M FABRICS:

1. DISCLAIMER OF WARRANTIES: Hooker Furnishings - M Brand does not warrant or guarantee fabric or other materials (the "fabric") supplied to Hooker Furnishings by it's customers which is incorporated into products manufactured and sold by Hooker Furnishings, whether for residential or commercial applications, as to wearing quality of any cover material, fading/color fastness, soil resistance, reaction to additional fabric protections of flame-retardant treatments, or compliance with federal, state or local laws relating to flammability. We also DO NOT guarantee color from one dye lot to another. Consequently, we will not be able to honor adjustments, claims or credits for complaints regarding these properties. HOOKER FURNISHINGS - M Brand MAKES NO WARRANTIES WHATSOEVER WITH RESPECT TO THE FABRIC, EXPRESS, IMPLIED OR STATUTORY, INCLUDING WITHOUT LIMITATION THE IMPLIED

2. FABRIC CLEANING CODES:

*** CODE W:** To prevent overall soil, frequent vacuuming or light brushing to remove dust and grime is recommended. Spot clean, using the foam only from a water-based cleaning agent such as a mild detergent or non-solvent upholstery shampoo product. Apply foam with a soft brush in a circular motion. Vacuum when dry. Pre-test a small area before proceeding. Use a professional furniture cleaning service when an overall soiled condition has been reached.

*** CODE S:** To prevent overall soil, frequent vacuuming or light brushing to remove dust and grime is recommended. Spot clean, using a mild water-free solvent or dry cleaning product. Clean only in a well ventilated room and **AVOID** any product containing Carbon Tetrachloride which is highly toxic. Pre-test a small area before proceeding. Cleaning by a professional furniture service is recommended.

*** CODE S-W:** To prevent overall soil, frequent vacuuming or light brushing to remove dust and grime is recommended. Spot clean, with a mild solvent, an upholstery shampoo or the foam from a mild detergent. When using a solvent or dry cleaning product, follow instructions carefully and clean only in a well ventilated room. **AVOID** any product containing Carbon Tetrachloride which is highly toxic. With either method, pre-test a small area before proceeding. Use a professional furniture cleaning service when an overall soiled condition has been reached.

- 3. **DYE LOT** cannot be guaranteed to match swatches or to pieces that are ordered separately subsequent to an initial order and shipment.
- 4. **CUT YARDAGE PRICING:** Yardage is available at the following cost (1/2 yard minimum). If ordered separately from furniture, dye lot match is not guaranteed for cut yardage. Order will not be acknowledged, and they will be shipped by UPS.

6. **Hooker Furnishings - M Brand ships all freight "FOB Factory" meaning that once the carrier picks up your furniture from our shipping room, Hooker Furnishings is no longer responsible for that furniture.** The carrier assumes the responsibility to deliver your furniture to you complete and in good condition. It is the responsibility of the person who signs for received items to inspect and note any and all problems before the delivery person leaves. If there are damaged or missing pieces, the receiver should note the nature of the damage or the number of missing pieces and have the driver note it as well. Promptly call the freight company to file a claim. Hooker Furnishings cannot file the freight claim. Hooker Furnishings can help you work with the freight company but you must file a claim. If concealed damage is discovered, call your carrier immediately and save all cartons, inner pack and damaged goods.

Construction Details

Our M upholstered Furniture Collection pieces are benchmarked from sustainably sourced wood and upholstered start to finish by our skilled craftspeople in both North Carolina and Virginia. Every piece has been thoughtfully designed for today's modern lifestyle.

FRAME:

Frames are constructed of sustainably certified kiln dried engineered hardwood.

Frame parts are joined with precision cut interlocking joints that are glued, stapled to reduce movement, twisting and warping.

Frames have cornerblocks that are glued and screwed at stress points, especially on seat rails and other high stress areas.

Depending on rail thickness, frames may be of a hybrid construction, adding a solid hardwood inner frame to give seat rails additional support.

Dining chairs have hanger bolts through the front and back posts with screws in the corner blocks.

Dining chairs have metal brackets for added strength at the side rail and back post joints.

