

EXTRA!! EXTRA!!

SHOCKING UPDATES ON LAVA RUN

ALERT!

JAN. 10, 2026

JOIN US at Round Valley High School Auditorium Lobby, 550 N Butler St, Eagar, AZ 85925, from 3PM-5PM for a presentation, Q&A sessions and AZWMSOS Core Members can coach you on writing letters to Apache County officials, the (ACC) Arizona Corporation Commission and the (PPTLS) Line Siting Committee. Complimentary refreshments will be available. Rotating speakers will be on hand to answer questions. Visit with our knowledgeable volunteers at work stations to help submit your comments to the ACC. Families AND kids are encouraged to write letters with us. Now is the pivotal time to GET CHARGED UP!!

YOUR VOICE, YOUR CHOICE!

NO POWER LINES MEANS NO WINDFARMS

Have you been wondering what's happening with LAVA RUN Windfarm lately?

The Lava Run developers applied to the Arizona Corporate Commission (ACC) for a Certificate of Environmental Compatibility (CEC) - to build the Lava Run Interconnection Line Project (I-line) a 27 mile x 180' tall high voltage power line to connect the Lava Run Wind Farm to the TEP Springerville Station. On December 3, 2025 the ACC voted. Thanks to the HUGE outpouring of opposition by local residents, the project was SENT BACK to the Line Siting Committee for more local review due to community concerns.

Despite an initial 8-2 vote in favor of the project, the Line Siting Committee must hold another hearing on Feb. 10 in Phoenix on the Lava Run I-Line project to address local concerns. We are making an impact! We are being noticed for our UNITED efforts. We are standing up for our community in OPPOSITION. But, we are not done. We are being asked for our input on the TRANSMISSION LINE ONLY and the negative effects and impacts it brings to the area. More local input has been requested and your chance to speak is NOW!

If we STOP THE LINE, we STOP LAVA RUN!!!

**WINDFARMS IN
APACHE
COUNTY ARE
BAD NEWS AND
WE CAN STOP
THEM!**
