

Cherry Hills Home Owners Association

September 9, 2018

Present

Kenny & Lori Longfritz, Jarrod Cutshall, Anita & Allen Benton, Tony Wallace, James Lopez, Bill & Melanie Morse, Nick Riesedorfer

Web-Site

Kenny is looking into this, trying to get a website through Go-Daddy. It was suggested that we look at Visionary Communications. Bill Morse said that Go-Daddy was simply a venue to get a web site, not actually host the web site. Bill, said that he has a website that is hosted with a group that was originally here in Cheyenne, and then was moved to Riverton. He said that the development platform was called Concrete 5 Platform. The intent is to put the Newsletter and the Meeting minutes up on the website. The newsletter can go up on Facebook.

Annual Meeting

The annual meeting will be November 27th at 6:00.

We are going to ask Jason Caughey to be present for the cistern final reading

Jarrod suggested that we get a Highway Patrol Public affairs officer to speak at our annual meeting. The intent is to discuss our roads and the type of zone that they are considered when issuing penalties. It was also suggested that the PAO officers could address ATV's and Motorcycles within our subdivision as well.

News Letter

We need to put together a newsletter, need to include ballots for the cistern. This ballot needs to be the same format as the chicken ballot, and be included with the invoices. We want the ballots to be returned to us by the 21st of October. Remember that we have in kind donations of land, p-Gravel, and groundwork. The land will be considered an Easement

Sign Damage

Anita will call sign pro to mend our signs, both sides of the US 30 Entry.

Neighborhood update

We have 6 new people in the neighborhood. 46 of 60 residences have paid 2018 dues. Discussion on the \$25.00 gift card as a welcome gift.
