Shreya.

Hello! I'm Shreya,

A creative professional with a passion for design and animation. Currently based in Cardiff, UK. With industry experience, I've honed my skills to craft engaging visuals and animations that leave a lasting impression. My art style is colorful and adaptable, allowing me to seamlessly integrate with the brand's identity.

My goal is to bring your ideas to life and ensure they tell a vibrant, unforgettable story. Let's embark on a journey of creativity together, where your vision becomes a vivid reality. Join me in exploring the colorful world of design and storytelling, where imagination knows no bounds.

Branding/Packaging.

Branding.

Packaging

An important aspect of a product's branding is its packaging. AyurDent is an effort to update toothpaste packaging from the standard design. The goal is to make AyurDent stand out as distinctive in design and sustainability by utilising innovative design and materials.

Ingredients:

Neem (Azadirachhta indica A), Triphala (Amalaki (Phyllanthus emblica), Bibhitaki (Terminalia bellirica), and Haritaki (Terminalia chebula), Clove oil, Pippali (Piper longum), Sunthi (Zingiber officinale), Tomar beej (Zanthoxylum armatum), Karpoor (Cinnamomum camphora), Peelu (Salvadora persica), and Pudina (Mentha piperita).

- AyurDent embraces the goodness of nature with a blend of time-tested herbs like Neem, Triphala, Clove, and Peelu. These ingredients have been revered in Ayurveda for their oral health benefits.
- AyurDent is free from fluoride, embracing Ayurvedic principles and catering to those seeking fluoride alternatives.
- AyurDent not only focuses on oral health but also promotes overall well-being in line with Ayurvedic philosophy.
- AyurDent is made of organic ingredients that is 100% chemical free and natural.

Brochure

About AyurDent

Unveil the power of ancient wisdom with AyurDent, a toothpaste crafted with the essence of Ayurveda, a 5000-year-old holistic health system. AyurDent combines traditional herbal ingredients to provide a refreshing and effective oral care experience.

WITH GOODNESS OF AYURVEDA

Experience the AyurDent Difference. Harness the wisdom of Ayurveda for a holistic oral care journey. AyurDent embraces tradition, nature, and science to create a toothpaste that connects you to centuries of wellness while catering to modern oral hygiene needs.

Goodness of herbs

AyurDent embraces the goodness of nature with a blend of time-tested herbs like Neem, Triphala, Clove, and Peelu (commonly known as Meswak). These ingredients have been revered in Ayurveda for their oral health benefits.

Fluride free

AyurDent is free from fluoride, embracing Ayurvedic principles and catering to those seeking fluoride alternatives.

Book/Magazine Design.

Whispers of Nostalgia.

"Whispers of Nostalgia" invites you to step into a mesmerizing world where memories become more than fleeting moments—they become living brushstrokes that paint the canvas of our lives. This illustrated journey, born from my exploration of magical realism and the interplay between literature and animation, is a testament to the enduring power of memory.

As you turn each page, "Whispers of Nostalgia" is an open invitation to rediscover your treasured memories, both personal and collective. It's a gateway to the moments that define us, a tranquil haven where you can relive cherished memories or unearth new perspectives on the world's intricate tapestry.

