Soothing Salves For Baby, Peace Of Mind For Parents

www.DimpleskinsNaturals.com

100% Natural Baby Products

Founded in 2002

Jen Casey
Founder, Dimpleskins Naturals

Dimpleskins Naturals products were founded in 2002 by a mom of 2, Nutritionist. At the time, she could not find products natural and clean enough for her baby's delicate skin, so she created her own products from her kitchen.

Over two decades later, Dimpleskins Naturals products are still made using the original, effective formulas, and are trusted by moms across Canada.

Real Reviews

It's safe to say that Dimpleskins Naturals' products are eco-friendly. And while that's incredibly important, it's also important that they work — and they do. Really, really well!

-People Magazine

Buy one for the diaper bag, one for at home and one for everyone you know expecting because it is THAT good! I mean it.

-Kylie, Chickadvisor.com

I LOVE this product. We've tried a number of other diaper balms suitable for cloth diapers (Angel Baby Bottom, LuSa Booty Balm, etc) and this one is by far my favorite.

-Sarah, customer review

This stuff is AMAZING! Used for 3 kids from birth 12 years ago and still have it on the counter. Great for bums, scrapes, bites, even rough cuticles in the winter

-Jennifer R., customer review

I adore Dimpleskins Boo Boo Goo! My little lady tumbled pretty hard a few weeks ago and I massaged it into her knees. The dry and cracked skin was softening and looking much better the next time I took a look.

-Andrea, customer review

I use (Sweet Cheeks) for lips, cheeks, hands... I love what is in it and especially the many ingredients that are not! I appreciate the sweet, natural smell. It is a good barrier, especially in cold and wind.

-Cara, customer review
