plain fabrics, and a cutting showing the full repeat for patterned fabrics.
3. Orders are not scheduled for production until COM fabrics are received at our facility with all required information. If information is missing on a received COM, production scheduling will be delayed until we receive the required information.
4. COM material must be in compliance with CAL TB 117-2013 and/or UFAC Class 1 for flammability. UFAC Class 2 is not acceptable
5. Hooker Furnishings assumes no responsibility or liability for the flame retardancy of any COM or for the compliance of any COM with any other applicable codes, regulations and laws
6. If your COM fabric is shipping directly from a fabric supplier, it must include the corresponding po# that matches your PO# placed with Hooker Furnishings.
7. Prior to shipping COM to Hooker Furnishings yardage should be inspected and verified as first quality, Upholstery grade fabric by the fabric resource. Fabrics that are loosely woven or stretch easily should be properly backed. We are not responsible for any dye lot variations in COM fabric supplied to us. COM yardage must be received in one continuous piece. Please do not ship your COM fabric folded in a box.
8. When using up the bolts of fabric (Non-railroaded), seams may be required that are not shown in catalog/website or floor samples
9. Hooker Furnishings reserves the right to refrain from applying COM, which we deem to unworkable or not suitable for the intended application
10. Furnished yardage requirements shown in the price list are based on 54" width, railroaded fabrics. Fabrics less than 54" will not be accepted. For fabrics that run up the bolt, and for fabrics with pattern, please provide extra fabric as indicated in the chart below. We reserve the right to request additional yardage based on unusual repeats or fabric designs. Hooker Furnishings is not responsible for yardage excess/shortages for COM due to variations in patterns and cutting requirements.

Chart to calculate additional COM for matching fabric

Repeat 2"-5" (+10%)	Repeat 2"-15" (+15%)	Repeat 15"-20" (+20%)	Repeat 20"-30" (+30%)	Repeat 30"-36" (+35%)
---------------------------	----------------------------	-----------------------------	-----------------------------	-----------------------------

The Safer Occupancy Furniture Flammability Act ("SOFA") regulates the flammability of upholstered furniture in the United States by mandating the adoption of California's TB 117-2013 as the nationwide standard. There are also a growing number of state laws pertaining to the use of flame retardants and stain resistance substances known as per-polyfluoroalkyl substances ("PFAS"). Textiles purchased by on behalf of the customer (i.e. graded-in) must be California TB-117 complaint, flame retardant free, and PFAS free. Proof of documentation may be required to finalize the transaction. As a condition of placing a customer's own material (i.e. COM) order with Hooker Furnishings, the customer is solely responsible for ensuring that the COM complies with all applicable laws, including but not limited to those previously mentioned. Additionally, the customer will indemnify and hold Hooker Furnishings harmless for the use of COM selected and supplied by the customer

 Soft Touch Power Button Photo of Soft Touch Power button Available on Recliners only Actual size: 2 5/8" x 1 1/4"		 Wall-mount Transformer Included with PB upcharge. (additional cord pictured is to be used along with the transformer for additional plug-in length). Transformer will plug directly into the wall. Actual size: 3 1/2" x 2 1/4" x 1 1/2"	
 2 Button Soft Touch w/ USB-C Photo of 2 Button Soft Touch w/ USB-C Available only on 990 Group and 3516 Recliner only Actual size: 4 1/2" x 1 3/4"		 Battery Pack Included with wall-mount transformer pictured above with BB upcharge Actual size: 6 1/2" x 3 3/4" x 2"	
Power Headrest Power  Photo of Power Headrest Power Button featuring buttons for operation of footrests and headrests. Also features memory and on/off USB switch Actual size: 3 1/4" x 2"		Battery Pack (If ordered separately): \$100 **To receive optimum battery performance, do NOT leave battery plugged in all the time. Also, please do NOT have battery and transformer plugged in at the same time**	

Choose a Recliner series & customize for the "Best Seat in the House"

2000 #'s: Swivel Recliner Series

This smaller scale series fits easily into any room in the house. Simply push on the arms to recline, or consider upgrading to Power Recline (upcharge applies) with the soft touch power button. Consider adding battery pack (upcharge applies) These recliners also swivel when upright making these chairs extremely versatile. These chairs need between 14"- 17" to be fully reclined

3000/4000/5000 #'s: 3-way Recliner Series

Simply push on the arms to recline. Consider upgrading to Power recline (upcharge applies) with the soft-touch power button (linked to transformer that plugs in the wall) or 5 button switch for recliners with power headrest. Power recline also available with a battery pack (additional upcharge applies). This recliner series needs 14" to 19" away from wall for full recline. Recliners with a hi-leg feature an extra small footrest, making this more ideal for taller people.