SEAT BASE CONSTRUCTION:

Seat bases are supported by a sinuous arc metal spring construction. Our springs are made from partially recycled content. Due to the design requirements of some styles, rubberized webbing may be used instead of springs.

Double rows of springs are used at the corners for extra support.

Seat bases are insulated with polypropylene fabric and are padded with synthetic fiber.

CUSHIONING:

Poly Seat Cushion:

Tight Seats: High Resiliency plant-based foam with an overlay of polyester fiber.

Poly Down Blend Cushion:

High Resiliency plant-based foam core, wrapped with a 50/50 down blend cover and enclosed in down proof ticking.

Poly Down Innerspring Cushion:

High Resiliency plant-based foam core, with coil spring insert for added comfort and longevity. Wrapped with polyester and down fiber blend enclosed in down proof ticking.

Innerspring Cushion:

High Resiliency plant-based foam core, with coil spring insert for added comfort and longevity. Wrapped with polyester fiber and enclosed in down proof ticking.

DIMENSIONS:

Dimensions for each style are listed in the body of the price list. Please note these dimensions are approximate and may vary up to 2 inches because each style is handmade.

MANUFACTURER'S WARRANTY

Thank you for purchasing your new furniture item(s) from Hooker Furnishings' M brand. We take pride in producing top quality products and hope that you enjoy your furniture for many years. We take the trust you have placed in our company seriously and we strive to craft each piece with the highest quality materials and workmanship. We have multiple inspection points in our manufacturing process to help ensure we ship products that meet these high-quality standards.

This warranty covers the original retail purchaser if the product is in the fabric or leather covering from the original

This warranty does NOT cover:

- Any condition resulting from incorrect or inadequate maintenance, cleaning, or care
- Damage resulting from the application of any aftermarket product
- Damage resulting from abuse or from any use for which the product was not designed
- The wearing quality, durability, or color fastness of leathers
- Pilling, seam slippage, fraying, and color fastness of fabrics

FABRIC & LEATHER COVERS

For issues that seem excessive, contact the Hooker Furnishings M brand Customer Care Department for assistance. Retail dealers and designers – 276-656-3322. Consumers – 276-656-3335.

FRAMES & SPRINGS

Our frames and springs are guaranteed for life if the product is in the original upholstered cover with the original retail purchaser and as long as a defect did not result from negligence or abuse. At our discretion, we will repair or replace the

SWIVEL MECHANISMS

At our discretion, we will repair or replace the part of the mechanism that is defective. After the first year of use, the mechanism warranty covers replacement parts only and does not cover any associated labor or shipping costs.

CUSHION CORES & FILLING MATERIALS

Some softening and flattening of the foam core should be expected over time and will not be considered defective. Polyester and blend-down wraps, used to create surface softness, will over time lose some of the initial loft, which may contribute to cushion flattening and cover wrinkling. Rotating seat cushions and fluffing back pillows, where applicable, will extend the life of the filling materials and should be routinely completed by the end consumer. If we determine there is abnormal loss of resiliency, we will replace the seat or back fillers as long as the product is in the original covering and is used under normal conditions by the original retail purchaser.

CLAIMS:

To make a claim under this warranty, contact the dealer from whom the product was purchased with your dated proof of purchase. If it is determined a repair or replacement is required, the repair or replacement process will be handled through the dealer. Hooker Furnishings' M brand will not be responsible for pickup or delivery charges for inspections or local

NOTE: Hooker Furnishings' M brand offers this warranty to assist retail customers and end consumers. The warranty is limited to repair or replacement in accordance with the terms of this warranty. There are no warranties, either expressed or implied offered by Hooker Furnishings' M brand other than those herein described. Coverage under this warranty does not include incidental or consequential damages other than the coverage described above. Any questions concerning this product or this warranty should be addressed to Hooker Furnishings M brand, Attn:

CUSTOMER'S OWN MATERIAL

CERTIFICATION OF COMPLIANCE & INDEMNIFICATION OF HOOKER FURNISHINGS

Hooker Furnishings and its family of upholstery brands - including Bradington Young, HF Custom, M and H Contract (collectively "Hooker Furnishings") - provide the option for Customer Owned Materials ("COMs") to be used in upholstered products. It is of course necessary that these materials comply with applicable laws. The Safer Occupancy Furniture Flammability Act ("SOFFA") regulates the flammability of upholstery in the United States by mandating the adoption of California's TB 117-2013. There are also a growing number of state laws pertaining to the use of flame retardants and stain resistant substances known as per-and polyfluoroalkyl substances ("PFAS"). As a condition of Hooker Furnishings accepting COMs, the company requires certification that the materials comply with applicable laws and that the customer will indemnify and hold Hooker Furnishings harmless for the use of the COMs selected and supplied by the customer.

