

# Also visit the War Memorial Civic Center!

The DeRidder USO is the first off-post building built for and used exclusively by the United Service Organizations (USO) during World War II. The building, which is located at the corner of La. 27 and 7th Street in DeRidder, is now used as a Civic Center. It houses an interesting collection of military memorabilia and is open to the public. Meeting rooms are available.

The 75th Anniversary of D-Day
