

LAFORCE is a leading trademark in vehicle and truck parts. Since it launched, LAFORCE focuses on quality and performance. In a short time, it gained the trust of many users. In LAFORCE, we do know that after-market products should be performing well as much as original. For this reason we keep our main focus on research and developing, and every single product is tested before reaching your market.

All products are covered by LAFORCE warranty. If your product is not working or not perform well just return to the store and get a new one. Warranty strated from 6 months up to 60 months. In addition ask your store about the extended warranty.

Now we supply almost everywhere, such as Europe, Asia, Africa and Middle East.

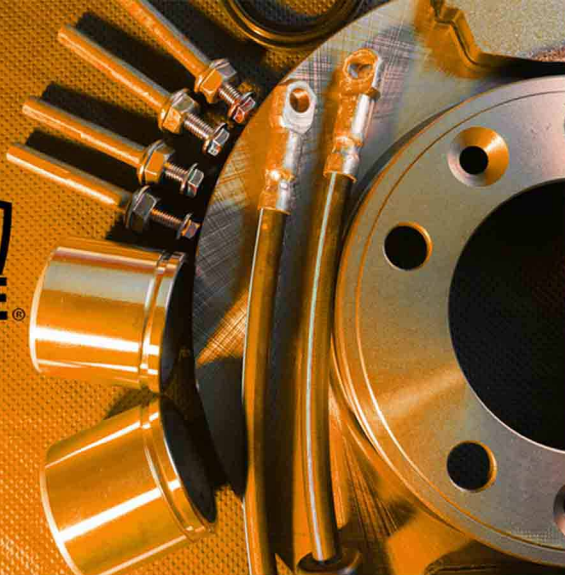

Products are globally manufactured and in LAFORCE we ensure that all products are suitable for the market that they will send

LAFORCE produce the products in many countries, such as Germany, Hungary, China, Turkey, and Taiwan. In all of our manufactures, we use the same standards. No matter where it was made, it is important to be LAFORCE.

**LAFORCE
Protects
Your Fleet**

It's important to be LAFORCE

LAFORCE brake system is one of the best. it designed to handle offroading and rough roads. No matter where are you heading, the brake system will make to easy.

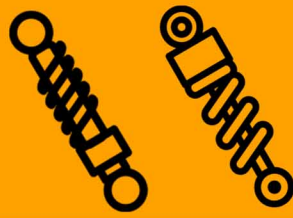

Wheel Rims are so important to any vehicle, besides they are the motion tools, wheel rims handle significant amount of the weight, and load. LAFORCE wheel rim's load capacity is starting with 4500 KG and goes way higher. Eventhough, we keep the wheel rims weight light, and our formula always win.
