VILLAGE BOARD MEETING

APRIL 15, 2019

PRESENT
Mayor Welch, Trustee Conde, Trustee Eydt, Trustee Gibson, Trustee Marasco, Supt. Brolinski, Deputy Treasurer Myers, and Clerk Treasurer Salada.

A change to the Public Works proposed personnel lines was discussed. After several minutes of discussion, it was proposed to change a new full time position to a proposed part-time position. Deputy Treasurer Myers said she would adjust his budget lines for the next meeting.

The changes to the Fire Inspector payroll and the Zoning Officer payroll lines were discussed:

Trustee Conde suggested changes be made in the future with building development fees to include a cost to assist in covering these two positions. A fee schedule could be developed to cover the cost of these positions, Trustee Conde said.

Trustee Marasco said the compensation for these part time positions are in the catchup mode.

The tax rate was discussed next:

Mayor Welch said you have to raise the tax rate a little every year to keep up with the cost of living. If you do not raise the taxes, then you will have to raise it a lot at some point to compensate for the years you did not.

Trustee Conde added if we keep balancing the budget by taking from the fund balance it will eventually dwindle.

Mayor Welch said we do have some new developments in our one square mile that should increase our tax base, but after that we have to start being creative. Our employees work hard to continue giving the residents a high level of service we need to compensate them. We work hard to select the best health insurance and benefits to keep costs down and give quality benefits, but some of the benefits costs are mandated.

The date of May 22, 2019 was selected to hold the meeting to adopt the Village Budget for the 2019-2020 fiscal year.
