

Public Notice: Temporary Road Closures Due to Flooding

Please be advised that several roads in the area are temporarily closed due to water flooding over roadways – please see areas circled in red on the map below. These closures are necessary to ensure the safety of all residents and to prevent damage to vehicles and infrastructure.

We kindly ask the public to avoid driving through flooded areas and to respect all posted road closure signs and barricades. We appreciate your patience and understanding as crews work to monitor conditions and address affected areas.

If you are aware of any trouble spots, such as blocked culverts, rising water levels, or other drainage concerns, please contact the Office to report the issue. Your assistance helps us respond more quickly and effectively.