Hooker Furnishings offers a wide variety of fabrics, all of which comply with applicable federal and state laws. Should you prefer to use COMs, Hooker Furnishings requires that both sections of the certification below be completed, and that this form be signed by an authorized representative of the customer.

I certify that the cover fabric meets one of the two conditions below:

The fabric I am supplying passes section 1 of SOFFA/California TB117-2013.

or

The fabric I am supplying does not pass section 1 of SOFFA/California TB117-2013. I understand an approved barrier material must be used, and I agree to the additional corresponding charge of such barrier material.

Additionally, Hooker Furnishings requires that COMs be free of flame retardants and PFAS.

By checking this box, I certify that the materials I am supplying to Hooker Furnishings are free of all flame retardants and PFAS.

I further state that I am authorized representative of the company listed below and that the company (the Indemnitor) will indemnify and hold harmless Hooker Furnishings and its officers, employees, agents, and insurers (Indemnitees) from any and all claims, liabilities, demands, suits, cause of action or proceedings of any kind or nature, losses or damages, including attorneys' fees and costs of defense, which may result from any material supplied to Hooker Furnishings.

Effective June 2023

COM CHECK LIST: PO# and Account Name must be clearly displayed on all documents and orders.

- | | |
|--------------------|--|
| _____ #1 COM Order | Must include PO# and Account Name |
| _____ #2 COM Form | Fabric Identification Form submitted with each COM Order |
| _____ #3 COC Form | Certificate of Compliance Form |

DELIVERY INFORMATION: Orders will be acknowledged with a date that reflects frame availability predicated upon receipt of COM. The expected ship date will be calculated and confirmed after the required COM documentation and fabric are received.

- 1. Ship all COM yardage to: M Brand – Attention COM - 8761 AL Philpott Hwy - Martinsville, VA 24112**
- 2. COM material must be in compliance with CAL TB 117-2013 and/or UFAC Class 1 for flammability. UFAC Class 2 is not acceptable.**
- 3. M assumes no responsibility or liability for the flame retardancy of any COM or for the compliance of any COM with any other applicable codes, regulations and laws.**
- 4. For COM orders with a significant yardage, we order quantity, it is recommend that a fabric cutting be sent for pre-approval. Please send a 9x12 cutting of plain fabrics, and a cutting showing the full repeat for patterned fabrics.**
- 5. If your COM Fabric is shipping directly from a fabric supplier, it must include the corresponding PO# that matches your PO# placed with M. Failure to provide this information may result in scheduling and production delays.**
- 6. Fabric description:** Please be as detailed as possible to help us ensure we match your fabric to the correct order and style.
- 7. If after 90-days, your COM fabric is not received at our factory, your order will be cancelled. We will contact you 45-days prior to cancellation.**
- 8. AFTER RECEIPT:** If an order is not placed in our system within 90 days of fabric receipt the fabric becomes property of Hooker Furnishings. You will be contacted periodically requesting your order.

9. Please email or fax your M Customer Service Representative a completed and signed COM Fabric Policy form along with a copy of the flammability test report of your COM as proof of compliance with CAL TB 117-2013 (please be sure your PO# is also on the testing certification/documentation). M will not be able to process your order without this documentation.

10. Do not place orders by attaching them to COM rolls only; process your PO like all other orders.

11. Prior to shipping to M, COM yardage should be inspected and verified as first quality, upholstery grade fabric by the fabric resource. Fabrics that are loosely woven or stretch easily should be properly backed. We are not responsible for any dye lot variations in COM fabric supplied to us. COM yardage must be received in one continuous piece. Please do not ship your COM fabric folded in a box, as creases will damage the fabric; all COM yardage should be rolled on a tube.

