\*Daily Value not established.

- ☪ Supports detoxification through binding to toxins\*
- ☪ Balances intestinal microbes\*
- ☪ Improves digestion\*

\* These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure or prevent any disease.

Toxin defense's binder includes Shilajit extract containing medium chain carbon, which is less likely to cause constipation compared to long chain carbon typically used in other binders.

Purified clinoptilolite from zeolite and beet fiber help bind mycotoxins and prevent bile acid recycling respectively. Chlorella and probiotics are added for binding certain metals and improving gut function.

Toxin defense is an effective and well-tolerated binder for detoxification.