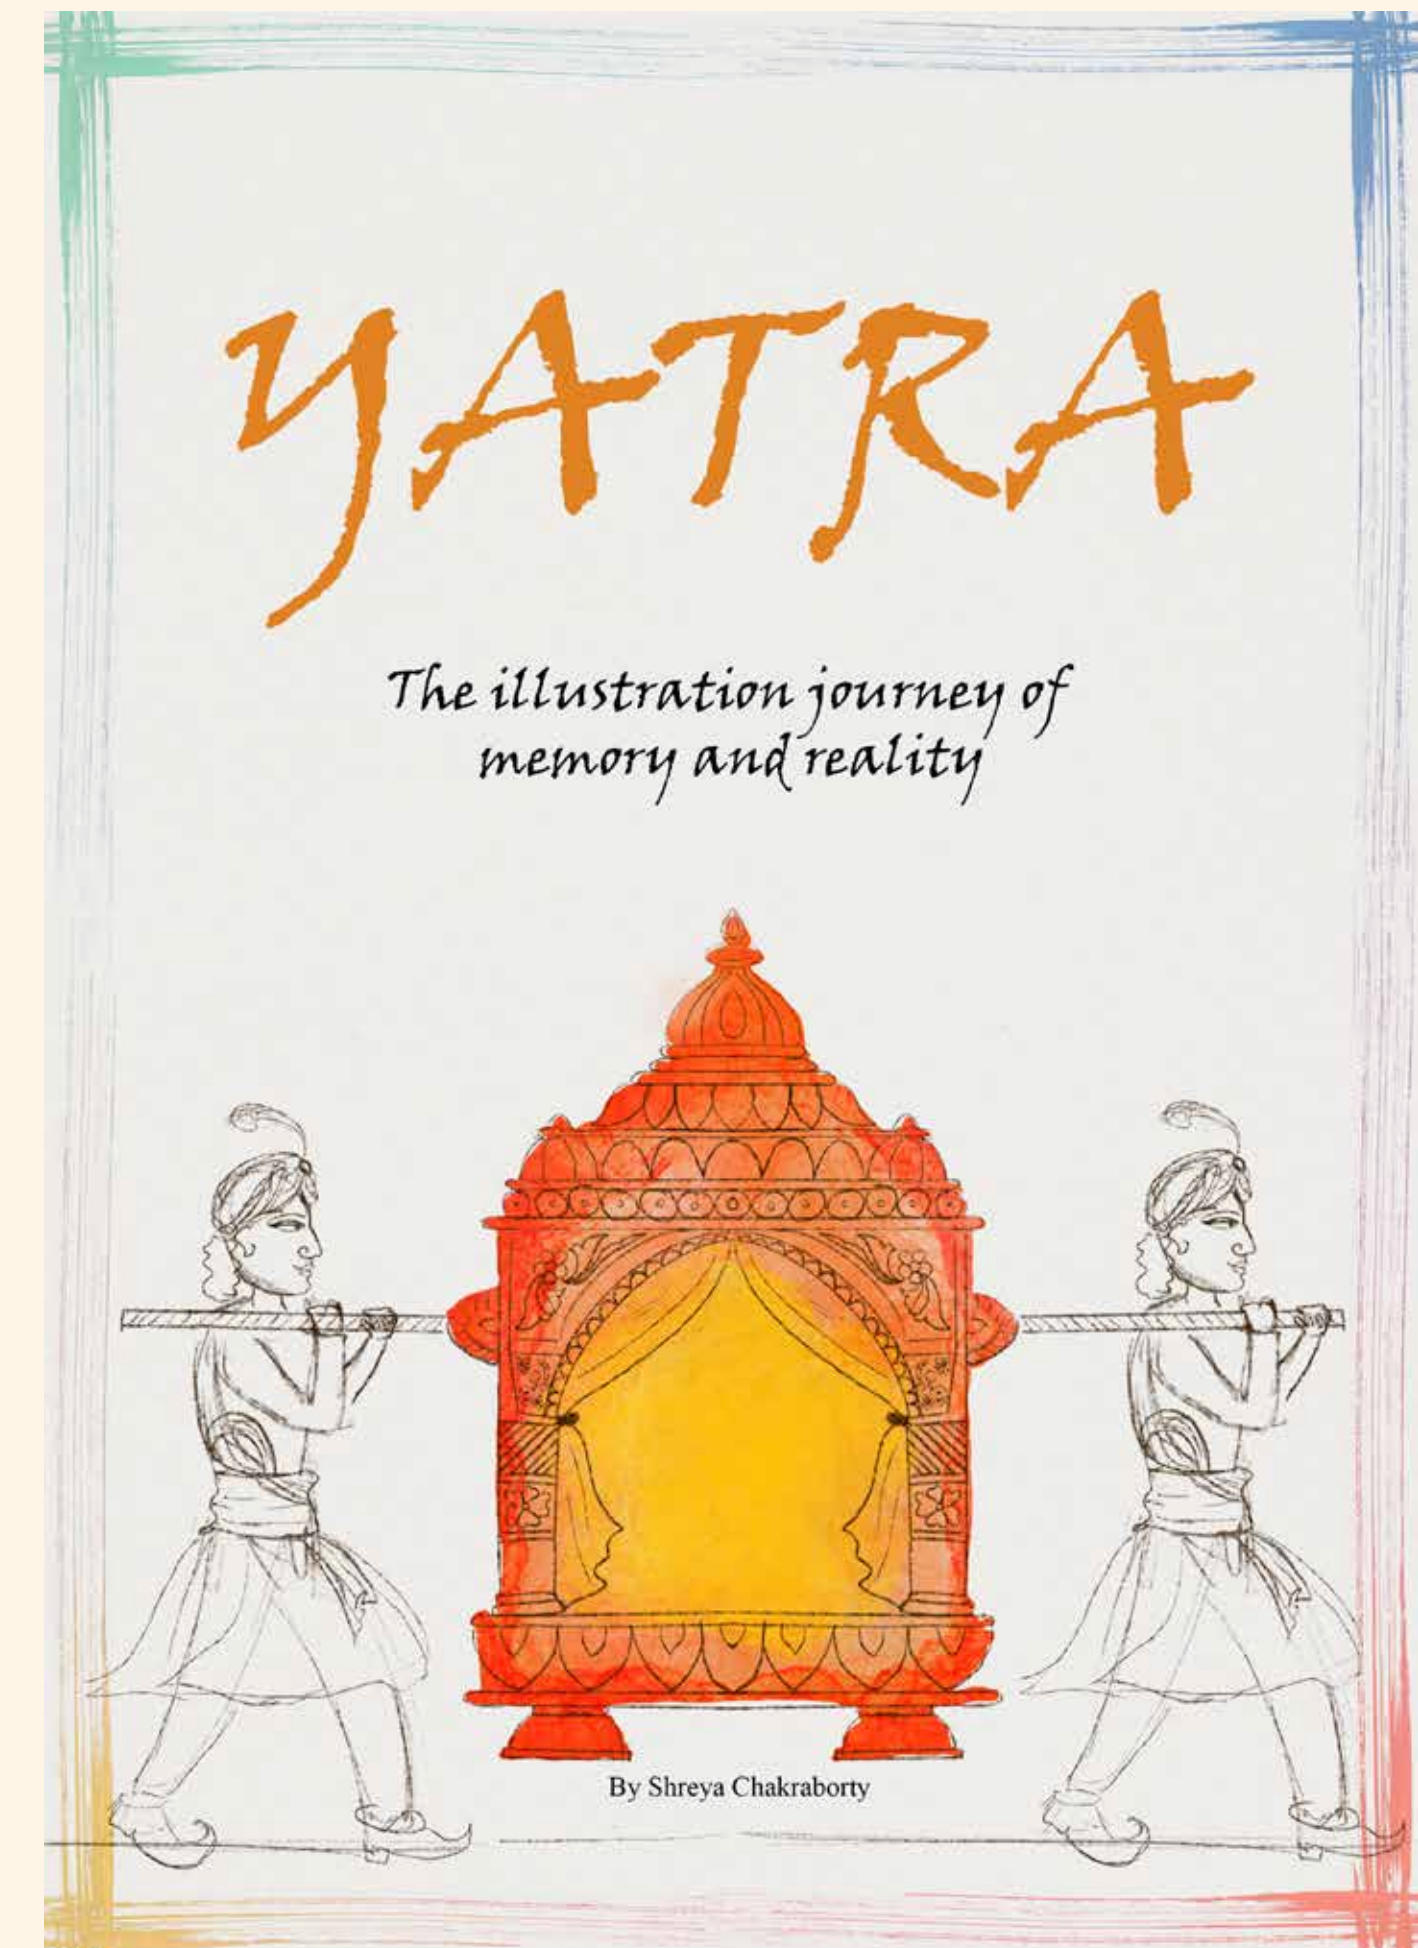

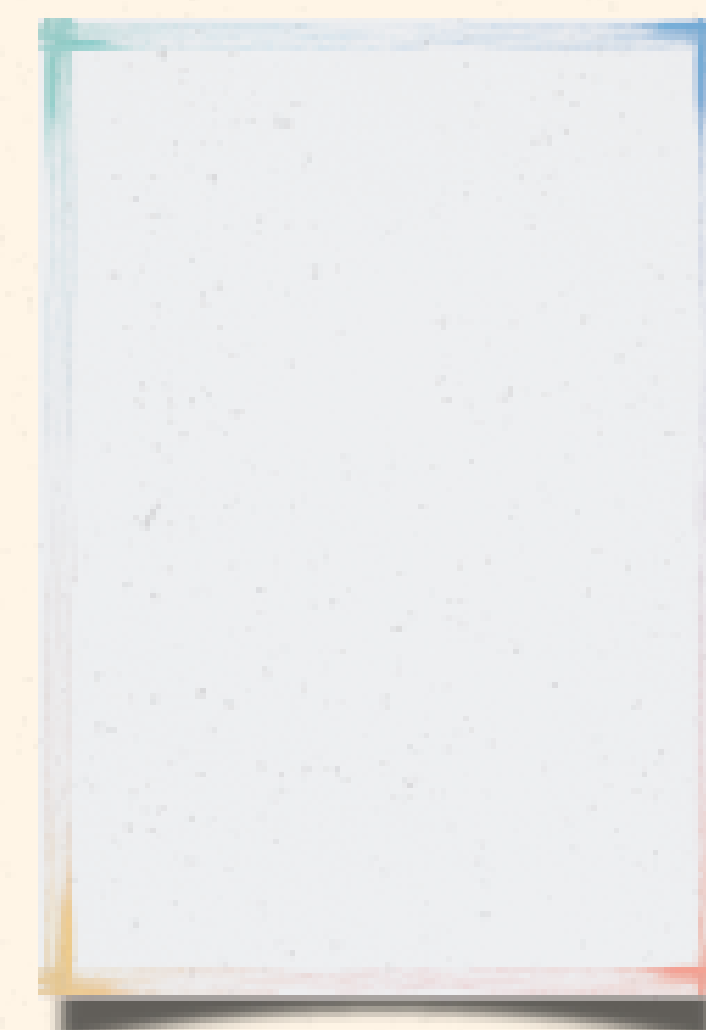

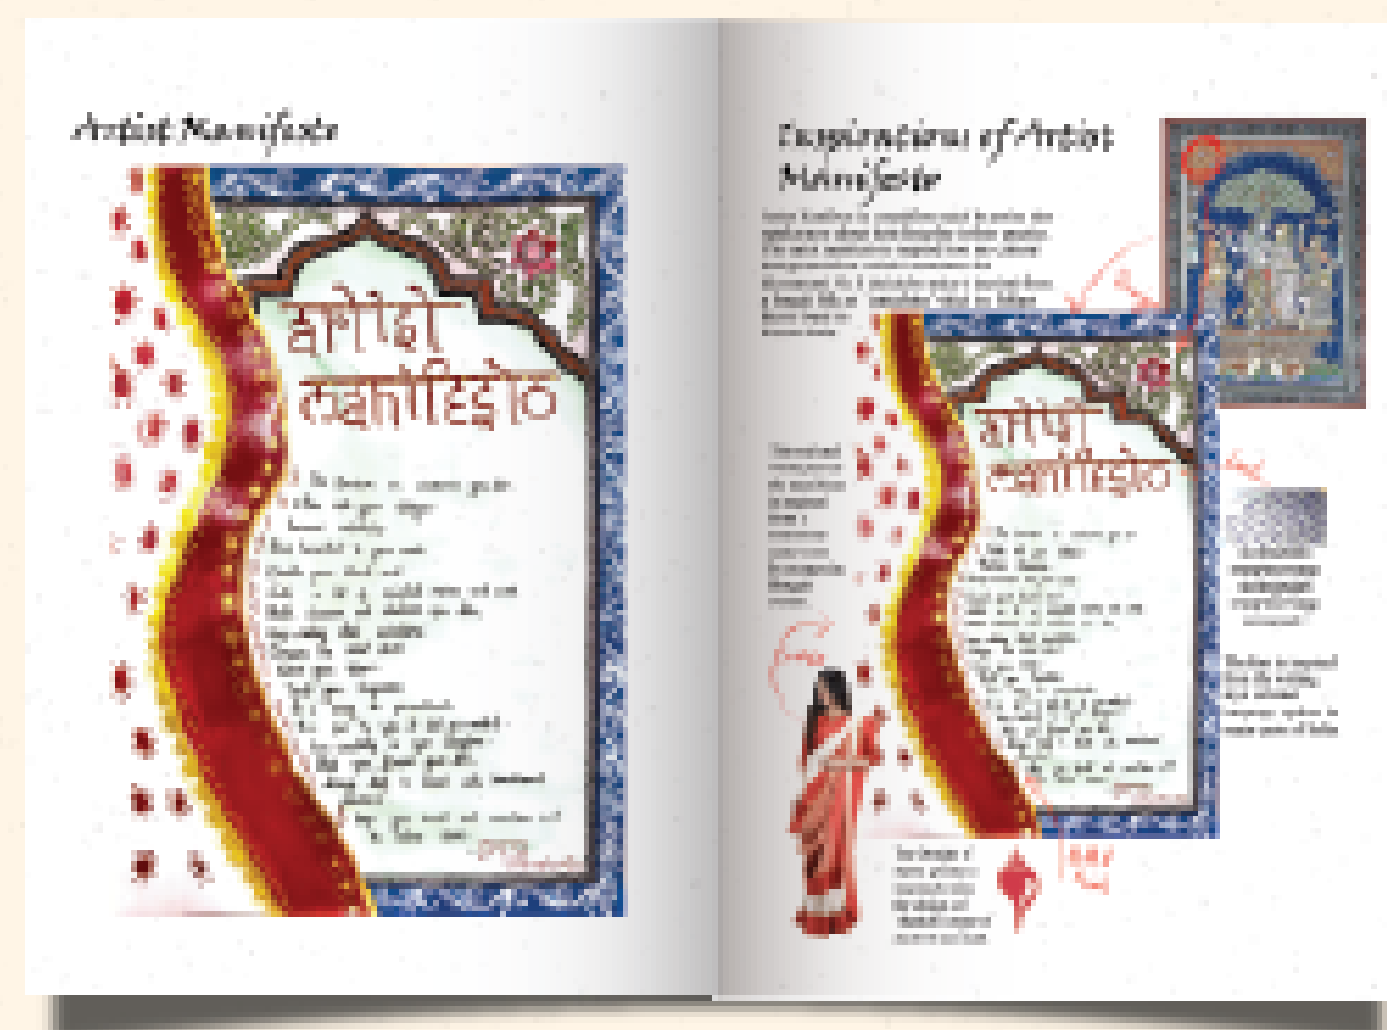

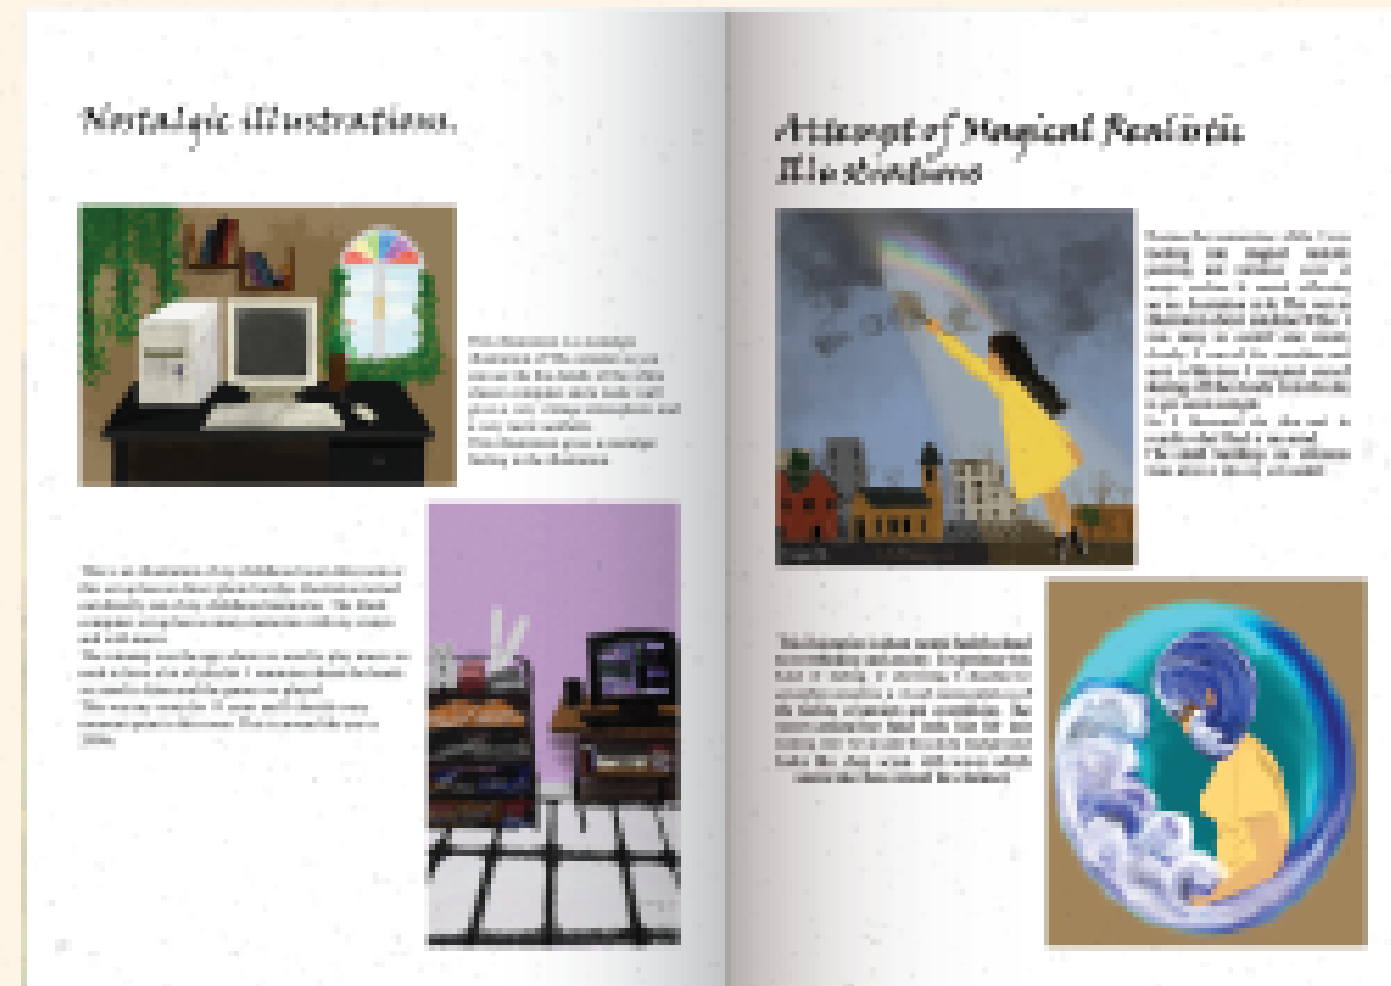

