RE: STEP System

Dear Legacy Shores Property Owners Association,

This letter is to formally confirm that all remaining lots within the Legacy Shores Subdivision are to utilize the STEP system as recommended and approved by the Legacy Shores POA for sewer service.

We appreciate the POA's efforts in establishing consistent and reliable infrastructure standards within the community. This decision supports the continued orderly development of the subdivision and helps ensure compatibility with the existing sewer system.

Should you have any questions or require additional information, please do not hesitate to contact our office.

Sincerely,

David Wiggins
Public Works Director
