

Spring Runoff Update **May 3, 2026**

With this year's spring runoff, many roads across the RM and surrounding region are experiencing **major deterioration**. Washouts, soft shoulders, and unexpected drop-offs have been reported.

**We're asking everyone to travel carefully and stay alert.
Even familiar routes may look very different right now.**

Our crew is out assessing damage and prioritizing repairs, but we need your help to keep everyone safe. If you encounter a dangerous area, please notify the RM so we can respond as quickly as possible.

Thank you for working with us as we navigate this challenging runoff season together.