12. Furnished yardage requirements shown in the price list are based on 54" width, railroaded fabrics. Fabrics less than 54" in width will not be accepted. For fabrics that run up the bolt, and for fabrics with pattern, please supply extra fabric as indicated in the chart below. There are many variables that affect fabric requirements and yield, and we provide our best estimate of COM yardage amounts required. We reserve the right to request additional yardage based on unusual repeats or fabric designs. M is not responsible for yardage excess/shortages for COM due to variations in fabric patterns and cutting requirements.

CHART TO CALCULATE ADDITIONAL COM FOR MATCHING FABRIC

Repeat 0" - 2" (0%)	Repeat 2" - 5" (+10%)	Repeat 5" - 15" (+15%)	Repeat 15" - 20" (+20%)	Repeat 20" - 30" (+30%)	Repeat 30" - 36" (+35%)
---------------------------	-----------------------------	------------------------------	----------------------------------	----------------------------------	----------------------------------

IMPORTANT: This chart is intended as a GUIDE ONLY. Yardage may vary due to fabric layout and/or the style to which it is applied. There will be cases due to unusual repeats or fabric design, that a different yardage amount would be required. Upon initial layout of COM fabric, if additional fabric is required, you will be contacted to supply additional fabric. For the most accurate determination of yardage required, please contact our M Customer Care Team at mlifestyle@hookerfurnishings.com

13. When using Up the Bolt fabrics (non-railroaded fabrics), seams may be required that are not shown on store floor models.

14. We reserve the right to refrain from applying any COM, which we deem to be unworkable or not suitable for the intended application.

15. Some fabric defects may not present themselves until the upholstery process. M will not be held responsible for replacement yardage or repair for fabric flaws, defects, dye-lot variations, or wearing quality.

16. M cannot determine if COM yardage passes upholstery fabric specifications, nor can we determine if all COM material is appropriate for the intended use. For example, the responsibility for seam slippage or durability issues with a COM rest with the fabric supplier. Should any fabric performance issues arise either during or after the production process, M will not be held responsible for COM replacement or furniture repair.

17. Although the cutting orientation on the bolt and the face side of the fabric must be specified by the customer on this form and on the COM material, M reserves the right to determine all other cutting decisions, unless otherwise SPECIFICALLY indicated on this form and on the form to be attached to the face of the COM fabric. Even with such instructions, cutting is based on M's interpretation of the instructions, and we reserve the right to modify, if necessary, based upon the styling of the furniture.

18. Orders are not scheduled for production until COM fabrics are received at our facility with all required information. If information is missing on a received COM, production scheduling will be delayed until we receive the required information.

19. COM orders are not returnable for any reason other than manufacturing defects, which we reserve the right to verify and repair. Leftover COM yardage is not available once the order is fulfilled and cannot ship back to the customer.

20. Once you have emailed or faxed all 3 required documents, clip out the section on page 4 of this COM Policy & attach to the FACE side of your COM prior to shipping to us; that will help us with matching up the correct COM to your order.

For any COM questions or issues please contact our M Customer Care Team @ mlifestyle@hookerfurnishing.com

I have read, and I agree to the items (1-20) listed above.

Leather Descriptions

“Leather is a natural product. Distinctive markings and nuances in texture and color are a hallmark of nature and a testament to its authenticity.”

Amelia

Amelia is an aniline-plus leather with a subtle, two-toned effect and a soft, powder-like hand and feel. Amelia is versatile and will complement any frame style. Amelia offers a slight protection story for the leather enthusiast that wants leather for their high-traffic lifestyle making Amelia the best of both worlds.

Davyan

Davyan is a clean & crisp, glove-soft, finished leather that is simply perfect for any lifestyle. Davyan is for anyone seeking the romantic touch of an aniline leather that comes along with a protection story. Finished leathers, too, allow for shade and grain variations that are understood and appreciated.

Blakely

Blakely is a beautiful, aniline leather with rich color hue that accentuate the oil infusion of the leather. With a soft hand and drapeable aesthetic, Blakely is sure to win over anyone seeking a leather with inherent beauty. Shade and grain variations are to be expected and appreciated.

