1 CONDITIONS OF SALE: Merchandise is manufactured to customer's specifications **CANCELLATIONS WILL NOT BE ACCEPTED AFTER A STYLE(LINE-ITEM) ON AN ORDER IS SCHEDULED FOR PRODUCTION!** Prices, Dimensions and Manufacturing Specifications are subject to change without notice.

2 TERMS: Our standard terms are Net 30, unless otherwise specified.

3 CALIFORNIA TB117-2013 FLAMMABILITY CODE: All styles meet California TB117-2013 Flammability Code

4 ORDER INFORMATION REQUIRED: The following information should be included with any order to avoid delays in processing and to insure that you receive what you wanted:

- | | |
|---|--|
| * Dealer Name | * Description |
| * Dealer Billing Address | * Cover Number (xxxx-xx)/Numbers (combo) |
| * Dealer Ship to Address | * Finish choice |
| * Any Special Instructions including routing | * Nail choice (if available) |
| * Quantity | * Any other options requested |
| * Style Number | (Sectional Seating by design pieces require 2 specified options) |

* **Orders:** Our orders are entered by style numbers, not names. We make every effort to proof all orders for errors but we request that you carefully review your order acknowledgement for accuracy.

You may send your order via email to: byorders@hookerfurniture.com

5 BRADINGTON-YOUNG WOOD FINISHES: Below is a list of our available wood finishes.

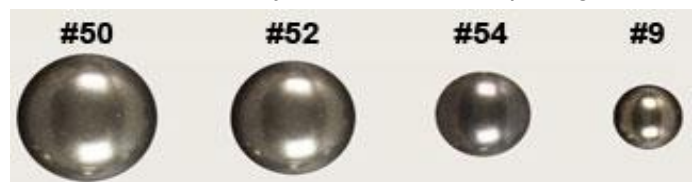

- | | |
|------------------------------|--|
| * American Honey (AH) | Organic feel enriched by a warm, honey-toned coloration |
| * Casablanca (CB) | Deep rich brown with flyspecks and hand distressing. |
| * Cobblestone (CO) | Deep rich taupe/brown in color accented by medium dry brushing and distressing. |
| * Dockside (DS) | Warm taupe tones accented with distressing. Two coats of sheen lacquer glazed and brushed. |
| * Espresso (ES) | Umber in color with no specks or hand distressing. |
| * Mahogany (MH) | One coat of dark brown stain. |
| * New Classiques (NC) | Medium Brown in color with dark light highlights and light flyspecks. |
| * Plantation (PL) | Deep rich brown in color. No distressing or flyspecks. |
| * Satin Black (SB) | One coat of black enamel. |
| * Stone (ST) | Warm gray tones accented by dry hand brushing. |

Any order received without a specified finish will be produced in our standard finish: (Mahogany) unless the standard for that style is listed otherwise.

6 BRADINGTON-YOUNG DECORATIVE NAIL FINISHES: Below is a list of our available nail finishes.

All of our nails are available in 4 sizes. Any deviation from the standard size for each style will result in an upcharge.

- | | |
|------------------------------|------------------------|
| * Antique (AN) | * Nickel (NI) |
| * French Natural (FN) | * Old Gold (OG) |
| * Gunmetal (GM) | * Pewter (PN) |
| * Natural (BN) | |

15/16" 7/8" 5/8" 7/16"

Any order received without a specified nail finish will be produced in our standard nail finish: Natural unless the standard nail finish for that style is listed otherwise.

A change in size from the standard nail for any given style will require an upcharge per piece unless that style cannot be produced with an alternate size nail.

CONSTRUCTION STORY INSIDE AND OUTSIDE

FRAME: Multi-ply, 7/8" engineered laminated hardwood frames are precision machined for an exact fit. Mortise and Tenon joints are reinforced with cross-banding to create frames with superior dimensional stability.

SEAT DECK: Motion styles utilize a rigid bar spring unit that evenly distributes the weight load offering unparalleled seating comfort for our reclining chairs. Stationary styles employ double-cone coil springs that are eight-way hand tied and then secured to polypropylene webbing that is reinforced with steel banded grids for additional support.

SEAT CUSHIONS: Standard seat cushioning is style specific and consists of one of three offerings:

HR FOAM: A high resilient (HR) polyurethane core cut to boxing size and wrapped in a layer of polyester fiber. The fiber-wrapped core is then topped with a channeled envelope generously filled with virgin polyester fibers encased in a down-proof muslin ticking providing a slow release of air for the occupant.

PREMIER DOWN: These cushions are constructed from a two-tier foam foundation. The bottom layer is firm for lasting support and the top layer is soft for sink-in comfort. The cushions are then wrapped in a down proof ticking filled with a generous blend of down, feathers and fibers. This cushion is designed to relax and "puddle" for a luxurious, lived-in look that complements our more casually styled offerings.

SPRING DOWN: Cushions consist of a 4 ½" **MARSHALL** coil unit encased in premium foam. The cushion is then wrapped with a low-melt fiber on top and bottom. The Spring Down cushion is then surrounded by a down-proof ticking filled with a luxurious blend of down, feathers and fibers. This cushion is designed to provide superior comfort combined with great resiliency.

BACK AND HEAD PILLOWS: Filled with 100% virgin polyester fibers enclosed in a special ticking designed to provide pillow-soft comfort.

RECLINING MECHANISMS: Heavy gauge, high tensile strength steel is used to create mechanisms that provide years of trouble-free operation. Our mechanisms are secured to the frames using a welded steel chassis assembly for superior strength and stability. All reclining styles and certain comfort loungers are also available with a motorized (power) option (excluding certain comfort loungers and swivel gliders). Standard Power on these styles will use a Power Button (PB). Battery Pack option for all Power Recliner Mechanisms uses a Power Battery Pack Button (BB). **All Wall-Hugger styles (7000 Series), Comfort Loungers and Varitilts** (non-power) have an inside mechanism release located between the seat deck and the inside arm. For Wallhugger and Swivel Glider recliners, a new Outside release option is now available.

