

Harold Thompson
Senior Vice President (2004-2023)
Vice President (1992-2004)
Metzger Construction Company

To whom this may concern,

I am writing today to highly recommend Jose Diaz and Concrete Construction Solutions, LLC be given the opportunity to earn and eventually be your favored concrete construction company. I know Jose to be dependable, honest, responsible and professional throughout his 25-year career with Metzger. Our clients that know Jose want him on their next project. Jose is a hard-working team player that always goes above and beyond to get the job done, whatever it takes.

Jose was with Metzger from 1998 to 2023. During 14 of those years 1998 to 2011 MCC performed our own concrete work where he quickly went from the concrete crew to a field engineer in charge of project layout, line and grade and then moved up to project superintendent where he became one of our best (and we had some very good one's).

Jose gained experience and knowledge of the everyday intricacies and demands required to successfully run a concrete company. His extensive professional experience and interactions with clients, engineers and subcontractors and hard work over the years with Metzger prepared him to outperform the best in concrete construction.

In the Houston and surrounding market.

Sincerely,

Harold Thompson
