

FEDERAL VENDOR

CMMC; are you Ready?

We safeguard your USA Federal Contracts.

CYBERSECURITY more than ever a must to meet federal contracting requirements.

CMMC Rule (32 CFR Part 170; DFAR 252.204-7012) mandates DoD Vendors, Prime Contractors and Subcontractors, to adopt security administrative, technical, and physical controls for safeguarding Controlled Unclassified Information (CUI). **FAR 52.204-21** applies to federal contracts where the contractor's information systems process, store, or transmit **Federal Contract Information (FCI)**.