INTERIOR FILLING: Pattern cut urethane foam is padded with polyester fibers for increased comfort, loft, resilience and shape retention.

OUTSIDE PADDING: For quality tailoring and durability, the outsides of our offerings are padded with strong bonded fibers.

STANDARD MATTRESS

The manufacturer's standard mattress (-79) is a queen size (60" X 72") featuring 6-inch innerspring coils, 13 across and 10 length-wise, for a total of 130 coils. The mattress is 5½" thick and features the finest materials standard in the furniture industry today. See individual styles for pricing.

AIR DREAM MATTRESS

The manufacturer's air dream ultra-mattress (-69) is a queen size (60" x 72") featuring a 6" Air bladder and a total of 276 coils. The mattress is 10" fully inflated, 5" deflated and features the finest materials standard in the furniture industry today.

FIRE RETARDANCE

We are following the studied recommendations of the TB117-2013 in engineering our materials so that we can reduce the possible ignition of a burning cigarette. **Care needs to be exerted by all in order to prevent needless fires.**

Dimensions for each style are listed in the body of the price list grid. Please note these dimensions are approximate and may vary up to 2 inches because each style is handmade.

MANUFACTURER'S WARRANTY

RECLINING MECHANISMS AND SPRINGS: Bradington-Young warrants to you, the original retail purchaser, protection against defective materials or workmanship for a period of five (5) years from the original date of purchase, based on reasonable use. Bradington-Young will, at its discretion, repair or replace the part of the mechanism that is defective. After the first year of use, the mechanism warranty covers replacement parts only and does not cover any associated labor or shipping costs.

FRAME PARTS: Bradington-Young warrants to you, the original retail purchaser, protection against materials or workmanship for the useful life of the product, as long as it remains upholstered in the original covering and is used under normal conditions. Bradington-Young will, at its discretion, repair or replace the part that is defective. After the first year of use, the frame warranty covers replacement parts only and does not cover any associated labor or shipping costs.

FILLING MATERIALS: Bradington-Young warrants to you, the original retail purchaser, protection against defective materials or workmanship of the inside back filler, padding and other filling materials for a period of one (1) year from the date of original retail purchase. Compression of filling materials with use is normal and should not be considered loss of resiliency.

CUSHION CORES: Bradington-Young warrants to you, the original retail purchaser, protection against abnormal loss of resiliency for the useful life of the product, as long as it remains upholstered in the original covering and is used under normal conditions. Some softening and flattening of the foam core and fiber/feather wraps should be expected and will not be considered defective. After the first year of use, the cushion core warranty covers replacement cores only and does not cover any associated labor or shipping costs.

POWER RECLINE: Bradington-Young warrants to you, the original retail purchaser, protection against a defective power recline mechanism for a period of (3) years from the date of original retail purchase. Bradington-Young will, at its discretion, repair or replace the part of the mechanism that is defective. After the first year of use, the mechanism warranty only covers replacement parts and does not cover any associated labor or shipping costs. Please understand that Bradington-Young will invoice you for the new parts but will be glad to credit you for the old parts if returned within 30 days.

BATTERY PACK (POWER RECLINER OPTION): Bradington-Young warrants to you, the original retail purchaser, protection against a defective battery pack associated with the power recliner option for a period of one (1) year from the original date of purchase. The mechanism warranty only covers replacement parts and does not cover any associated labor or shipping costs. Battery pack cycle will vary based on use and the use of the USB for devices. Battery packs recharge in 8 hours and can retro-fit to past motors and control boxes (cable needed). More battery pack information can be found on our website, www.bradington-young.com.

CLAIMS: To make a claim under this Warranty, contact the dealer from whom the product was purchased with your dated proof of purchase. If the dealer finds return to the factory to be necessary, repair or replacement of defective parts will be made through the dealer during the first year at no cost to the customer, except for the cost of packing and shipping to and from the factory. **After the first year of purchase, the above warranty covers REPLACEMENT PARTS ONLY and does not cover labor or shipping costs of parts. After the first three years, the mechanism must be returned to Bradington-Young in order to take advantage of the Warranty.**

WARRANTY LIMITATIONS: This warranty does **NOT** include:

- The wearing quality, durability, and color fastness of **FABRICS OR LEATHERS**.
- Any condition resulting from incorrect or inadequate maintenance, cleaning or care.
- Any condition resulting from other than ordinary residential wear, or from any use for which the product was not designed.
- Bradington-Young is **NOT** responsible for fading or discoloration of leather due to sunlight (direct or indirect) or body oils.
- Bradington-Young is **NOT** responsible for pickup and delivery charges for local repairs or inspections under the above warranty.
- Any condition resulting from the use of an aftermarket cleaning/conditioning product.

Bradington-Young's obligation under this Warranty is limited to repair or replacement in accordance with the terms of this warranty. There are no warranties, either expressed or implied, offered by Bradington-Young other than those herein described. Coverage under this Warranty does not include incidental or consequential damages other than the coverage described above. Some states do not allow limitation on how long an implied warranty lasts or the exclusion or limitation of incidental or consequential damages, so the above limitations or exclusions may not apply to you. This warranty gives you specific legal rights, and you may also have other rights, which vary from state to state. Any questions concerning the product or this Warranty should be addressed to Bradington-Young Attn: Director of Customer Service; 4040 10th Ave DR SW, Hickory, NC 28603.

