

The Child Safe Standards

The Child Safe Standards recommended by the Royal Commission into Institutional Responses to Child Sexual Abuse provide a framework so organisations can create cultures and adopt strategies to keep children safe from harm.

They:

- help drive cultural change in organisations
- are principle-based and outcome-focused
- are flexible enough that they can be adapted by organisations of varying sizes and characteristics
- avoid placing undue burden on organisations
- help organisations address multiple risks
- balance caution and caring
- are a benchmark against which organisations can assess their child safe capability and set performance targets
- are of equal importance and are interrelated