6000 #'s: Defy Gravity Series (Zero Gravity) with Power Headrest

This recliner series is standard with power (soft-touch power button) to allow any position for extreme comfort (linked to transformer that plugs in the wall).

Consider upgrading to the battery pack option (upcharge applies). This recliner series needs 6" to 8" away from wall for full recline.

7000 #'s: Wallhugger/Swivel Glider Series

The wallhugger series uses one of two "release" options to recline (Outside lever or Inside Handle). Consider upgrading to Power recline (upcharge applies) to the soft-touch power button (linked to transformer that plugs in the wall) or 5 button switch for recliners with power headrests. Power recline also available with a battery pack (additional upcharge applies). Also consider upgrading to the Swivel Glide Recline option (upcharge applies, can also be upgraded to power)

Wallhugger series needs 4" away from wall for full recline while the Swivel Glider series needs 12" to 14" .

Sectional Seating by Design

Sectional Seating by Design allows you to choose:

- Your Configuration
- Your Arm
- Nail Head Trim
- Turned Leg (Bun Foot) or a Tapered Leg
- Your Finish
- Double-Needle or Welt

**** Armless and one-armed pieces are not “finished” on the side where there is not an arm. Can be done for an upcharge. See page 9 for upcharge****

All pieces in the program are designed with the same engineered hardwood frame construction, featuring a bench-made eight-way hand-tied spring system. The seating consists of a blend-down cushion that provides optimum seating comfort. Each piece features loose back cushions that are firmly secured with Velcro. This allows the backs to be removed and fluffed for continued comfort and appeal. All of the styles are available in leather, leather & fabric combination, or all fabric.

Style 220, 3220 – WARNER Series: Scooped Panel Arm with Nail Head Trim

Style 221, 3221 – STERLING Series: Bombay Arm with Nail Head Trim

Style 223, 3223 – HANLEY Series: Track Arm (Nail Head Trim UNAVAILABLE)

All styles offer multiple configurations. Line drawings and dimensions of the various pieces available in the collection are shown on the next page. The full range of components allow for a wide variety of configurations, thus providing the ability to fit in almost any scale of room. In addition, each style has 2 size sofas, matching chair and ottoman, as well as a correlating recliner.

CRAFTED IN THE
USA

Luxe For Living Program

Luxury Stationary and Motion....Your Way

To create your own Stationary/Motion Sofa or Sectional....choose the following options....

- One of our arm style designs listed below
- Your Cover
- Your Stitching Treatment (Welt or Double-Needle)
- Your Foot (Turned Leg or Tapered Leg)
- Your Finish: Choose from one of our Premium Wood Finishes
- Your Nail Head Trim: Choose from one of our Nail Head Finishes

All pieces in the program are designed with the same engineered hardwood frame construction. Stationary SKUs feature an 8-way hand tied spring system while our Motion SKUs feature a sinuous wire spring system. The standard seat cushion is Spring-Down which provides optimum seating comfort and lasting quality. Each motion piece features semi-attached back pillows while each stationary piece features loose pillow backs. All styles are available in leather, fabric or leather & fabric combination.

Style 201 – Raymond Series: Modern Track Arm Design (Nail Trim not Available)

Style 202 – Reece Series: Pleated Roll Arm Design (Standard with Nail Head Trim, No Nail option available)

Style 203 – Revelin Series: Elegant arm design with front pleat (Standard with Nail head trim, No Nail option available)

Style 204 – Raiden Series: Traditional Pad over arm (Standard with Nail head trim, No Nail option available)

Style 206 – Robinson Series: Teardrop roll arm (Standard with Nail head trim, No nail option available)

All styles offer multiple configurations. Line drawings and dimensions of the various pieces that are available in the collection are shown on the next page. The full range of components allow for a wide variety of configurations, thus providing the ability to fit in almost any scale of room.

