

RURAL CONCRETE CONTRACTOR1 LLC

“Over 40 Years of Concrete Excellence”

Company Overview

Rural Concrete Contractor1 LLC is a professional concrete contractor based in Montgomery, Alabama. Led by a master concrete finisher with over 40 years of experience, we provide durable and high-strength concrete solutions for residential, agricultural, and light commercial construction projects. Our standard mix uses 4000 PSI fiber-reinforced concrete to exceed common industry standards for strength, durability, and crack resistance.

Core Competencies

- Concrete driveways, patios, sidewalks, and parking pads
- Garage slabs and structural concrete slabs
- Agricultural slabs, grain bin foundations, livestock pads
- Concrete repair and replacement
- Site preparation, forming, finishing, and sealing

Differentiators

- 40+ years hands-on concrete construction experience
- 4000 PSI fiber-reinforced concrete standard
- Experience with Alabama soil and drainage conditions
- Reliable suppliers: Tuskegee Ready Mix, USA Ready Mix, White Cap