To avoid problems, written authorization from the factory is needed before the return of merchandise for any reason. All inquiries should be sent to the following address: **Bradington-Young, Attention: Parts & Service, 4040 10th Ave DR SW, Hickory, NC 28603. Phone: 276-656-3322 and Fax: 1-800-388-2289 or email us at: by@hookerfurniture.com.** Authorization for local repairs of goods manufactured by Bradington-Young must be obtained from the Bradington-Young Parts & Service department, prior to repairs.

Certificate of Compliance (COC)

Customer's-Own-Material (COM) Orders for California

Required for each COM order unless we have a Permanent COC on file^(A)

Reference Order# _____ Date _____

I, (name) _____ an officer at (Company name) _____ certify that this COM order **Is Not** being produced for a dealer, business, **or** consumer in California?

Signature _____ Corp Title _____ Date _____

If the answer "**Is Not**" for California, then return this form completed with the information above with your COM order. There is no further action required.

If the answer "**IS**" for a dealer, business, or consumer in California, then the following certification must be completed and returned.

In recent years, there has been increasing concern by some scientists and consumers about the use of flame retardant chemicals. Until more research can be done to show the benefits and safety from these chemicals, Hooker Furniture has chosen to avoid materials with these chemicals. As a requirement of California's laws governing TB117-2013, SB1019, and Upholstery Law Licenses, we must have documentation supporting that no added flame retardants were added to your COM materials for the order referenced above. There is an option available for COM materials that were obtained in such a way to not know if added flame retardant chemicals were used.^(B) Please complete and return the following:

I, (name) _____ an officer at (Company name) _____ certify that the Customer Owned Materials (COM) supplied to Hooker Furniture Corporation, its divisions and/or subsidiaries (hereinafter collectively referred to as "Hooker Furniture") by our Company for the order referenced above either ☐ does not contain added flame retardant chemicals or ☐ it is not known if the COM material has flame retardant chemicals? **(Check one box)**

I also certify that the COM fabric/leather has ☐ PASSED or ☐ FAILED^(C) section 1 of California TB117-2013, or the ☐ test results are not known^(D) **(Check one box)**. I further agree that our company (the Indemnitor) agree(s) to indemnify and hold harmless Hooker Furniture and their officers, employees, and agents (Indemnitees) from any and all claims, liabilities, demands, suits, causes of actions or proceedings of any kind or nature, losses or damages including attorneys' fees and costs of defense, that may result from any Customer Owned Materials (COM) supplied directly from or on behalf of our business or client(s).

Signature _____ Corp Title _____ Date _____

A) Contact Customer Relations or your Account Representative for more information about Permanent COC options.

B) California requires the TB117-2013 label to show contain added flame retardant chemicals without documentation to show no added flame retardant chemicals were used in the COM materials.

C) Fabrics/leathers that fail TB117-2013 Section 1 will require additional charges - Contact Customer Relations

D) 3rd party testing lab charges and added time will be required when TB117-2013 section 1 test results are not known.

Decorative / Cocktail Ottoman Contrasting Border Upcharge

Contrasting Border in Fabric: \$300 upcharge / Contrasting Border in Leather: \$450 upcharge (see Novelty Grid for novelty upcharges)

Choose a Recliner series.....Sit Back.....Relax and Enjoy!!!

2000 Series: Low Leg Recliners

Simply

push on the arms to recline. You can upgrade to Power recline (at an upcharge) to activate your recliner with the soft-touch power button (linked to transformer that plugs in the wall) or to a battery pack (an additional upcharge). Distance needed to fully recline: 14" to 17"

3000 Series: 3-way Lounger

Simply push on the arms to recline. You can upgrade to Power recline (at an upcharge) to activate your recliner with the soft-touch power button (linked to transformer that plugs in the wall) or to a battery pack (additional upcharge). Distance needed to fully recline: 14" to 17"

7000 Series: Wallhugger Series (Wallsaver)

A Wallhugger (wallsaver) is a recliner in which you use an activator to recline. The standard activator is a door-latch Outside release or you may choose the optional inside handle release. You can upgrade (at an upcharge) to the soft-touch power button (linked to transformer that plugs in the wall) or to a battery pack (an additional upcharge). A Wallhugger recliner only needs to be approximately 4" from the wall to fully recline. You can also upgrade to a Swivel Glider Recliner in all 7000 Series chairs (available in manual or power). Swivel Glider option requires 12" to 14" from the wall.

4000 Series: Hi-Leg Lounger

Simply push on the arms to recline. You can upgrade to Power Recline (at an upcharge) to activate your recliner with the soft-touch power button (linked to transformer that plugs in the wall) or to a battery pack (an additional upcharge). A Hi-Leg recliner is generally higher off the floor than our 3000 series recliners which allows this recliner to feature an extra small footrest, making this ideal for taller people. Distance needed to fully recline: 14" to 19"

Soft Touch Power Button (PB)

Actual size: 2 5/8" x 1 1/4"

Power Headrest Power (PB)

Actual size: 3 1/4" x 2"

Wall-mount transformer included with PB upcharge. (additional cord pictured is to be used along with the transformer for additional plug-in length)

Battery Pack (included with wall-mount transformer pictured above with BB upcharge)

Plaza Midwood Program

Moderately Scaled Stationary....Your Way

To create your own casual, moderately-scaled Stationary Sofa or Sectional....choose from the following options....

- One of our arm style designs listed below
- Your Cover
- Your Foot (Tapered Leg (STD) or Conical Leg (Optional)
- Your Finish: Choose from one of our 10 Premium Wood Finishes
- Your Nail Head Trim: Choose from one of our 7 Nail Head Finishes (773 and 774 arms only)

All pieces in the program are designed with the same engineered hardwood frame construction. These stationary SKUs feature an 8-way hand tied spring system with a standard Spring Down seat cushion that provides optimum seating comfort and lasting quality. Each piece features loose back pillows. All styles are available in leather, fabric, or leather/fabric combination.