Skylen

Skylen is hand-selected for its inherent markings and natural attributes. Skylen’s soft and supple surface features an innovative staining process that is meticulously applied by hand to impart the leather with a more authentically aged appearance. The end result is a leather with a striking visual aesthetic that exudes genuine character and timeless appeal. Skylen will feature a buttery-soft hand while shading and grain variations are to be expected and appreciated.

Kenton

Kenton is marked by an aesthetic that exudes casual elegance. As the hides are tanned, they are dressed with wax and oil and then milled and polished to create a burnished, polished surface. A contrasting velvety texture draws the eye in with its luxurious tracking effect. The leather’s cool drapery hand will tailor beautifully becoming more visually appealing with time and wear. Kenton is a uniquely processed leather that will create color and grain variances that are to be admired and appreciated.

Brock

Brock was designed to show how sophisticated a casual leather can be. Unlike distressed leather, the varying hues of this leather are more subtle and flowing, resulting in a leather with an authentic, worn-in aesthetic with remarkable elegance and warmth. The hides are lightly dressed with oil and soft waxes and then lightly polished and milled to create a vintage look. This less-is-more approach in tanning preserves and celebrates the beauty of this natural material. With highs and lows in the shading and variations in the grain structure, Brock speaks to all leather

Marcel

Marcel's appeal lies in the combination of its disparate qualities: the firm, solid façade of this entirely masculine leather is suddenly met with surprise once its drapery warmth is revealed to the touch. Using English bull hides, this leather carries within it the heritage and artisanship of a highly experienced tannery. Marcel is a leather for and of the ages. It is genuine and earthy and the profound, rich color flickers to the surface through its multiple layers of finishing waxes. As with all natural pull-ups, shade variations are to be expected and appreciated as this is the natural beauty of a

Emery

Emery offers a distinctive aesthetic that exudes rich and rugged elegance. It is a full-bodied leather with a soft surface that showcases the inherent characteristics of each hide. Dimensions of color and rich pull-up qualities throughout the hides provide subtle variations in depth to enhance this leather's visual appeal. As with any full aniline leather, Emery will showcase shade, grain and visual variances and should be appreciated. Each piece of furniture should be viewed as a unique and special purchase.

Henley

Henley is a buttery soft aniline leather that drapes beautifully over any frame. Henley's deep penetration of color, along with the special hand and feel, make this the perfect leather choice for all leather enthusiasts.

Chadwick

Chadwick is a rich Nubuck leather that captures the essence of the luxury of touch. The soft, velvety hand and lavish tracking effect of this leather exude subtle sophistication and elegance. The leather's luxurious nap draws in light and creates a soft glow. A treatment is applied during the tanning process to help impart water repellency properties. The leather should still be cared for as a delicate nubuck leather. As with any nubuck leather, variations will be prevalent in shading, grain structure and amount of tracking effect from hide to hide.

Beckett

Beckett is marked by an aesthetic that exudes casual elegance. During tanning, the hides are dressed with wax and oil and then milled and polished to create a burnished yet polished surface. A contracting velvety texture pays tribute to the tanner's artistry, drawing the eye in with its luxurious tracking effect. The leather's cool drapery hand will tailor beautifully and become more visually appealing with time and wear. As with any aniline leather, shade and grain variations are not only prevalent but they should be expected and appreciated.

Varian

This charmingly color-rich Nubuck flaunts a gorgeous tracking effect and a soft, luxurious feel. Lighter in weight, Varian, drapes beautifully on any frame and attracts the eye of any leather enthusiast. Variations in the tracking effect, along with shade and grain variations, make Varian a unique choice for any upholstered piece.

Archer

Archer is a distressed aniline suede born out of New Zealand with a luxurious feel and refined appearance. The tannery dresses the suede side of a hide with waxes and oils to offer a vintage inspired texture that will only be enhanced with wear. The leather will gain a rich patina over time and with use.

Laken

Laken is a beautiful, buttery-soft leather with a gorgeous color palette. With a subtle two-toned effect and a slightly plumper hand and grain structure, Laken will be perfect for a variation of style designs. As with any natural aniline leather, shade and grain variations are to be expected and appreciated.
