

Natures Way is a non-denominational religious organization that brings together people from all walks of life. We embrace individuals across the spiritual spectrum; anyone who wants to join our body of faith is welcome to do so. Further, the ULC is proud to open its doors to all people, regardless of gender, sexual orientation, race, ethnicity, or any other defining characteristic.

The Natures Way champions religious freedom, social justice, and spiritual expression. We never waver in our conviction that performing spiritual duties is a right that all should share, and we will always stand up for our minister-members in this regard. Furthermore, we've made it our mission to spread these freedoms far and wide, empowering people of all walks of life to take up the work of ministry on their own terms, and in ways that make the most sense for them.

Whether that means worshiping one God, or many gods; whether you choose to perform one spiritual ceremony a year or twenty we stand with you. In short: Natures Way welcomes you just as you are, whoever you are and hopes to empower you to explore your faith however you see fit.

WE ARE ALL CHILDREN OF THE SAME UNIVERSE

Our church seeks to create a large tent for people of all different spiritual beliefs and backgrounds to thrive beneath. This peaceful coexistence of faith traditions is dependent upon certain founding ideals that guide everything we do.

We hope to provide a voice to those whose freedoms are being violated, not only in the United States, but around the World. We would love to have you join us in our quest for universal peace, because it's only in our togetherness that positive change can be achieved.