Style 770 – Madison Series: Transitional Roll Arm (Nail Trim not Available)

Style 771 – Melville Series: Modern Track Arm (Nail Trim Not Available)

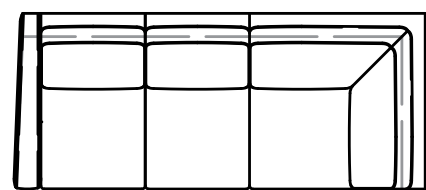

Style 772 – Marleigh Series: Modern Flared Arm (Nail Trim Not Available)

Style 773 – Manning Series: Modern Shaped Arm (Standard with Nail head trim, No Nail option available)

Style 774 – Mallory Series: Transitional Key Arm (Standard with Nail head trim, No Nail option available)

All arm styles offer multiple seating configurations along with a companion swivel chair and recliner. Line drawings and dimensions of the various pieces that are available in the collection are shown on the next page. The full range of components allow for a wide variety of configurations, thus providing the ability to fit in almost any scale of room.

Luxe For Living Program

Luxury Stationary and Motion....Your Way

To create your own Stationary/Motion Sofa or Sectional....choose the following options....

- One of our arm style designs listed below
- Your Cover
- Your Stitching Treatment (Welt or Double-Needle)
- Your Foot (Turned Leg or Tapered Leg)
- Your Finish: Choose from one of our 10 Premium Wood Finishes
- Your Nail Head Trim: Choose from one of our 7 Nail Head Finishes

All pieces in the program are designed with the same engineered hardwood frame construction. Stationary SKUs feature an 8-way hand tied spring system while our Motion SKUs feature a sinuous wire spring system. The standard seat cushion is Spring-Down which provides optimum seating comfort and lasting quality. Each motion piece features semi-attached back pillows while each stationary piece features loose pillow backs. All styles are available in leather, fabric or leather & fabric combination.

Style 201 – Raymond Series: Modern Track Arm Design (Nail Trim not Available)

Style 202 – Reece Series: Pleated Roll Arm Design (Standard with Nail Head Trim, No Nail option available)

Style 203 – Revelin Series: Elegant arm design with front pleat (Standard with Nail head trim, No Nail option available)

Style 204 – Raiden Series: Traditional Pad over arm (Standard with Nail head trim, No Nail option available)

Style 206 – Robinson Series: Teardrop roll arm (Standard with Nail head trim, No nail option available)

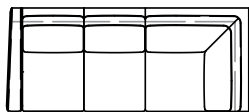

All styles offer multiple configurations. Line drawings and dimensions of the various pieces that are available in the collection are shown on the next page. The full range of components allow for a wide variety of configurations, thus providing the ability to fit in almost any scale of room.

*** Important Information for configuring your Sectional ***

Due to the use of different seat spring units, it is recommended that you not mix Stationary and Motion SKUs within the same sectional. Please also be aware of placement of motion pieces. For example, placing an armless recliner directly beside a true corner or corner return sofa may not allow the recliner to open properly due to direct placement perpendicular to another piece.

Luxury Motion Seating Program – Power Footrest

Luxury Motion....Your Way

To create your own Motion Sofa or Sectional....choose the following options....

- One of our style designs featured below
- Your Cover
- Your Finish: Choose from one of our 8 Premium Wood Finishes
- Your Nail Head Trim: Choose from one of our 7 Nail Head Finishes

All pieces in the program are designed with the same engineered hardwood frame construction, featuring a sinuous wire spring system. The standard seat cushion is Spring-Down that provides optimum seating comfort and lasting quality. Each piece features semi-attached back pillows. All of the styles are available in leather, leather & fabric combination, or all fabric.

Style 916 – Newman Series: Casual Pub back style with a teardrop roll arm
(Available with nail head trim)

Style 920 – Whitaker Series: Casual, traditional style with a pleated panel arm
(Available with nail head trim)

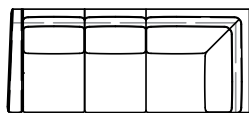

All styles offer multiple configurations. Line drawings and dimensions of the various pieces that are available in the collection are shown on the next 2 pages. The full range of components allow for a wide variety of configurations, thus providing the ability to fit in almost any scale of room.

***** Important Information for configuring your selection *****

Reclining SKUs can connect to other reclining SKUs, however due to the additional frame panel this will create a $\frac{3}{4}$ " gap on the back of the frame if the configuration is designed to connect them. Motion seats are not designed to connect exactly to other motion seats. Please make sure when designing your configuration selection that you keep this in mind:

For example: Use the (-70) Double Reclining Loveseat SKU versus trying to connect a (-17) LAF recliner with a (-18) RAF recliner when configuring a dual-seat motion loveseat.

Luxury Motion Seating Program – Power Footrest & Headrest

Luxury Motion with Power Headrests....Your Way

To create your own Motion Sofa or Sectional....choose the following options....

- One of our style designs featured below
- Your Cover
- Your Finish: Choose from one of our 8 Premium Wood Finishes
- Your Nail Head Trim: Choose from one of our 7 Nail Head Finishes

All pieces in the program are designed with the same engineered hardwood frame construction, featuring a sinuous wire spring system. The standard seat cushion is Spring-Down that provides optimum seating comfort and lasting quality. Each piece features semi-attached back pillows. All of the styles are available in leather, leather & fabric combination, or all fabric.

