THIS IS NOT AN ORDER FORM!

LIMITED WARRANTY

The following warranty information is for the product branded Sunset West only.

Sunset West products have been designed to provide aesthetically pleasing looks, comfort and durability in an outdoor environment. Only the highest quality materials are used in Sunset West products. If a product is received or becomes defective, a Warranty Request form needs to be completed by the selling party. This form is available upon request from Sunset West. Products that are defective will be repaired or replaced at our discretion. This is a limited warranty and applies only to the original purchaser through an authorized Sunset West reseller. Sunset West will cover freight charges on replacement orders up to one year of ownership and shipping to the address on the original order.

The Sunset West warranty covers the items listed below for the time period specified.

Limited lifetime warranty on Crystal-Fire burners used in our fire pits.

For a period of 10 years; The structure of metal frames when used in a residential setting.

For a period of 5 years; Upholstery fabrics excessive fading and structure.

For a period of 3 years;

- Excessive fading and loss of strength of sling materials. Normal sagging is not covered.
- Corrosion, peeling or flaking of powder coat finishes in a residential setting.
- Excessive fading, discoloration and deterioration of rope and resin materials in a residential setting.

For a period of 2 years;

- Structure of metal frames when used in a commercial setting.
- Excessive fading, discoloration and deterioration of rope and resin materials in a commercial setting.
- Extreme degradation of High-Resiliency or Reticulated foam when used in a commercial setting.
- Extreme degradation of standard, High-Resiliency or Reticulated cushion foam when used in a residential setting.

For a period of 1 year;

- Component parts such as foot glides, hardware, spring plates.
- Component parts used in Crystal-Fire burners.
- Natural stone and Glass-Reinforced Concrete products when in used in a residential setting.
- Frame structure and finish of teak products when used in a residential setting.

The following items are covered for a period of Ninety days;

- Natural stone and Glass-Reinforced Concrete products when in used in a commercial setting.
- Frame structure and finish of teak products when used in a Commercial setting.

The Sunset Warranty does not cover the following:

- Abusive or unreasonable use.
- Acts of nature including, but not limited to fire, ice, wind damage and earthquakes.
- Glass tabletops
- Premature degradation of finish in salt water environments. Please refer to the Care and Maintenance Guide to review care instructions for your furnishings
- Normal sagging of sling materials.
- Mildew accumulation on fabrics and/or cushion foam.
- Normal fading, nicks and scratches on powder coat finishes and resin materials.
- Imperfections inherent in the manufacturing process of the product.
- Normal degradation of foam used in seating products.
- Standard cushion foam when used in commercial settings.
- Final mile or delivery service fees.

CARE & MAINTENANCE

Sunset West's furniture and appearance will be enjoyed for years to come with proper care and maintenance. Please review the following instructions thoroughly, as failure to maintain your furniture may void its warranty.

METAL

Sunset West offers metal frames in both powder coated aluminum and wrought iron. To clean, wash with a mild soap and warm water solution using a soft cloth. Do not use a coarse brush or harsh cleansers, as they may damage the finish. Always rinse and dry thoroughly after cleaning.

We recommend covering your outdoor furniture with outdoor covers (sold separately) when left outside during inclement weather, and when not in use. Ensure frames and cushions are dry when covered, store cushions separately. Especially in freezing environments, outdoor furniture should be free from water and covered in the winter, or stored in a shed or garage. While drain holes are preventative, water can still gather in the frames, freeze, and cause the finish to crack and the frame to burst.

Coastal areas are very harsh on all metals - salt must be cleaned from frames on a regular basis or the finish may oxidize, discolor and/or blister. Finally, to maintain or restore the luster of your powder-coated finish, after-market products are available to refresh UV repellency and water repellency – apply as needed.

WOVEN RESIN

Resin weaves are virtually maintenance free, however; it is recommended to clean the frames on an occasional basis to prevent the build-up of dirt. In extreme climates where temperatures can reach above 100°, place furniture in 50% shaded areas. Cover your outdoor furniture with outdoor covers (sold separately) when left outside during inclement weather, and/or store when not in use.

