

**Join Me in Bringing True Conservative Values Back to House District 128!**

Dear Friends and Family:

I am excited to announce my candidacy for Texas State Representative in House District 128. This decision didn't come lightly; it stems from witnessing the ongoing neglect by career politicians more focused on serving elite systems than the constituents like you and me. The time is ripe for change, for a voice that genuinely represents our concerns, aspirations, and Real Conservative Values. That's where I aim to step in, with your invaluable support.

We've seen our current representation, led by House Representative Briscoe Cain, make decisions and alliances that don't align with our district's conservative principles. From questionable fundraising activities and misleading claims about legislative achievements, to the unwarranted attempt to impeach Attorney General Ken Paxton, it's clear that our district's needs are being sidestepped for political play.

But politics shouldn't be a game, especially when our children's education, our safety, property rights, and fundamental freedoms are at stake. That's why my campaign will focus on:

**Border Security:** We need definitive action, including closing the border, completing the wall, designating cartels as terrorist organizations, and enacting policies that ensure our safety and sovereignty.

**Human Trafficking:** We need to stop human trafficking. We need to work with advocates and law enforcement and introduce bills with stricter penalties that will hold traffickers accountable and work on getting victims services that are needed.

**Education:** It's high time we pass school choice in Texas and provide parents the authority to make educational decisions for their children, free from government overreach.

**Infrastructure Issues:** From fixing our energy grid to preventing catastrophic flooding and addressing overpriced home insurance rates, our district needs focused attention and effective solutions.

**Parental Rights:** I stand for medical freedom and the rights of parents to make informed decisions about their children's health, education, and wellbeing.

**Accountable Governance:** One of my first actions will be to introduce legislation for term limits because serving the public should be an honor, not a lifelong career.

My pledge to you, to our district, is simple: I will be your voice, your representative who listens, and your conservative champion in the truest sense. I believe in team-building, problem-solving, and working cohesively with local leaders to bring about real, tangible change to improve the quality of life in HD128.

However, this journey, filled with challenges and battles, cannot be embarked upon alone. I need you by my side. Your support, your counsel, your enthusiasm, and your vote are the fuel that will drive this campaign forward. Together, we can usher in the leadership our district deserves.

Please join me in this vital cause. Whether it's volunteering, spreading the word, or contributing to the campaign, your involvement is the cornerstone of this movement. You can learn more about my mission and how you can help at [Bianca for Texas | Influencer Grassroot Activist](#).

Thank you for being a beacon of support and for believing in a future where our representatives truly represent us. I am excited about what we can accomplish together for House District 128 and for the great state of Texas.

In service and gratitude,
