The summer service list is enclosed. The providers on the list are only optional, however, for your protection we suggest you hire individuals who are licensed and insured, in case of any damages or injuries.

Do your homework before authorizing any work or giving a down payment for a job and/or materials.

There have been some incidences of individuals soliciting “handyman work” in our park who are “claiming” to have done work for our office in the past.

We have not authorized anyone AND DO NOT recommend anyone who may make this claim. Refer to the list enclosed. 😊