Style 960 – Imagine Series: Transitional two-piece back style with an extended arm panel (Available with nail head trim)

Style 962 – Discovery Series: Traditional pub back style with a roll arm (Available with nail head trim)

Style 964 – Cadence Series: Tailored, transitional style with a scalloped arm (Nail head Trim UNAVAILABLE)

Style 968 – Nicoletta Series: Transitional Track Arm (Standard with Nail head trim, No nail version also available)

Style 969 – Raven Series: Casual Pub back style with a teardrop roll arm (Standard with nail head trim, No nail version also available)

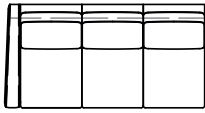

All styles offer multiple configurations. Line drawings and dimensions of the various pieces that are available in the collection are shown on the next page. The full range of components allow for a wide variety of configurations, thus providing the ability to fit in almost any scale of room.

*** Important Information for configuring your selection ***

Reclining SKUs can connect to other reclining SKUs, however, motion items have an additional frame panel which would create a ¾" gap on the back of the frame if the configuration is designed to connect them. Motion seats are not designed to connect precisely to other motion seats. Please make sure you do not place an armless recliner (-33) next to a true corner (-66). Please make sure when designing your configuration selection that you keep this in mind:

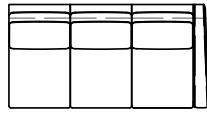

For example: Use the (-70) Double Reclining Loveseat SKU versus trying to connect a (-17) LAF recliner with a (-18) RAF recliner when configuring a dual-seat motion loveseat.

Luxury Motion Seating Program – Power Footrest & Headrest

“City-Scaled” Luxury Motion with Power Headrests....Your Way

To create your own Motion Sofa or Sectional....choose the following options....

- One of our style designs featured below
- Your Cover
- Your Finish: Choose from one of our 8 Premium Wood Finishes
- Your Nail Head Trim: Choose from one of our 7 Nail Head Finishes

All pieces in the program are designed with the same engineered hardwood frame construction, featuring a sinuous wire spring system. The standard seat cushion is Spring-Down that provides optimum seating comfort and lasting quality. Each piece features semi-attached back pillows. All of the styles are available in leather, leather & fabric combination, or all fabric.

Style 941 – Loewy Series: Transitional two-piece back style with a wrapped front arm panel (Nail head trim UNAVAILABLE)

Style 942 – Pauley Series: Traditional pub back style with a roll arm (Standard with nail head trim, No Nail option available)

Style 944 – Dixon Series: Transitional two-piece back style track arm with a flair (Nail head Trim UNAVAILABLE)

Style 945 – Cherrie Series: Transitional two-piece back style with a key arm (Standard with nail head trim, No Nail option available)

Style 946 – Revington Series: Transitional pub back style with a swoop arm (Standard with nail head trim, No nail option available)

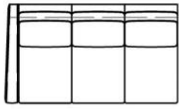

All styles offer multiple configurations. Line drawings and dimensions of the various pieces that are available in the collection are shown on the next page. The full range of components allow for a wide variety of configurations, thus providing the ability to fit in almost any scale of room.

*** Important Information for configuring your selection ***

Reclining SKUs can connect to other reclining SKUs, however, motion items have an additional frame panel which would create a ¾" gap on the back of the frame if the configuration is designed to connect them. Motion seats are not designed to connect precisely to other motion seats. Please make sure you do not place an armless recliner (-33) next to a true corner (-66). Please make sure when designing your configuration selection that you keep this in mind:

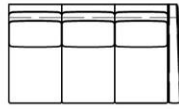

For example: Use the (-70) Double Reclining Loveseat SKU versus trying to connect a (-17) LAF recliner with a (-18) RAF recliner when configuring a dual-seat motion loveseat.

Sectional Seating by Design

Sectional Seating by Design allows you to choose:

- Your Configuration
- Your Arm
- Nail Head Trim
- Turned Leg (Bun Foot) or a Tapered Leg
- Your Finish
- Double-Needle or Welt

**** Armless and one-armed pieces are not “finished” on the side where there is not an arm. Can be done for an upcharge. See page 9 for upcharge****

All pieces in the program are designed with the same engineered hardwood frame construction, featuring a bench-made eight-way hand-tied spring system. The seating consists of a blend-down cushion that provides optimum seating comfort. Each piece features loose back cushions that are firmly secured with Velcro. This allows the backs to be removed and fluffed for continued comfort and appeal. All of the styles are available in leather, leather & fabric combination, or all fabric.

Style 220, 3220 – WARNER Series: Scooped Panel Arm with Nail Head Trim

Style 221, 3221 – STERLING Series: Bombay Arm with Nail Head Trim

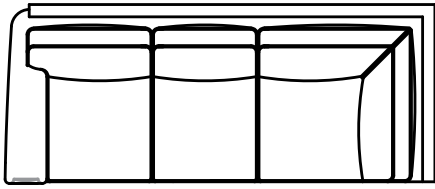

Style 223, 3223 – HANLEY Series: Track Arm (Nail Head Trim UNAVAILABLE)

Style 229, 3229 – RANDLEMAN Series: Shaped Pad Arm with Nail Head Trim

All styles offer multiple configurations. Line drawings and dimensions of the various pieces available in the collection are shown on the next page. The full range of components allow for a wide variety of configurations, thus providing the ability to fit in almost any scale of room. In addition, each style has 2 size sofas, matching chair and ottoman, as well as a correlating recliner.

4. Outside Contrasting Parts = Any Grade 1 - 3 Fabric

Collage pricing using above format = 10% off of Graded leather choice (#2)

***** Any deviation from above format results in all leather pricing *****

LEATHER DESCRIPTIONS

901200 Finished

Outsider has a smooth, tight grain texture. Its unique tannage provides a luxurious drape and suppleness of hand highlighted by a new kela design effect. A light clear coat application to the surface enhances the endurance of this lightly protected leather. It is not always possible to assure the consistency of coloration or grain structure.

906700 Finished

Empyrean offers a soft, smooth, consistent grain along with a fresh, modern color palette. Empyrean is embossed with a tight grain and has a machine applied two-tone effect. This stylish leather will offer the consumer consistency, a stain and wearability story as well as a silky hand leading to the appeal of many people. It is not always possible to assure the consistency of coloration or grain structure.