***** Important Information for configuring your Sectional *****

Due to the use of different seat spring units, it is recommended that you not mix Stationary and Motion SKUs within the same sectional. Please also be aware of placement of motion pieces. For example, placing an armless recliner directly beside a true corner or corner return sofa may not allow the recliner to open properly due to direct placement perpendicular to another piece.

the footrest and headrest.

Luxury Motion Seating Program

Power Footrest

Luxury Motion....Your Way

To create your own Motion Sofa or Sectional....choose the following options....

- One of our style designs featured below
- Your Cover
- Your Finish: Choose from one of our Premium Wood Finishes
- Your Nail Head Trim: Choose from one of our Nail Head Finishes

All pieces in the program are designed with the same engineered hardwood frame construction, featuring a sinuous wire spring system. The standard seat cushion is Spring-Down that provides optimum seating comfort and lasting quality. Each piece features semi-attached back pillows. All of the styles are available in leather, leather & fabric combination, or all fabric.

Style 916 – Newman Series: Casual Pub back style with a teardrop roll arm
(Available with nail head trim)

Style 920 – Whitaker Series: Casual, traditional style with a pleated panel arm
(Available with nail head trim)

All styles offer multiple configurations. Line drawings and dimensions of the various pieces that are available in the collection are shown on the next 2 pages. The full range of components allow for a wide variety of configurations, thus providing the ability to fit in almost any scale of room.

***** Important Information for configuring your selection *****

Reclining SKUs can connect to other reclining SKUs, however due to the additional frame panel this will create a $\frac{3}{4}$ " gap on the back of the frame if the configuration is designed to connect them. Motion seats are not designed to connect exactly to other motion seats. Please make sure when designing your configuration selection that you keep this in mind:

For example: Use the (-70) Double Reclining Loveseat SKU versus trying to connect a (-17) LAF recliner with a (-18) RAF recliner when configuring a dual-seat motion loveseat.

Seating Configuration Options

Style 968 – Nicoletta Series: Transitional Track Arm (Standard with Nail head trim, No nail version also available)

All styles offer multiple configurations. Line drawings and dimensions of the various pieces that are available in the collection are shown on the next page. The full range of components allow for a wide variety of configurations, thus providing the ability to fit in almost any scale of room.

*** Important Information for configuring your selection ***

Reclining SKUs can connect to other reclining SKUs; however, motion items have an additional frame panel which would create a ¾" gap on the back of the frame if the configuration is designed to connect them. Motion seats are not designed to connect precisely to other motion seats. Please make sure you do not place an armless recliner (-33) next to a true corner (-66). Please make sure when designing your configuration selection that you keep this in mind: For example: Use the (-70) Double Reclining Loveseat SKU versus trying to connect a (-17) LAF recliner with a (-18) RAF recliner when configuring a dual-seat motion loveseat.

Seating Configuration Options

**LAF Sofa at Arm
w/Power Headrest**

Fabric/Leather Collage Recliner Format & Pricing

1. Choose your Recliner
2. Choose the leather as the Primary Cover Selection
3. Choose any fabric for the Inside areas (ex. Seat Cushion, Inside Back) as contrasting cover locations
4. Choose any Grade 1 - 3 Outside Fabric (if contrasting outside parts are applicable)

Collage Pricing following the above format = 10% off of Graded leather chosen in #2

(If a Grade IV - VI Fabric is chosen for Outside (#4) - the all leather price applies based on leather selection in #2)

***** Please note: Fabric/Leather Placement remains the same on each style regardless of the fabric leather choice. If placement is changed in any way, please refer to the all leather pricing for that style. *****

Fabric/Leather Collage Sofa Format & Pricing

1. Choose any sofa
2. Primary Cover = Leather of choice
3. Inside Contrasting Parts = (Seat cushion, inside back etc.) = Fabric of choice
4. Outside Contrasting Parts = Any Grade 1 - 3 Fabric

Collage pricing using above format = 10% off of Graded leather choice (#2)

***** Any deviation from above format results in all leather pricing *****

LEATHER DESCRIPTIONS

901200 Outsider (Finished)

Outsider has a smooth, tight grain texture. Its unique tannage provides a luxurious drape and suppleness of hand highlighted by a new kela design effect. A light clear coat application to the surface enhances the endurance of this lightly protected leather. It is not always possible to assure the consistency of coloration or grain structure.