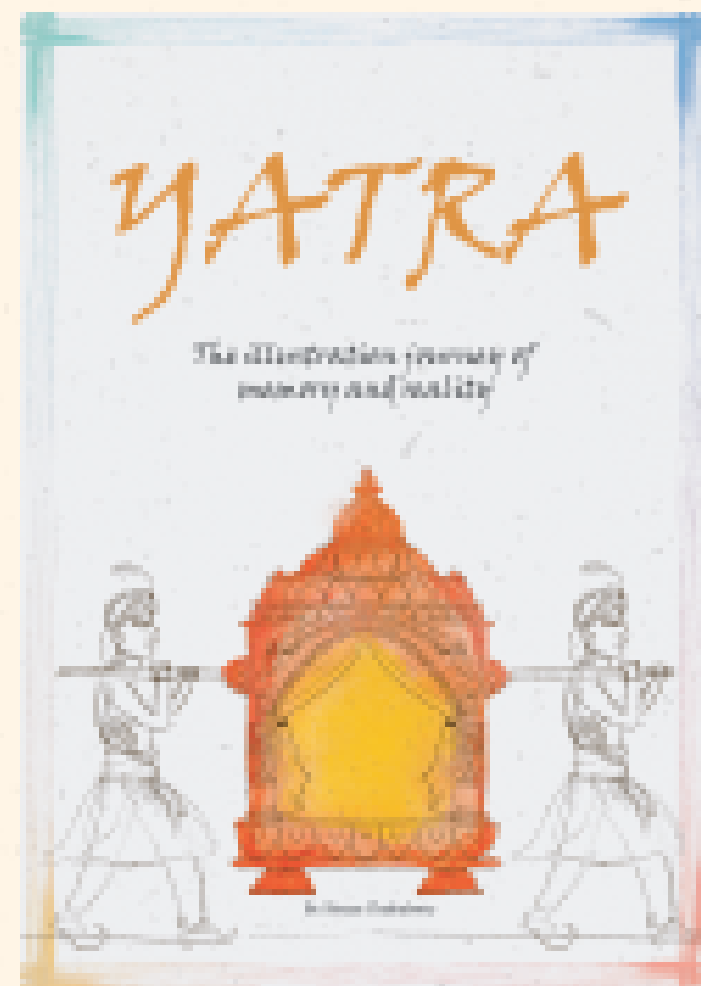

Yatra.

YATRA

"Yatra," meaning "journey," is more than just a magazine; it's a captivating narrative of my academic and artistic expedition during my master's program. This unique publication, born from my passion for design, serves as a commonplace book, meticulously documenting the path of my research and the evolution of my artwork.

Within the pages of "Yatra," you'll find a visual and textual journey that reflects my academic exploration, creative process, and the intersection of the two. This magazine is a reflection of my dedication to storytelling through design and the belief that a visual narrative can be a powerful medium.