907200 Finished

Dorado is a natural, top grain leather that has been fully aniline dyed. Every hide goes through a light buffing process to clean the surface from every small imperfection and prepare them to receive a light coat of pigment colors. A fine print is then applied to help every hide develop into the dry drum a beautiful uniform natural grain. The unique two-tone aniline kela effect gives this leather its distinctive look and character. Shade and grain variations are still possible in this type of leather.

910400 Finished

Corinthian is a natural, top-grain leather that combines a super-soft touch with a beautiful transparent finishing technique designed to highlight the article's natural characteristics. Each hide is meticulously dyed to create a two-toned effect that produces subtle contrasts throughout each piece upholstered in the leather. Durable enough to perform for today's energetic families, yet soft and supple enough to impress even the most discriminating leather enthusiast, Corinthian offers the best of both worlds. It is not always possible to assure the consistency of coloration or grain structure.

911000 / 988600 Finished

Aspen features a very soft hand, almost talc-like, along with a smooth, tight grain. Aspen is drapeable and versatile for any leather application. Aspen offers a cleanability story and is a proven winner for family rooms and high traffic areas. Shade and grain variations are still possible in this type of leather.

912500 / 984800 Finished

Timberland is a natural, top-grain leather that combines a super-soft touch with a beautiful transparent finishing technique designed to highlight the article's natural characteristics. Each hide is meticulously dyed

to create a two-toned effect that produces subtle contrasts throughout each chair upholstered in the leather. Durable enough to perform for today's energetic families, yet soft and supple enough to impress even the most discriminating leather enthusiast, Timberland offers the best of both worlds. Even with the truest of finished leathers, it is not always possible to assure the consistency of coloration or grain structure.

913800 Finished

Revolution is a super, silky-soft, finished leather with a fashion-forward color palette making it perfect for any leather application. Even with the truest of finished leathers, it is not always possible to assure the consistency of coloration or grain structure.

914600 Finished

Saloon was designed with a gentle, matte finish and a waxy, crackled effect in combination with a patented topcoat making this a finished leather. Saloon was also designed to resist scratching and to have minimal color variation. All of these characteristics combined make Saloon the perfect choice for any leather application. Shade and grain variations are possible in this type of leather.

915300 Finished

Milestone features a very soft hand along with a smooth, tight grain. Milestone is drapeable and versatile for any leather application. As with all finished leathers, it is not always possible to assure the consistency of coloration or grain structure.

915700 Aniline

Southern Comfort is a rough, rugged aniline leather that brings a "mountain lodge" feel to a leather that can be used on any furniture application. Color and grain will vary as this leather is a unique beauty. Do not expect this leather to be uniform in color as highs and lows occur within each hide. All variations shall be considered a testament to the natural beauty of this leather.

917200 Finished

Applause is a fully protected leather with a hand-wiped look, the perfect choice for trying to balance a vintage appearance with high wear results. It is not always possible to assure the consistency of coloration or grain structure.

917500 Aniline

Harness is a truly natural leather with a clear, wax finish that reveals all of the features of full grain leather and highlights the rich, natural colors tones. Developing a beautiful patina over time, this leather will vary in coloration and grain structure and will showcase

LEATHER DESCRIPTIONS

all of the beautiful natural markings this leather has to offer.

918500 Aniline-Plus

Williamsburg, a semi-aniline leather, offers a multi-layer two-toned effect and thick, pebble-grain with and a soft, buttery hand. It is not always possible to assure consistency of coloration or grain structure.

918700 Aniline

DO NOT EXPECT THIS LEATHER TO BE UNIFORM IN COLOR OR GRAIN STRUCTURE. Winchester is distressed with waxes and oils, milled and then polished to create a rich, rustic elegance with a soft, velvety surface touch that highlights the natural aspects of the leather. Natural markings will be highlighted in this leather and should be expected and appreciated.

919600 Aniline

Crafted from full-grain buffalo hides, Cambridge features a striking pull-up and authentically aged aesthetic that immediately draws you in. The rich, rustic elegance of Cambridge will certainly vary in coloration and grain structure as will highlight all of the natural markings found within each hide.

919900 Nubuck

DO NOT EXPECT THIS LEATHER TO BE UNIFORM IN COLOR OR GRAIN STRUCTURE.....The soft, velvety hand, bold, energetic coloration and lavish tracking effect of Cottswold exude sophistication and elegance capturing the essence of the luxury of touch. Revel in the beauty of Cottswold knowing you will own a "one-of-a-kind " with each purchase.

920100 Aniline-Plus

Portofino is a beautiful, semi-aniline leather with deep saturation of color produced on large, beautiful European hides. It is not always possible to assure the consistency of coloration or grain structure.

920300 Finished

Dreaming is a clean & crisp, glove-soft, finished leather that is simply perfect for any lifestyle or leather application. Dreaming is for the leather enthusiast seeking the romantic touch of an aniline leather that comes along with a protection story. It is not always possible to assure the consistency of coloration or grain structure.

920400 / 985400 Aniline-Plus

Elegance is a beautiful, natural grain with a soft sheen. Elegance combines a supple, buttery hand with a remarkable natural pebble grain that is mostly consistent throughout the hide. It is not always possible to assure consistency of coloration or grain structure.

920500 Aniline

Windsor, an incredibly soft, full-bodied aniline, has a subtle yet stunning pull-up effect that further enhances its overall aesthetic, offering additional character and dimension. The beautiful color burst when pulled will be highlighted on all tightly upholstered areas. Please expect dark and light areas due to this gorgeous pull-up effect. Like all aniline leathers, it is not always possible to assure consistency of coloration and grain structure.