Finally, to maintain or restore the luster of your resin wicker, after-market products are available to refresh UV repellency and water repellency – apply as needed.

TEAK

Sunset West uses true natural teak wood in their Coastal Teak collection, that is then finished for a grey weathered look. To clean, wash with a mild soap and warm water solution using a soft cloth. DO NOT use harsh cleaners or abrasives as they will damage the finish. Our multi-step finish is applied to the rustic planks and then sealed with Golden Care® 'Teak-Shield'. We recommend continuing to apply 'Teak-Shield' (sold separately) to aid the longevity of the finish. Touch-up kits are available through Sunset West to maintain your Coastal Teak finish as needed.

When left exposed to the elements, the water-based finish will eventually wear away and uncover the natural teak underneath. The teak will then start its own natural weathering process, and slowly acquire the silver-gray patina that is the characteristic of untreated teak when exposed outdoors.

Please note that during the weathering process, the appearance of the furniture may be uneven, but will eventually develop a beautiful, uniform, silvery-gray patina. Cover your outdoor teak furniture with outdoor covers (sold separately) when left outside during inclement weather, and/or store when not in use.

When storing teak, avoid moving your pieces to and from extreme temperature conditions - sharp differences in temperature and humidity may cause the wood to split.

ROPE

Sunset West crafts their rope furniture out of olefin rope, which is all-weather, colorfast, and stain resistant. Blot spills gently, and clean stains with mild soap and water and a soft cloth or very soft bristle brush. Do not use a coarse brush, or any abrasives when cleaning, as this may damage the rope and cause fraying. Cover your outdoor furniture with outdoor covers (sold separately) when left outside during inclement weather, and/or store when not in use.

CARE & MAINTENANCE

NATURAL STONE

Sunset West offers occasional and fire tables in natural stone. Clean Granite or Carrara stone tops with a designated stone cleaner and soft cloth. Do not use harsh cleansers or abrasives. Blot spills with a paper towel or soft cloth immediately, then flush with water and very mild soap if necessary. Dry completely.

For stubborn oil-based spills, use a nitrocellulose lacquer thinner (available at most home improvement stores) to dissolve and treat the stain. Do not use any acids or abrasives. We strongly advise sealing your stone furniture tops with a low sheen, impregnating stone sealer to protect your stone and maintain its beauty outdoors.

For Gravelstone pieces, wash with a mild soap and warm water solution using a soft cloth as needed. Through normal use, heat may cause the stone to expand and contract, and micro fissures may appear. These are easily filled with a touch up kit available through Sunset West.

Cover your outdoor stone furniture with outdoor covers (sold separately) when left outside during inclement weather, and/or store when not in use.

CUSHIONS

Sunset West uses premium Sunbrella® (solution dyed acrylic fabric). It is recommended to clean the fabrics on a regular basis to prevent the build-up of dirt and the chance of mildew to form. Wipe light spills with a clean, dry cloth. With regards to stubborn stains or spills, please visit www.sunbrella.com for specific care and cleaning details.

Cover your outdoor cushions with outdoor covers (sold separately) when left outside during inclement weather, and when not in use. Allow cushions to drain if wet. If soaked through, stand cushion on its side to allow faster draining. Ensure cushions are dry when covered, store cushions separately.

Clean sling fabric using a mild soap and warm water solution and soft cloth.

MOVING PARTS

For pieces with moving parts, ie wheels, swivels, or dining table leaves, periodically check and tighten all nuts and bolts as necessary to secure. This will ensure that all products continue to operate as they should.

Our Coastal Teak Tables are made from 100% solid teak wood, which may contain grooves, knots, splices, cracks, and other rustic features.

Even though the teak has been kiln dried, it is solid wood. In an ever changing hot/cold environment with changes in humidity, expect slight splitting, checking, and possibly lifting. These attributes are intentional and give each piece its own unique character. When exposed to the elements, the water-based finish will eventually wear away and uncover the unfinished natural teak underneath, which will then start its own 'natural' weathering process and slowly acquire the silver-gray patina that is the characteristic of untreated teak when exposed to the outdoors.

Finish: Coastal Teak on Solid Teak / Stock Cushion Fabric: Canvas Canvas No Welt.