906700 Empyrean (Finished)

Empyrean offers a soft, smooth, consistent grain along with a fresh, modern color palette. Empyrean is embossed with a tight grain and has a machine applied two-tone effect. This stylish leather will offer the consumer consistency, a stain and wearability story as well as a silky hand leading to the appeal of many people. It is not always possible to assure the consistency of coloration or grain structure.

907200 Dorado (Finished)

Dorado is a natural, top grain leather that has been fully aniline dyed. Every hide goes through a light buffing process to clean the surface from every small imperfection and prepare them to receive a light coat of pigment colors. A fine print is then applied to help every hide develop into the dry drum a beautiful uniform natural grain. The unique two-tone aniline kela effect gives this leather its distinctive look and character. Shade and grain variations are still possible in this type of leather.

912500 / 984800 Timberland (Finished)

Timberland is a natural, top-grain leather that combines a super-soft touch with a beautiful transparent finishing technique designed to highlight the article's natural characteristics. Each hide is meticulously dyed to create a two-toned effect that produces subtle contrasts throughout each chair upholstered in the leather. Durable enough to perform for today's energetic families, yet soft and supple enough to impress even the most discriminating leather enthusiast, Timberland offers the best of both worlds. Even with the truest of finished leathers, it is not always possible to assure the consistency of coloration or grain structure.

913800 Revolution (Finished)

Revolution is a super, silky-soft, finished leather with a fashion-forward color palette making

it perfect for any leather application. Even with the truest of finished leathers, it is not always possible to assure the consistency of coloration or grain structure.

914600 Saloon (Finished)

Saloon was designed with a gentle, matte finish and a waxy, crackled effect in combination with a patented topcoat making this a finished leather. Saloon was also designed to resist scratching and to have minimal color variation. All of these characteristics combined make Saloon the perfect choice for any leather application. Shade and grain variations are possible in this type of leather.

917200 Applause (Finished)

Applause is a fully protected leather with a hand-wiped look, the perfect choice for trying to balance a vintage appearance with high wear results. It is not always possible to assure the consistency of coloration or grain structure.

919600 Cambridge (Aniline)

Crafted from full-grain buffalo hides, Cambridge features a striking pull-up and authentically aged aesthetic that immediately draws you in. The rich, rustic elegance of Cambridge will certainly vary in coloration and grain structure as will highlight all of the natural markings found within each hide. Natural markings should be appreciated and accepted as part of the natural nature inherent to leather.

920600 Vallentino (Finished)

Vallentino is a protected leather that features a beautifully balanced two-toned effect. Its see-through effect and smooth, spongy hand make Vallentino the most sought after finished leather. As with all leathers, it is not always possible to assure consistency of coloration or grain structure.

921100 Triomphe (Finished)

Triomphe is a natural, top-grain leather that combines a super-soft touch and subtle two-toned effect durable enough for today's energetic families, yet supple enough to impress even the most discriminating leather enthusiast. It is not always possible to assure the consistency of coloration or grain structure.

LEATHER DESCRIPTIONS

921500 Rio (Aniline-Plus)

Rio has a soft aniline, two-toned effect sprayed over the base coat to give the leather a natural, antiqued look. With an extremely soft hand and deep saturation of color, this leather is perfect for any upholstery application and for any room in the house.

922000 Aline (Aniline-Plus)

Aline is a beautiful semi-aniline leather with a slight two-toned effect and a soft, talc-like hand. Aline is versatile and will complement any frame style with its ability to drape well.

922100 / 980015 Anilina (Aniline-Plus)

Anilina is a gorgeous semi-aniline leather with a more pronounced two-toned effect. The highs and lows of this article accentuate the grain pattern finished off with a slight sheen coat. The color saturation makes Anilina the perfect choice for any application.

