

SONG Writing Challenge

- Using our MySchoolROCKS Theme song and the blank template below—TRY to write/ compose your OWN song
- For starters, follow the MySchoolROCKS beat and style (verse, verse, verse, chorus x2, bridge)

Key words:

- **verse(s):** words in a song that tell a story, communicating thoughts, ideas, feelings emotions etc...

- **chorus:** contains the BIG idea, or big picture, of what is being expressed musically. Often repeated- the melody and lyric rarely vary."

- **bridge:** section of a **song** that's intended to provide contrast to the rest of the composition. A **bridge** will follow a chorus section and present something different—a different chord progression, a new key, a faster or slower tempo, or a timing change.
