NVH Studio Pricing Guidelines 2021

Over the years of offering extensions, NVH Studio has grown into a very successful, fast-paced environment, which I am grateful for every day. I want to thank all my loyal clients for the continued love and support you've provided. After numerous meetings with my accountant, I've been informed that I'm not profiting from all of my hard work.

Here are the main reasons why:

1. Cost of supplies
2. Increase in cost of hair/shipping
3. Not charging taxes

After reviewing my expenses, time spent providing services, and taxes being paid, I'm working many hours that are financially unaccounted for. As a result, I've made the decision to change my pricing format, which is fair and compatible with other professionals in the industry. It will allow me to continue operating and doing what I love, but also give me the ability to provide financial support for my family and further develop my business.

Today, your services will remain same, but please note the following price changes going forward:

- 20" Nanolink Extensions \$78/bundle plus tax
- 26" Nanolink Extensions \$90/bundle plus tax
- Removal \$60-\$80 plus tax
- 6-10 week Maintenance \$50/pk plus tax. NOTE: tangling/matting/past 10 weeks additional fees
- Custom Cut \$30 plus tax
- Custom Style \$30 plus tax

Thank you for your understanding and continued support.

Shannon Masojc