922900 / 980009 Alpine (Finished)

Alpine is a finished leather with a slight cloudy effect created by a subtle two-toned effect. Alpine is soft and perfect for any leather application as it has a protective finish coating. 980009: This leather arrives already pre-cut and sewn to certain styles. Please refer to the Married Cover grid in the price list for specific style information.

923400 Colorado (Aniline)

Colorado is a full-aniline leather that offers a slightly matte finish. Colorado is a very rustic, casual aniline that is perfect for any frame style. Shade and grain variations in this leather only highlight the inherent beauty found in an aniline leather. This makes each piece unique. As with any natural leather, all natural markings will be prevalent and should be appreciated and accepted.

924000 Levante (Aniline)

Levante is a luxuriously soft leather created by applying a slight top coat to the visual velvety tracking effect to emulate the look of a nubuck. This makes Levante the best of both worlds.....looks like a nubuck yet topped with a slight sealant coat to help guard against stains and spills. Levante is still considered a full aniline leather so it is not always possible to assure the consistency of coloration and grain structure and natural markings will be prevalent. Natural markings should be appreciated and accepted.

925800 Maestro (Aniline-Plus)

Maestro is an aniline-plus leather meant to resemble a waxy, aniline leather. Maestro has a scratch-resistance surface coating that also helps protect against spills. The hand of Maestro is soft and smooth and talc-like. Maestro's light coloration is a beautiful addition to any room in the house.

925900 Paradise (Finished)

Paradise is a fully finished leather with a soft, silky touch. Paradise would be ideal for any furniture application. Paradise should be considered when needing a family friendly leather where you don't have to sacrifice a nice leather feel.

926400 Organic Life (Finished)

Organic Life is a finished leather that was created to mimic an aniline leather. Organic Life has a nice, soft hand and a slight pull-up effect when stretched across the frame. The unique hand and visual aesthetic of Organic Life combined with the wear story makes this leather the perfect choice for any leather application. Shade and grain variations are to be expected as with any leather product.

926600 Elba (Finished)

Elba is a finished and protected leather that still provides a soft silky hand. The subtle two-tone adds depth to the colors and lends a transitional nature to this article. However, the traditional colors make Elba a great choice for any environment. Minimal color variations should be expected. The protection of Elba makes it perfect for a busy family room in an active household.

926800 Vintage (Aniline)

Vintage is a gorgeous aniline leather with a soft waxy topcoat made on water buffalo hides. Vintage has a slightly distressed appearance with a powder-like feel coat. As with any aniline leather, shade and grain variations are to be expected and appreciated. Vintage is a perfect leather selection for any leather enthusiast.

926900 Ultima (Finished)

Ultima is a natural grain protected leather with a very subtle two-tone effect. The topcoat provides the leather with a beautiful smooth hand and a strong protection story, making this leather a perfect choice for busy family room applications. Ultima's thickness and tannage help the leather retain its' appearance with minimal elasticity.

LEATHER DESCRIPTIONS

927100 Natural (Aniline)

Natural is a beautiful, buttery-soft leather with a gorgeous color pallet. With a subtle two-toned effect and a slightly plumper hand and grain structure, Natural will be perfect for a variation of style designs. As with any natural aniline leather, shade and grain variations are to be expected and appreciated.

927600 Florenza (Aniline)

Florenza is an aniline leather with a natural grain, that is hand finished with an effect that is done by hand, making each hide a one of a kind. This hand applied effect gives the leather visual interest and depth, making Florenza attractive on a variety of styles and applications. The extensive milling at the end of the finishing process gives this leather a very soft and pleasant hand.

927700 Avery (Aniline)

Avery is a distressed nubuk suede born leather with a luxurious feel and refined appearance. The tannery dresses the suede side of a hide with waxes and oils to offer a vintage inspired texture that will only be enhanced with wear. This leather will gain a rich patina over time and with use.

927800 Bexley (Aniline)

Bexley is a distinctive nubuk leather favored for its lived-in charm and unique character. It has a captivating two-toned color effect which creates a vintage inspired appearance that will make each hide distinctive and unique.

927900 Preserve (Aniline)

Preserve is an aniline leather which comes to life through touch and application. Designed on native New Zealand hides to showcase and celebrate the inherent beauty of nature; waxes and oils applied to the hides during the finishing process, create stunning pull-up, matte finish, and a soft drapey hand. This leather is made to look and feel like it's been around for generations.