920600 / 983400 Finished

Vallentino is a protected leather that features a beautifully balanced two-toned effect. Its see-through effect and smooth, spongy hand make Vallentino the most sought after finished leather. As with all leathers, it is not always possible to assure consistency of coloration or grain structure.

920900 Aniline

Tapestry is a full-grain, hand-antiqued leather that is hand stained with a single aniline dye color to create a tone-on-tone effect and then further topped with a matte clear coat. The beauty of this leather is the unique colorations that stem from the hand-craftsmanship of the hand-staining process along with the varied grain structures of the full-grain hides. This leather is for the complete leather enthusiast that understands the uniquely stained hides and varied grain structures of a full-grain leather.

921100 / 985200 Finished

Triomphe is a natural, top-grain leather that combines a super-soft touch and subtle two-toned effect durable enough for today's energetic families, yet supple enough to impress even the most discriminating leather enthusiast. It is not always possible to assure the consistency of coloration or grain structure.

921300 Aniline

Haven has a soft, supple hand and is produced with an innovative staining process that gives an authentically aged appearance. The visual aesthetic exudes genuine character that will showcase shade and grain variations. The inherent beauty of Haven includes the depth of transparency into the leather highlighting all natural markings.

921500 Aniline-Plus

Rio has a soft aniline, two-toned effect sprayed over the base coat to give the leather a natural, antiqued look. With an extremely soft hand and deep saturation of color, this leather is perfect for any upholstery application and for any room in the house.

921600 Aniline

Dominion's striking pull-up effect exudes a rugged elegance with a soft, luxurious hand that tailors beautifully on any frame. This natural leather will showcase any and all natural markings and as with any

LEATHER DESCRIPTIONS

pull-up, shade and grain variations are to be expected and appreciated.

921700 Aniline

Prairie is a "one-of-a-kind" article where crusts are brought into the US and individually hand-wiped to create a beautiful, unique look. Prairie colorations and grain structure will vary within each hide and from hide to hide. As each hide is hand-crafted, natural markings will highlight the inherent beauty of the life of the animal.

Please do not expect that any 2 hides will match as this leather is to be viewed as an artists canvas unique to each masterpiece.

921900 / 980000 Aniline-Plus

Rogue, with a subtle two-toned effect and a micro-pebble grain, is a hearty aniline plus leather with an incredibly soft, smooth hand.

922000 Aniline-Plus

Aline is a beautiful semi-aniline leather with a slight two-toned effect and a soft, talc-like hand. Aline is versatile and will complement any frame style with its ability to drape well.

922100 / 980015 Aniline-Plus

Anilina is a gorgeous semi-aniline leather with a more pronounced two-toned effect. The highs and lows of this article accentuate the grain pattern finished off with a slight sheen coat. The color saturation makes Anilina the perfect choice for any application.

922400 Aniline

Belmont is a beautiful aniline leather with rich color hues that accentuate the oil infusion of the leather. With a soft hand and drapeable aesthetic, Belmont is sure to win over the leather enthusiast. Consistency of coloration will vary in this leather and should be expected and appreciated.

922900 / 980009 Finished

Alpine is a finished leather with a slight cloudy effect created by a subtle two-toned effect. Alpine is soft and perfect for any leather application as it has a protective finish coating. 980009: This leather arrives already pre-cut and sewn to certain styles. Please refer to the Married Cover grid in the price list for specific style information.

923000 / Aniline

Summit is a gorgeous, aniline pull-up leather with a nice color burst that highlights all natural markings. Each hide brings unique character as they are stretched and pulled to create a beautifully upholstered piece. Consistency of coloration and grain structure will vary in this leather and should be accepted and appreciated.

923300 / Aniline

Cascades is a beautiful, aniline leather with a soft, glossy topcoat. Cascades has a slight pull-up to accentuate the unique grain structure. Consistency of coloration and grain structure is to be expected and appreciated in a leather of this nature.

923400 / Aniline

Colorado is a full-aniline leather that offers a slightly matte finish. Colorado is a very rustic, casual aniline that is perfect for any frame style. Shade and grain variations in this leather only highlight the inherent beauty found in an aniline leather. This makes each piece unique.

923500 / Aura

Aura is a gorgeous, natural, nubuck leather with a velvety nap that accentuates any casual lifestyle. The deep colorations of Aura make it a must-have for any leather enthusiast. Like any nubuck, shade and grain variations are what make this leather come to life. All hides are unique making any upholstered piece a "one-of-a-kind" hand-crafted masterpiece.

923600 / Love it all, Use it all

DO NOT EXPECT THIS LEATHER TO BE UNIFORM IN COLOR. Love it all, Use it all is a light-weight, hand-stained full-aniline leather with a drapery hand and authentically weathered aesthetic that highlights all natural features of each hide. The beauty of this leather is the inconsistent highlights of the hand-staining and natural markings. Please be aware that no two pieces of furniture will ever "match" due to the complete uniqueness of this leather. Love it all, Use it all is the most unique leather in our line and anyone that owns a piece of furniture in this leather should be proud to own a "one of a kind". The name says it all.....no apologies necessary for such a beautiful, natural, organic look.

924000 Aniline

Levante is a luxuriously soft leather created by applying a slight top coat to the visual velvety tracking effect to emulate the look of a nubuck. This makes Levante the best of both worlds.....looks like a nubuck yet topped with a slight sealant coat to help guard against stains and spills. Levante is still considered a full aniline leather so it is not always possible to assure the consistency of coloration and grain structure and natural markings will be prevalent.

924200 Aniline

Trastevere is a beautiful, rich aniline leather that combines the use of oils and waxes to obtain a plump, soft hand. As with all aniline leathers, each hide brings unique beauty with accentuation to the "hallmarks of the trail" and should be accepted and valued as such. It is not always possible to assure the consistency of coloration or grain structure and

LEATHER DESCRIPTIONS

placing an order for this leather means these characteristics are understood and appreciated.

