IDSeal Pro-Tec takes a proactive approach to prevent identity theft by protecting your employees' personal devices with a 24/7 virtual security perimeter that keeps their important data safe. Pro-Tec is a first-of-its-kind personal privacy suite. It provides login and document encryption, greater password security across devices, safe browsing with real-time alerts, VPN for protection on public Wi-Fi networks, and Antivirus protection. Even if your employee's devices are lost or stolen, thieves cannot steal their data.

IDSeal does not monitor the activities of all financial institutions, or all activities of any particular financial institution. Review the IDSeal Terms & Conditions for specific details regarding IDSeal services.