928000 Clive (Aniline)

Clive is an aniline leather and is made with a dual finish of oil and wax. This gives it a distinctive and drastic pull up. When upholstered, this leather produces a brilliant burst of color while maintaining a polished appearance and a delicate feel.

928100 Nature (Nubuck)

Nature is a heavy weight nubuk leather with a thick full hand and tremendous depth. The aniline dyed hides are first tanned through in a time-consuming dying process, ensuring deep color penetration and saturation. The hides are then buffed to create the Nubuk effect to every hide. The touch of this leather is unparalleled, and its natural beauty and markings should be appreciated. The natural markings on each hide make every piece of furniture a one-of-a-kind masterpiece to be treasured for years to come. A rich patina will develop over time and with use. Shade, grain, and texture variations should be expected from hide to hide and within each hide as well.

928200 Kempton (Aniline)

Kempton is made on full grain buffalo hides and features a striking pull-up effect due to the oils and waxes infused into the leather. The rich and transparent colors of Kempton will vary due to its' aniline nature, and the grain structure will showcase the variation the buffalo hides are known for. As with all anilines, Kempton will wear in over time and with use.

928300 Montana (Aniline)

Montana is a natural grain aniline that will highlight natural markings, grain and color variation and beautiful transparency; all the qualities aniline leathers are known for. Color will vary from hide to hide and even within each hide due to the subtle variations in the way the waxes are absorbed into the hides. Montan will gain a rich patina over time and will fade when exposed to natural light.

928500 Bali (Aniline Plus)

Bali is a monochromatic leather, with semi-aniline specifications with a true aniline feel. The talky hand emulates even the most natural of leathers, while the slight protective topcoat helps to offer a family friendly story. The monochromatic colors make Bali a perfect match for today's transitional styles

928700 Gran Sasso (Aniline)

Gran Sasso is a refined aniline plus leather made on a heavyweight crust, giving this leather its' larger and varied grain structure. The extremely soft hand is provided by state-of-the-art tanning methods which adds to the transparency as well. Natural markings, grain variation, and healed scars

LEATHER DESCRIPTIONS

should be expected and appreciated as a sign of authenticity.

928900 Dutton (Aniline Plus)

The Dutton article celebrates natural beauty, highlighting each hide's unique markings and character. In Dutton, the variation is highlighted and embraced as a sign of individuality, making every piece this leather covers a true one of a kind. No two pieces will ever be the same, bringing raw elegance to any room it adorns. A special wax adds a slight bit of protection to this aniline plus article. Because the wax is transparent, this leather will fade when exposed to natural light.

929000 Waterloo (Aniline)

Using the finest US raw material, Waterloo is a traditional pull-up leather made with oils and waxes. When tightly upholstered, the color will burst, highlighting those areas, making every item more striking. The oils and waxes provide transparency only appreciated in fine aniline leathers. This leather will patina over time and with use. Natural markings are also highlighted. Waterloo will fade when exposed to natural light.

929100 Elysian (Aniline)

Made for the true leather aficionado, Elysian is made by hand in North Carolina on the highest-grade US hides available. The hides are tanned and aniline dyed creating tremendous transparency as the base. The hides are then hand rubbed with additional, slightly contrasting aniline dyes, creating a subtle, perfectly paired two tone effect. This creates a luxurious softness and touch making this article perfect for the discerning consumer. A very slight top coat adds a light protective layer, but this leather is still a true aniline. It will fade when exposed to natural light, and gain patina over time and with use.

929200 Elite (Finished)

This finished leather made on Brazilian hides is made on heavier weight hides to enhance the value. The state of the art tanning techniques used to make Elite create a leather with tremendous memory and very little elasticity, making the leather last for years while maintaining its' original shape and beauty. The smooth grain and matte finish make this leather perfect for today's transitional styling.

980008 Central Park (Finished)

Central Park is a finished leather with a slight cloudy effect created by a subtle two-toned effect. Central Park is soft and perfect for any leather application as it has a protective finish coating. This leather arrives already pre-cut and sewn to certain styles. Please refer to the Married Cover grid in the price list for specific information.

