Attn: All Residents of the Gingara Subdivision

RE: Clear Shoreline of Docks and Personal Items

Riprap is going to be installed on the shoreline at the top of the bank this 2025-2026 winter season.

We ask that all residents remove all docks and personal items along the shoreline at the top of the bank as soon as possible to prepare for the riprap installation this winter.

Below is an image of the shoreline where docks and personal items need to be removed.

Should you have any questions, please contact the office.

Yours truly,

Kaleigh Haugo
Administrator
