BRADINGTON-YOUNG

JULY 2019

In the spirit of American entrepreneurship,
Bradington-Young was founded over 40 years ago in the
small town of Cherryville, North Carolina, surrounded
by the foothills of the Great Smoky Mountains.

A group of enterprising young entrepreneurs led by Charles S. Young Jr. purchased a shuttered textile plant in 1978 and began a new business adventure with one simple philosophy: "Build high quality products for a fair price." A humble beginning, combined with a burning desire to be the very best, molded Bradington-Young into the premier leather furniture specialist it is today.

Now headquartered in Hickory, N.C., Bradington-Young employs over 200 quality craftsmen and women dedicated to our mission of contributing to the communities, nation and world in which we live. Our main plant and corporate offices comprise over 175,000 square feet in Hickory, while our cover plant remains in Cherryville.

Each style begins with a simple sketch. Our frames are then engineered using multi-ply, laminated hardwood components that are precision machined for an exact fit to provide a lifetime of structural integrity. Our stationary offerings feature genuine eight-way hand tied custom coil construction that is the industry benchmark for comfort and lasting quality. Motion styles utilize rigid bar spring units that simulate the eight-way hand tied process in conjunction with premium U.S. made mechanisms for a deeply luxurious ride and years of worry-free durability. Our extensive assortment of both motion and stationary products, all available in a wide variety of fabrics and leathers as well as finish and nail options, is sure to have something to please even the most discriminating furniture shopper. Comfort has found a home at Bradington-Young.

Luxurious Refinement. Exceptional Comfort.

Luxe for Living

The Luxe for Living program offers more than 60 stationary and motion seating silhouettes in a variety of customization options.

Marrying function with customizable style, the program includes sofas, loveseats and sectionals in a choice of stationary (8 way hand-tied) or motion, along with coordinating recliners, ottomans and a queen sofa sleeper. Each is available in a choice of three arm styles, two leg styles, multiple finish options, optional nail head trim, welt or double-needle stitching options and choice of over 300 covers including any fabric, leather or fabric/leather combination. The innovative sleeper sofa features a 'next gen' power mechanism that is operated with a Bluetooth-enabled remote. The seat cushions of the sofa double as the foot of the mattress, which eliminates the need to store the cushions before the sleeper unit is opened.

LUMBAR POWER BUTTON OPTION:

On the lumbar power button option, you can easily adjust the footrest, headrest and lumbar support.

Luxury Motion

Luxury, defined: A state of great comfort and extravagant living. It's the epitome of what we do at Bradington-Young. Our collection of luxury motion silhouettes provides the highest quality seating available in a wide variety of styles, premium leathers and fabrics ranging from timeless traditional to modern. Plus, our new assortment of city-scaled frames with clean designs and classic styling can now deliver our world-class reclining functionality to smaller living spaces. Power footrests, headrests and optional lumbar support on certain styles provide exceptional comfort with sleek, tailored designs that are activated by our stylish controls to precisely – and easily – adjust your own personal comfort level.

Recliners

There is something irresistible about a plush recliner that often makes it the most desired seat in the house. After all, who doesn't enjoy the indulgence of lounging like a king or queen at the end of a long day? Emanating in luxury – and proving that comfort and sophisticated design can co-exist – our recliners guarantee long hours of relaxation without having to forgo style. With a wide variety of recliners available, it's easy to express your personal style while achieving your “royal-status.” Hand-crafted with the highest quality reclining mechanisms available today for a deeply luxurious ride, all you'll have to worry about is who gets control of the remote. Make it your own with a selection of more than 135 premium leathers, over 150 fabrics and an assortment of nail head and wood finish options.

Luxury Tilt Back Chairs

Inspired by two key consumer trends: functionality in small spaces and the home furnishings consumers' desire to express their uniqueness through their home décor, Bradington-Young's freshly styled Luxury Tilt Back Chairs offer the look of a stationary chair, with the benefit of reclining functionality.

Available with a power tilt-back feature, the small footprints sit big and offer flexibility in both comfort and style. Each is paired with a coordinating ottoman for the ultimate in luxury and design.

Highlights include the ultra-modern Jetson with sleek arms and a low-profile seat and the Abernathy featuring a button-tufted back and nail head trim.

Make it your own with a selection of more than 135 premium leathers, over 150 fabrics and an assortment of nail head and wood finish options.

Sectional Seating by Design

When it comes to your home, there's only one true expert: You. You know your style and what will work for your one-of-a-kind space. Put that expertise to work with our Sectional Seating by Design program that makes designing the perfect piece for your home a breeze.

With a choice of six arm styles, two leg styles in eight finishes, stitch or welt selections, seven decorative nail options and your choice of more than 135 premium leathers, leather and fabric combinations or all fabric options, finding the style combination that is perfectly suited to your liking and lifestyle is easy. Each style is offered in multiple configurations, providing flexibility for any size room.

Designed with premium frame construction, bench-made eight way hand-tied spring systems, and spring down cushions that provide the ultimate in comfort, our Sectional Seating by Design program offers luxurious customization options to create the perfect piece that is distinctly yours.

