Dear Mr. Kolozetti,

Thank you for your email to share information about your organization MySchoolROCKS which performs in schools across the GTA to raise awareness about bullying.

Let me begin by saying that I applaud and thank you for your dedication and hard work to promote respect and kindness in schools. It sounds like you have found an innovative and inspiring way to engage the whole school community.

As you may know, each school board in Ontario is an independent organization and as such, the school board is responsible for the daily operational matters in its schools, including determining which resources or programs to implement to support student success and well-being.

I would encourage you to reach out to school boards to share this unique program. To assist you, a complete list of school boards can be found on the Ministry's website at <http://www.edu.gov.on.ca/eng/sbinfo/boardList.html>.

Thank you for sharing this initiative with us, and for playing a role in mentoring young people through music. I wish you much success in promoting and growing www.MySchoolROCKS.ca

Sincerely,

Debbie Thompson