980018 Gaucho (Finished)

Gaucho is a heavier weight, natural leather that is milled to create the larger grain. The polished two-tone effect provides the leather with depth and visual interest. The protective top coat makes this finished leather perfect for any setting.

MAINTENANCE & CARE TIPS FOR YOUR LEATHER OR FABRIC

FINISHED LEATHERS

Finished leathers are practical for active households. These types of leathers are finished to provide resistance to staining and offer overall color consistency within a hide. These leathers are less affected by the harmful rays of the sun. Compared to other leather types, Finished Leathers generally require much lower maintenance.

ANILINE-PLUS LEATHERS

Aniline-plus leathers are quite simply aniline leathers PLUS a slight protective coating. This protective coating can be light pigmentation, staining, or a protective top-coat. These leathers offer the hand of an aniline while adding a slight coat of protection. These leathers are more affected by the harmful rays of the sun simply because they are not as heavily protected as finished leathers.

ANILINE LEATHERS

Aniline leathers are the closest to a pure and natural form. These leathers are tanned and colored with transparent dyes exclusively. The transparent dying process allows you to see the rich color hues unique to each hide and shows off each hide's one of a kind grain pattern. The rarest of Aniline leathers reflect the unaltered full top grain of the surface and have a remarkable skin-like feeling. Aniline leathers can also be made to highlight effects such as wax or oil pull-up, pebble grains, sauvages or distressing.

NUBUK LEATHERS

Nubuk leathers have the most varied and unique textures of all leathers. As soon as you sit down and feel the surface, you will know why people love Nubuk. These leathers are also dyed with transparent dyes, but the surface grain is machined with fine brushes to create the texture and famous Nubuk effect. It is almost like having a velvet leather. This effect gives the leather color depth and shading not found in any other type. Nubuk leathers can be made to create many different looks, from the most formal and refined to rugged casual.

GENERAL CARE TIPS FOR ALL TYPES OF LEATHERS

- Try to maintain at least two feet between your furniture and heating sources.
- Avoid placing your furniture in direct sunlight. All materials will fade over time when placed in direct sunlight. Take extra precautions to safeguard Aniline and Nubuk leathers from sunlight.
- Like all items in your house, leather will accumulate dust. Vacuum on a weekly basis to keep the dust particles from settling in the grain of the leather.
- All leathers perform better when preventative maintenance is practiced. For specific cleaning information contact:

FABRIC CLEANING CODES & INSTRUCTIONS

The following recommended cleaning codes are devised as the result of tests conducted by the fabric manufacturers and adhering to the methods requested by the Joint Industry Standards committee. They in no way intend to imply that we are in any way guaranteeing these fabrics or the cleanability thereof. Professional dry cleaning is recommended. To prevent overall soiling, frequent vacuuming or light brushing is recommended.

S Clean this fabric with pure solvents (Petroleum Distillate-based Products). Professional dry cleaning is recommended. CAUTION: Use of water-based or detergent-based solvent cleaners may cause excessive shrinking.

W Clean this fabric with water-based foam to remove overall soil. Many household cleaning agents are harmful to the color and life of a fabric.

WS Clean this fabric with water-based cleaning agents, foam, or pure solvents (Petroleum Distillate-based Products).

DC Clean this fabric by Professional Dry Cleaning only.

Novelty Leather Program

Novelty leathers consist of embossed patterned leathers (crocs, wood grain etc.) and hair-on-hide leathers and are used to "dress up" the furniture selections in combination with a plain leather or fabric. Novelty leathers should not be used all over on a chair/sofa unless prior approval is obtained. Novelty leather # must be entered as Primary Cover when placing your combination order.

Most common areas for novelty placement

Arm Panels on chairs/sofa

Outarms and/or Outbacks on chairs/sofas

Inback on tight back chairs

Front rail on chairs/sofas

Outwing in wing chairs/sofas

Bolster Pillows included with sofas/chairs

Bolster or Pillow only (included with chair/sofa) = \$150 upcharge

Choose your color (see list below) face side only/primary cover on backside

Novelty leathers can not be used for welt, a leather or fabric must be selected for this area.