Club Chairs

Providing both functionality and comfort, club chairs can set the tone for the rest of the room. Equally at home in the living room or bedroom as they are in the home office or family room, these versatile pieces can transform an otherwise predictably-styled room into one that mixes traditional design with modern convenience.

Swivel Chairs

No longer just for office furniture, the modern swivel chair offers a multifunctional seating solution that can link two separate seating areas to each other with ease. Ideal for a living room or casual family room, these space-saving pieces can be used in pairs, in lieu of a larger chair or loveseat, or can brighten a dull corner with their energetic silhouettes.

Leather Types & Characteristics

At Bradington-Young, we understand your desire to make informed decisions about seating for your home that will suit your lifestyle. Here are some key definitions that will help you speak the language of leather and make the right choice.

NUBUCK

From formal and refined to rugged and casual, Nubuck leathers have the most varied and unique textures of all leather types. **Characterized by a tactile 'nap' that you can physically brush with your hand**, Nubuck leathers have a velvety, suede-style appearance that creates their distinguishing texture. Transparent dyes provide rich saturations of color which vary beautifully creating unique furniture treasures. Due to their unique texture, **Nubuck leathers are the most susceptible to body oils as they will stain and bind the nap. Nubuck leathers will also fade and discolor in response to exposure to sunlight and temperature extremes.**

ANILINE

Aniline leathers, the most luxurious of all leather types, offer rich colorations, natural markings and unique grain patterns. Because they are organic in nature, **they are more sensitive to sunlight and temperature extremes.** While it is tempting to put these stunning products front and center in your home, understand that these **natural leathers will evolve over time much like your favorite pair of leather shoes.**

ANILINE PLUS

Aniline-plus leathers are quite simply Aniline leathers **plus a slight protective coating.** This protective coating may include light pigmentation and/or a clear top coat. Offering similar feels to those of aniline leathers with the added benefit of a protective coating, these leathers are **more child and pet friendly than their Aniline counterparts.** They may, however, still fade or discolor when exposed to sunlight and temperature extremes.

FINISHED

Finished leathers are **practical for active households with children and pets.** Finished leathers are more **resistant to fading and discoloration when exposed to light, heat, moisture, dust and body oils.** These types of leathers also offer the most overall color consistency. Compared to other leather types, finished leathers **generally require much lower maintenance, as spills and stains should clean easily unless they penetrate the surface coating of the leather.**

All leathers perform best when preventative maintenance is practiced.

Great for family rooms, kids & pets

Susceptible to high & low temperatures

Susceptible to sunlight

Spills and stains clean easily

Create Your Own Style & Comfort With Classic To Contemporary Nail Head Options, Seat Cushion Choices & Hand-Crafted Wood Finishes

It's the details that make the difference.

Seat Cushion Filling

HR FOAM

A high resilient (HR) polyurethane core cut to boxing size and wrapped in a layer of polyester fiber. The fiber-wrapped core is then topped with a channeled envelope generously filled with virgin polyester fibers encased in a down-proof muslin ticking providing a slow release of air for the occupant.

PREMIER DOWN

These cushions are constructed from a two-tier foam foundation. The bottom layer is firm for lasting support and the top layer is soft for sink-in comfort. The cushions are then wrapped in a down proof ticking filled with a generous blend of down, feathers and fibers. This cushion is designed to relax and "puddle" for a luxurious, lived-in look that complements our more casually styled offerings.

SPRING DOWN

Cushions consist of a 4 1/2" MARSHALL coil unit encased in premium foam. The cushion is then wrapped with a low-melt fiber on top and bottom. The Spring Down cushion is then surrounded by a down-proof ticking filled with a luxurious blend of down, feathers and fibers. This cushion is designed to provide superior comfort combined with great resiliency.

Finish Options

CASABLANCA (CB)

One coat of dark brown stain, accented by cowtailing and dry brush. Satin sheen. Nine finish steps.

COBBLESTONE (CO)

Deep rich taupe/brown in color accented by medium dry brushing and distressing. Medium sheen. Nine finish steps.

DOCKSIDE (DS)

Warm taupe tones accented with distressing. Two coats of sheen lacquer glazed and brushed.

ESPRESSO (ES)

One coat of medium brown stain. Satin sheen. Six finish steps.

NEW CLASSIQUES (NC)

Medium brown in color with dark and light highlights and light flyspecks. Medium sheen. Nine finish steps.

MAHOGANY (MH)

One coat of dark brown stain. Satin sheen. Six finish steps.

PLANTATION (PL)

One coat of dark brown stain. Satin sheen. Six finish steps.

SATIN BLACK (SB)

One coat of black enamel. Satin sheen. Six finish steps.

STONE (ST)

Warm gray tones accented by dry hand brushing. Three finish steps.

BY

BRADINGTON-YOUNG

Our upscale leather upholstery line is manufactured engineered in Hickory, N.C. by Bradington-Young. Our designers travel the world to find artisans and craftsmen who uniquely posses the necessary skills to meet our high quality standards.

We strive to provide an accurate representation of our leather and finishes but due to changes in lighting and printing limitations, some color variation is possible. To determine the exact color of a leather, we suggest you visit a Bradington Young Retailer to see the actual product.
