

## GAMEPLAY + SCORING

**Format:** you will play with a teammate (teams of 2). Team pairs face off against another team in match play style. Each group plays 2 games of 9 holes. Whichever pair wins more holes/9 wins that game. Each game of 9 holes will have two different sets of rules.

- **Game 1 (holes 1-9) - Best Disc:** Same as "best ball" in golf. Both teammates take a shot, then you both will play from wherever the best shot of the two ends up. Repeat until the hole is complete. Team with lowest score on a hole wins the hold.
- **Game 2 (holes 10-18) - Alternating Shot:** member of each pair alternate who takes the next shot. Example: Grey Player 1 takes the drive. Grey Player 2 would take the next shot, and so forth. The pair must alternate who drives on each hole, even if they were last to putt it in on the previous hole.
- A tie for any hole will count as a "0" and **not** carry over to the next hole.
- If teams have uneven numbers, solo team members will face off against a pair in the 'Cali' format. In Cali, the player can take two drives and gets one mully per hole.

### Scoring:

We will need 1 person per group to be responsible for score keeping. Need to track wins and team scores per hole. There is a google sheet for us to track scores while playing.

- The overall team with the most wins gets 3 points. 2nd gets 2 points, 3rd gets 1 points, 4th gets 0
- The team with the highest average score per player gets 3 bonus points. 2nd gets 2 bonus points, 3rd gets 1 bonus point.
