We would love to work with you and are confident that we can offer value to you. Any possible opportunity to feature your name, logo and tag would be utilized to increase brand awareness. Think of this not so much as a sponsorship but more a "strategic community partnership" to create good will in the community, raise brand awareness, deliver your message, expand your customer base and retain current clientele. Your involvement enables us to raise funds necessary for sending our Michigan athletes to the National Golden Gloves Tournament and support our mission throughout the year.

If you do not find what suits you in these prepackaged involvement opportunities, let us know and we can meet and then work up a plan specifically to address your needs and goals.