924300 Aniline

Legacy is a domestically hand-wiped crust in which multi-color layers of aniline dyes are applied until the desired color is achieved. These hand-crafted artisan leathers are unique by design and highlight all the natural markings of each hide's lived-in spirit. Once the furniture is complete, our on-hand leather artisans use the same aniline dyes to "age" the leather in certain areas to give a more authentically antiqued visual appeal. With this in mind, all pieces of furniture in this leather will be unique and characteristic of each hide's life experiences. Order placement means this is not only understood but most appreciated and desired by leather enthusiasts.

924400 Aniline

Cheyenne is a gorgeous, plump aniline leather that is highlighted by its rich burst of color as the hides are stretched over tightly upholstered areas on the frame. Expect highs and lows, along with dark and light areas, as this leather is enriched by oils as a distinct feature of this leather. Combine this with natural markings and Cheyenne becomes the most desired choice of a natural leather connoisseur.

980004 Aniline

Venerando is a heavy-weight aniline with a hearty and rustic distressed appearance. Consistently inconsistent, Venerando brings a rugged elegance to the upholstery table as the crackles and variations highlight the highs and lows of each hide. Shade and grain variations are to be expected and appreciated in this leather. Please refer to the Married Cover grid in the price list for specific style information.

980006 Finished

Sonnet is a smooth and soft finished leather that is versatile and drapeable with a small pebble grain and a slightly "grippy" touch. With a stain/spill resistant story and a nice soft hand, Sonnet is perfect for any application or room in the house. Please refer to the Married cover grid in the price list for specific style information.

980008 Finished

Central Park is a finished leather with a slight cloudy effect created by a subtle two-toned effect. Central Park is soft and perfect for any leather application as it has a protective finish coating. This leather arrives already pre-cut and sewn to certain styles. Please refer to the Married Cover grid in the price list for specific information.

FINISHED LEATHERS

Finished leathers are practical for active households. These types of leathers are finished to provide resistance to staining and offer overall color consistency within a hide. These leathers are less affected by the harmful rays of the sun. Compared to other leather types, Finished Leathers generally require much lower maintenance.

ANILINE-PLUS LEATHERS

Aniline-plus leathers are quite simply aniline leathers PLUS a slight protective coating. This protective coating can be light pigmentation, staining, or a protective top-coat. These leathers offer the hand of an aniline while adding a slight coat of protection. These leathers are more affected by the harmful rays of the sun simply because they are not as heavily protected as finished leathers.

ANILINE LEATHERS

Aniline leathers are the closest to a pure and natural form. These leathers are tanned and colored with transparent dyes exclusively. The transparent dying process allows you to see the rich color hues unique to each hide and shows off each hide's one of a kind grain pattern. The rarest of Aniline leathers reflect the unaltered full top grain of the surface and have a remarkable skin-like feeling. Aniline leathers can also be made to highlight effects such as wax or oil pull-up, pebble grains, sauvages or distressing.

NUBUK LEATHERS

Nubuk leathers have the most varied and unique textures of all leathers. As soon as you sit down and feel the surface, you will know why people love Nubuk. These leathers are also dyed with transparent dyes, but the surface grain is machined with fine brushes to create the texture and famous Nubuk effect. It is almost like having a velvet leather. This effect gives the leather color depth and shading not found in any other type. Nubuk leathers can be made to create many different looks, from the most formal and refined to rugged casual.

GENERAL CARE TIPS FOR ALL TYPES OF LEATHERS

- Try to maintain at least two feet between your furniture and heating sources.
- Avoid placing your furniture in direct sunlight. All materials will fade over time when placed in direct sunlight. Take extra precautions to safeguard Aniline and Nubuk leathers from sunlight.
- Like all items in your house, leather will accumulate dust. Vacuum on a weekly basis to keep the dust particles from settling in the grain of the leather.
- All leathers perform better when preventative maintenance is practiced. For specific cleaning information contact:

FABRIC CLEANING CODES & INSTRUCTIONS

The following recommended cleaning codes are devised as the result of tests conducted by the fabric manufacturers and adhering to the methods requested by the Joint Industry Standards committee. They in no way intend to imply that we are in any way guaranteeing these fabrics or the cleanability thereof. Professional dry cleaning is recommended. To prevent overall soiling, frequent vacuuming or light brushing is recommended.

S Clean this fabric with pure solvents (Petroleum Distillate-based Products). Professional dry cleaning is recommended. CAUTION: Use of water-based or detergent-based solvent cleaners may cause excessive shrinking.

W Clean this fabric with water-based foam to remove overall soil. Many household cleaning agents are harmful to the color and life of a fabric.

WS Clean this fabric with water-based cleaning agents, foam, or pure solvents (Petroleum Distillate-based Products).

DC Clean this fabric by Professional Dry Cleaning only.

Novelty Leather Program

Novelty leathers consist of embossed patterned leathers (crocs, wood grain etc.) and hair-on-hide leathers and are used to "dress up" the furniture selections in combination with a plain leather or fabric. Novelty leathers should not be used all over on a chair/sofa unless prior approval is obtained. Novelty leather # must be entered as Primary Cover when placing your combination order.

Most common areas for novelty placement

Arm Panels on chairs/sofa

Outarms and/or Outbacks on chairs/sofas

Inback on tight back chairs

Front rail on chairs/sofas

Outwing in wing chairs/sofas

Bolster Pillows included with sofas/chairs

Bolster or Pillow only (included with chair/sofa) = \$50 upcharge

Please note the placement of all HOH (Hair-on-Hide = 9725/9728) is limited to outside areas of tufted pieces. Novelty leathers can not be used for welt, a leather or fabric must be selected for this area.
