*A Designated Yard Space for your Dog(s)  
to do their business!*

My name is Bill Wilson, I've been a Connecticut resident and businessman for over four decades, which is why everyone knows me as "Wilson on Wheels!".

Now, my wife and I love our dogs but we don't always love getting up at 5am or the middle of the night to take them for a walk in bad weather when they need to go outside.

Well, one very cold winter not long ago I threw my jack on and ran my little guy Jack out back so he could pee. He literally took two steps into the backyard, did his business and we ran back inside, both of us happy to be warm.

But when I was lying in bed I thought, "Wait a minute - I should just make him his own little area to use, that's all he needs!".

And that, is how Pooch Patio! got its start.

# What's a Pooch Patio!

Pooch Patios is CT's premier, customizable anywhere, outside dog run.

Let's face it, we love our furry best friends - but we don't always have the time to make sure they get all the outdoor time they need.

Pooch Patios is a built to "you and your dog's needs", fully custom, outside play/pee area dedicated to your outdoor friends.

## How Does It Work?

We meet with you and assess an area on your property where you'd like to have your Pooch Patio - including the shape (ex: 5x5 square, 5x25 rectangle, you tell us, we'll build it!).

We clear away the top 2" of dirt, rocks and debris from the area, then lay down an ultra durable, landscape fabric. The fabrics laid down in a "crisscross" weave to prevent the intrusion of any undergrowth - no weeds can poke through!

We then cover the entire area with 3 inches of polished pea stone (easy to clean, soft on paws!).

Finally, we build a handsome, wooden-slat fence, secured by in-ground posts, to secure and enclose, the entire Pooch Patios!

Your loyal friends now have safe, secure access to a fully enclosed, "pee/play" area, 24/7.

# Why Get A Pooch Patio!

- No more early a.m. / late p.m. "pee walks"
- No more walks in bad weather!
- Access to a safe, play and run area.
- Ensures your dogs get plenty of exercise.
- No more wear and tear on your lawns.
- After using, simply hose down the pea stone - it stays clean and scent free!

*Jack, Wynter, Bella and Dakota love thier Pooch Patio!*

# How Do I Get Started?

That's easy, just call me.

The first thing I'll do is schedule a free 15 to 30 minute consultation at your residence. I'll meet your furry friends, you'll tell me what their needs are and then we'll look at your outdoor space.

Really, the sky's the limit - depending on how much room you want to dedicated to your Pooch Patio! We can build everything from a small dog 5x5 "Little Business" outdoor space to a larger run based on your dog breed and its daily, outdoor needs.
