HOOKER®
FURNITURE

the Entertainment

Relax and reconnect as you come to the favorite part of your day. It's that time when you put your feet up, sit back and enjoy your favorite TV show, movie or sports event. Or maybe spend some extra time gaming.

At Hooker Furniture, we want to help make your downtime enjoying movies, electronic games or music even better. That's why we've thoughtfully designed a wide selection of home entertainment furniture in styles ranging from American traditional to casual to modern, with finishes from warm brown to black, red or antique white.

Our engineers have designed our consoles, consoles with hutches, and home theaters with functional features such as wire management, touch lighting, adjustable shelves, doors and drawers, and of course plenty of storage space.

By helping you organize all your home entertainment electronics, hide unsightly wires and display your collectibles, we hope to make your surroundings as enriching as your entertainment. Whether you're looking for a major home theater set up or simply a compact TV console, you're sure to find a solution perfect for you.

Quality

Entertainment Features

sound bar

Many consoles feature a component area large enough for sound bars.

electrical outlets

Multiple UL listed electrical outlets make equipment hookups easy.

ventilation

Audio compartments feature back ventilation holes to enhance air circulation and reduce heat build-up during use.

Quality From Start To Finish

Of all the aspects of wood furniture, the finish most visibly reflects its character, quality and style. While the finish is one of the last things we do, it’s the first thing you see. That’s why at Hooker, we utilize a multiple-step finish process of up to 16 finish steps. This results in an unsurpassed clarity, depth and color richness and durability to our finishes. Through hand-craftsmanship such as rubbing and padding, our finishes “feel” as good as they look, with a smoothness that is delightful to the touch.

Wood & Veneer Construction

Many of our furniture items are constructed of hardwood solids and veneers or hand-painted finishes over durable wood products such as medium density fiberboard (MDF) and particle board. MDF and particle board are used in quality furniture for areas that need to be stable, such as large surfaces. These durable wood products do not expand and contract with heat and cold and do not absorb moisture as much as solid wood, which results in stronger and longer-lasting furniture. Due to a wide variety of wood species and decorative designs used in our furniture styles, variations in construction are possible.

Drawer Construction & Operation

- Full height, full depth and full width drawers for maximum storage capacity.
- All drawers have strong, time-tested English or French dovetail construction, for years of problem-free use.
- Plywood drawer bottoms are attached to plywood drawer sides for strength and durability.

HOOKER[®]

FURNITURE

Headquartered in Martinsville, Va., Hooker Furniture is an industry-leading designer, manufacturer, marketer and importer of upscale and stylish – yet affordable – case goods, accent pieces, leather and fabric upholstered furniture. Designed in the United States, our home furnishings are produced by the very best craftsmen and women across the globe. Our design team travels the world to find skilled artisans who uniquely possess the necessary capabilities to meet our high quality standards.

We strive to provide an accurate representation of our finishes. However, due to changes in lighting and printing limitations, some color variation is possible. To determine the exact color of a finish, we suggest you visit a Hooker Furniture retailer to see the product in person.
